Report of Audit

Louisville, Kentucky, July 9, 1959

Mr. Theodore A. Sanford, Secretary & Treasurer
Kentucky High School Athletic Association
Lexington, Kentucky

Dear Sir:

Pursuant to instructions received, we have made an audit of the books and records of the Kentucky High School Athletic Association for the period of one year beginning July 1, 1958, and ending June 30, 1959. In addition we have prepared and attached hereto, statements of the Receipts and Disbursements, which in our opinion, reflect the true financial condition of the Association as of June 30, 1959.

The Cash Funds on Hand and U. S. Savings Bonds Accounts were found to be correct and verified by letter from your depositories.

We find records presented to us for the purpose of audit to be in agreement and in good condition.

Respectfully submitted,
JOHNSON-FOWLER & COMPANY

*From the Commissioner's Office***Football Clinics**

The 1959 clinics for football officials will be conducted by Athletic Director Edgar McNabb, Assistant Principal of the Beechwood High School, South Fort Mitchell. Mr. McNabb has been the K. H. S. A. A. representative on the National Federation Football Committee for several years. The dates and sites of the clinics are as follows: August 16, Ashland Y. M. C. A., 8:00 P. M. (EST); August 17, Pikeville High School, 8:00 P. M. (EST); August 18, Bell High School, Pineville, 8:00 P. M. (EST); August 23, Bowling Green High School, 8:00 P. M. (CST); August 24, Henderson High School, 8:00 P. M. (CDT); August 25, Mayfield High School, 8:00 P. M. (CST); August 30, Newport High School, 8:00 P. M. (EST); August 31, University High School, Lexington, 8:00 P. M. (CDT); September 1, Kentucky Hotel, Louisville, 8:00 P. M. (CDT).

Registration of Officials

Football and basketball officials previously registered have received their renewal application cards for the 1959-60 school year. Approximately one hundred officials failed to file their 1958-1959 reports on or before the deadline set by the Board of Control for the submitting of reports, and it was necessary to impose fines on these officials who failed to comply with Association rules. It is an Association requirement that each registered official attend the clinic in the sport in which he is registered. Twenty-eight football officials and eighty-eight basketball officials were suspended in 1958-59 for failure to attend clinics.

Acree Austin

IN MEMORIAM

Acree Austin, Vice-President of Mayfield's Liberty Savings Bank, former clerk of the state's highest court, and prominent official in K.H.S.A.A. sports, died in Mayfield on May 4 from complications which followed an operation. Mr. Austin, who was affectionately known as "Spurg" to hosts of school people and other friends, had been public-address-system announcer at the state high school basketball tournaments for the past twelve years. He was stricken on the last day of the tournament in March at Lexington.

Mr. Austin, who was born in Paducah, attended high school at Boaz and at Mayfield. After graduation from Murray State College, where he majored in physical education, he taught at Symsonia. In 1935 he married Miss Irene Collier, also a teacher. They had two children.

Once Mr. Austin served as finance director of the National Youth Administration in Kentucky, supervisor of the agricultural census in the First Congressional District, and assistant to the intelligence officer at the Kentucky Ordnance Works. He was known in Western Kentucky for his work during many years as a basketball and football referee, and for promotion of an annual basketball game for the benefit of crippled children. He had been general manager of the Mayfield baseball team in the old Kitty League, athletic director for a Mayfield clothing firm, and recreation director for the old Works Progress Administration in Kentucky. He was Clerk of the State Court of Appeals during the 1952-56 period, after serving four years as circuit clerk in Graves County.

Bill Powell, in a moving editorial which appeared in the Paducah Sun-Democrat, said of Acree Austin:

"Men are hard to measure; you can't always tell what they were by what they built or wrote or painted or carved. Social and economic marks don't mean much either.

"Some men make the grade who shouldn't;

others fall by the wayside when they should rise high. Personalities, too, are confusing, and so are most of the other measurements of men and women.

"But there is one sure way you can tell what a man was. That is by the number of friends he had.

"By this measure, Acree Austin stood far above most people. Acree, who died this week at the age of 50, made and kept an incredible host of good friends who sought him out while he lived and sorrowed when he died. * * *

"At his peak Western Kentucky never had a better basketball official. Acree Austin gave the game some kind of unusual dignity, and he gave the boys respect for themselves and for the rules they were supposed to follow.

"It was some kind of pleasure to be bawled out on the court by Acree Austin. He made me feel important instead of embarrassed or little. But he let me and all the others know that it was follow his instructions or watch the game from the stands. * * *

"Acree never lost his interest in athletics and was in charge of the public address system at the state basketball tournament every year. He got sick during the 1959 tournament and never recovered.

"The state tournament will miss the strong, yet high-pitched, voice of 'Spaghetti' Austin."

MINUTES OF BOARD MEETING

The Board of Control of the Kentucky High School Athletic Association met at the Beechwood High School, South Fort Mitchell, Kentucky, on Friday morning, July 31, 1959. The meeting was called to order by President Russell Williamson at 9:30, with all Board members, Commissioner Theo. A. Sanford, and Assistant Commissioner J. B. Mansfield present.

Jack Dawson moved, seconded by Louis Litchfield, that the reading of the minutes of the April 17th meeting be waived, since the members of the Board had received copies of these minutes. The motion was carried unanimously.

The Commissioner made a report to the Board on the receipts and disbursements of the K.H.S.A.A. and K.H.S.A.A. Protection Fund for the year 1958-59. He presented copies of the audit, recently prepared by the Johnson-Fowler Company of Louisville. Total funds on hand June 30, 1959, were reported as being \$79,530.70. He stated that a complete break down on receipts and expenses would appear in a forthcoming issue of the magazine. He then presented a proposed K.H.S.A.A. budget for the year 1959-60 with estimated receipts of \$105,920.00 and estimated disbursements of \$104,710.00. There was general discussion of the various budget items. W. B. Jones moved, seconded by Jack Dawson, that the report of the Commissioner be accepted and approved; and that the 1959-1960 K.H.S.A.A. budget be adopted as presented. The motion was carried unanimously.

K. G. Gillaspie and Robert P. Forsythe gave reports on the annual meeting of the National Federally adopted by the Board of Control. He further on June 28 - July 2, 1959.

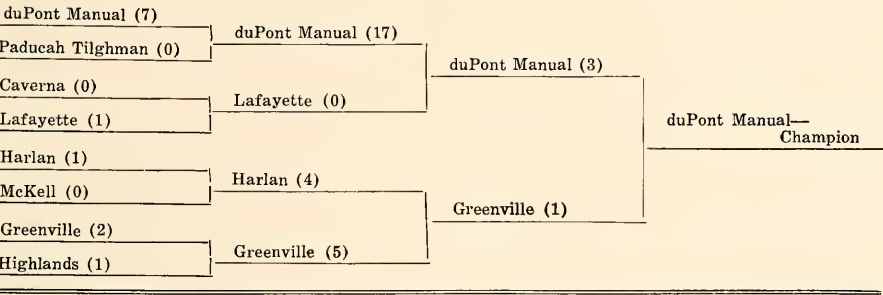

The Commissioner stated that plans were moving along for the holding of the first K.H.S.A.A. football championships, scheduled for the forthcoming 1959 season. He stated that schools had been assigned to their classes and regions, and that he would put into effect the various regulations for determining the champions in the three classes, previously adopted by the Board of Control. He further stated that a plan should be adopted to break a tie for a regional class championship if one should occur in the Dickinson System ratings. The Com-

MINUTES OF BOARD MEETING—

(Continued from Page Four)

mmissioner said that he and Mr. Mansfield had studied the Alabama plan for determining championships, and he recommended that the point system of the Alabama plan be used in Kentucky to break a tie if one should occur in the Dickinson ratings. W. H. Crowds moved, seconded by Jack Dawson, that the recommendation of the Commissioner concerning the adoption of the Alabama plan for the breaking of a Dickinson System tie be accepted. The motion was carried unanimously.

The Commissioner stated that the Insurance Committee had presented three commercial insurance plans, which might be recommended to the K.H.S.A.A. member schools, at the April meeting of the Board. He stated that the Committee wished to present the plans of three additional commercial companies, which might be recommended to member schools of the Association. These plans were made available by the following: Kentucky Central Life and Accident Insurance Company, presented by the Kingden Company of Lexington; the John T. Muncey Company of Lexington; and Mutual of Omaha, Nebraska. K. G. Gillaspie moved, seconded by Jack Dawson, that the three insurance plans presented by the Commissioner and the insurance committee be recommended to Association member schools by the Board of Control. The motion was carried unanimously.

W. H. Crowds moved, seconded by Louis Litchfield, that the trophy committee be authorized to select new district and regional basketball trophies for 1960, and to advertise for and accept bids for these trophies. The motion was carried unanimously.

The Commissioner presented a re-districting plan which he, upon authorization of President Williamson, had presented to the principals of the 16th region. He stated that the majority of the school men polled favored the proposed plan, but that several thought that the changes suggested in the district lines would be unsatisfactory. W. B. Jones moved, seconded by K. G. Gillaspie, that the proposed re-districting plan for region 16 not be put into effect for 1959-60 but that the schools be notified that, unless a plan is submitted to the Board of Control which appears to be better than the one presented, this plan will probably be adopted for the school year 1960-61. The motion was carried unanimously.

W. H. Crowds moved, seconded by Robert P. Forsythe, that the next meeting of the Board of Control be held in Lexington on October 17, 1959. The motion was carried unanimously.

Cecil A. Thornton moved, seconded by W. B. Jones, that all bills of the Association for the period beginning April 17, 1959, and ending July 30, 1959, be allowed. The motion was carried unanimously.

The Board was then called to order in its capacity as the Board of Directors of the K.H.S.A.A. Protection Fund. Secretary-Treasurer Sanford presented the list of claims which had been paid by the Protection Fund since April 17, 1959, the total amount of these claims being \$6,323.40. W. H. Crowds moved, seconded by K. G. Gillaspie, that the claims presented by the Secretary-Treasurer of the Protection Fund be allowed. The motion was carried unanimously.

There being no further business, the meeting adjourned.

MAYFIELD, KENTUCKY

July 23, 1959

Dear Friends:

We want to take this opportunity to thank the many friends of the late William S. "Bill" Hunt for their messages and the expressions of sympathy on his death July 5, 1959.

Be assured that his family and the staff of Hunt's Athletic Goods,, Inc., do appreciate these words more than you know.

Bill was a friend to many but especially he counted among his friends the school officials and coaches of the State of Kentucky. To them he was always grateful and for them he was always working.

It is our plan here at Hunt's to carry on in the very best possible way, and we think this very best possible way would be to offer the same type of service and personal attention which characterized our business from its beginning in 1919 to the present day.

We want to assure you that we are always at your service and will be looking forward to an opportunity to serve you when your needs for athletic or sporting equipment shall arise.

Again thank you for your many favors in the past, and let us hear from you in the future for that wonderful Hunt's service.

Very truly yours,

HUNT'S ATHLETIC GOODS CO., INC.

Football Officials Meet at Lexington

(Left to Right) Front Row: Fred Creasey, West Kentucky Athletic Conference, Sebree; Bill Gammon, Northeastern Kentucky Football Officials Association, Ashland; Dave Longenecker, Metropolitan Football Officials Association, Louisville; Tom Carroll, Falls Cities Football Officials Association, Louisville. Second row: Don Sullivan, Prestonsburg; Ralph Mussman, Northern Kentucky Conference Officials Association, Newport; Kean Jenkins, Mid-Kentucky Football Officials Association, Elizabethtown; Clinic Director Edgar McNabb, Fort Mitchell.

The Kentucky High School Athletic Association conducted a two-day meeting for football officials on August 14-15 in Lexington. Officials from various sections of the state were in attendance. These men will be available for meetings and clinics throughout the forthcoming season, and will assist in the registration of new officials.

Edgar McNabb, Assistant Principal and Athletic Director of the Beechwood High School, South Fort Mitchell, was director of the School. Mr. McNabb, currently Kentucky's voting delegate on the National Federation Football Committee, is also directing the 1959 football clinics for officials and coaches.

The three sessions included the following:

Selection of officials for the All Star game

Report on the National Federation Rules Meetings

Discussion of rules changes for 1959

Roundtable discussion on uniform and consistent officiating

Study and discussion of the use of signals

Duties and positions of officials on various plays and situations

Roundtable review, summarizing the practical points as to game procedure and mechanics that will aid in more consistent and uniform officiating in Kentucky

The group made the following recommendations, which were approved by the Commissioner, and asked that they be publicized:

1. All schools should have a capable chain and box crew available before game time. The members of the crew should be present early enough for instructions from officials.
2. Although the rules book does not mention that officials should warn teams at half-time, it is good procedure, and they are expected to do so.

Early Season Football Questions

Editor's Note: These rulings do not set aside or modify any rule. They are interpretations on some of the early season situations which have been presented.

Installation I

1. Play: R1 returns K's punt to K's 15 yardline where he fumbles and K, in attempting to recover: (a) inadvertently and unintentionally; or (b) intentionally kicks the fumble out-of-bounds on the 10 yardline.

Ruling: In (a) it will be 1st and 10 for R at the inbounds spot on K's 10 yardline. In (b) it will be 1st down for R on K's 7½ yardline.

2. Play: Team A furnishes a tan ball with white stripes. Team B desires to use a white ball with black stripes when it snaps or free kicks.

Ruling: Unless both teams agree to B's use of the white ball the tan one must be used.

3. Play: To what does "type" of ball in 1-3-1 refer? Does it include color?

Ruling: No. "Type" in 1-3-1 refers principally to the kind of cover, i.e., composition, leather or rubber. "Type" may also refer to the texture of the cover—one "type" being considered more "tacky" than a second "type." An approved type is one which satisfies the rules specifications regarding construction, design, shape and weight when inflated as required. 1-3-1 makes no reference to color of the ball.

4. Play: Substitute A1 carries written instructions or a diagram out on the field to be used by his teammates.

Ruling: Coaching from the sidelines.

5. Play: After a kick-off ready-for-play signal has been given, A4 steps off the field to get a new chin strap. Coach or other attendant hands it to him and then A4: (a) returns to the field within 25 seconds and before the kick is made; or (b) remains off the field for 25 seconds or more during which the kick is not made; or (c) remains off the field during the free-kick down.

Ruling: In (a) there is no violation. In (b) A4 has committed a foul by delaying the free-kick and in (c) there is no violation unless A4 enters the field of play during the live ball and he then touches the ball or touches or hinders an opponent (in which case he has participated illegally).

6. Play: 3rd and 10 on: (a) B's 30; or (b) B's 10. A1 throws legal forward pass. B1 interferes with end A2 on B's 1. The interference by B1 is also unsportsmanlike.

Ruling: Penalty is 15 yards for the interference and an additional 15 yards for the unsportsmanlike phase of the act. While both penalties are for one act, the two penalties are administered separately. In (a), first penalty takes ball to B's 15; the second penalty to B's 7½ (half the remaining distance). In (b), the first penalty takes ball to B's 5; second

penalty to B's 2½.

Comment: Since the two penalties above are for a single act and since this is the only type of foul that permits an extension of the original penalty, it is not considered to be a multiple foul situation with the offended team being offered a choice.

7. Play: While forward pass from A1 is in flight, B1 interferes with end A2 by waving hands and arms in front of his eyes. Before pass ends, B1 or B2 also commits forward pass interference which is unsportsmanlike.

Ruling: Multiple foul. Team A will, of course, choose the penalty for the second foul since it includes the additional 15-yard penalty.

8. Play: The score is Team A-13 and Team B-12. Team B has scored both touchdowns by punt returns. As the 4th quarter is about to end, Team A is forced to punt. During the kick time expires. Team A commits fair catch interference by: (a) catching the kick in flight beyond the expanded neutral zone; or (b) preventing B1 from catching it by illegally interfering.

Ruling: The game is over when the ball becomes dead. The fouls in both (a) and (b) have been by the Offense, and therefore the 4th period cannot be extended by an untimed down.

9. Play: Visiting team coach protests the intended use of a field clock.

Ruling: A field clock may be used as the official time-piece without the agreement of coaches.

10. Play: 3rd and 10 on A's 45. A1 receives the snap on his 35 and throws a backward pass toward A2 who, while on his 30, bats it forward and out-of-bounds on: (a) A's 40; or (b) the 50 yardline.

Ruling: Illegal batting in both (a) and (b). If the penalty is accepted in (a) or (b) it will be 3rd and 40 on A on his 15.

11. Play: While clock is: (a) running; or (b) stopped, A1 requests and receives from his bench, a chin strap. Without assistance from an attendant or without delay, A1 with the help of a teammate or Official, quickly attaches it to his helmet.

Ruling: There has been no infraction. If the clock has been stopped for the repair of equipment of A1 and there has been no charged time-out during the dead ball period, it will be an Official's time-out in (b).

12. Play: Substitute A12 brings a kicking tee into the game. Prior to the snap for the succeeding down, it is placed on the ground. During the down (a) it is, or (b) is not used for a place-kick.

Ruling: There has been no foul in either (a) or (b).

13. Play: While the clock is running, A1 on the field: (a) requests; or (b) does not request from his bench that they toss him a kicking tee. The tee is given A1 in both (a) and (b).

Use of Registered Officials

Lists of registered football and basketball officials appear in this issue of the ATHLETE. Principals and coaches should study the current lists to determine whether or not all officials with whom contracts have been signed have registered this fall. Supplementary lists of officials will appear in subsequent issues of the magazine. By-Law 22 provides that member schools shall use registered officials in all football and basketball games, and the failure to comply with this regulation makes the home school liable for suspension. If there is any question about registration, the official should be asked to present his card.

Hayden C. Parker

IN MEMORIAM

Hayden C. Parker, principal of Olive Hill Schools since 1945, died in his sleep at his home near Olive Hill on August 13, 1959. Death was attributed to a heart attack.

Mr. Parker was born on October 29, 1910. In 1929 he married Miss Myrtle Jessee, and to this union two daughters were born.

A graduate of Morehead State College, Mr. Parker taught one year in Carter elementary schools and was principal of Carter Schools for three years prior to coming to Olive Hill. He had been active in the Carter County educational program for twenty-four years.

Mr. Parker was intensely interested in athletics as an educational agency, and he attended state basketball tournaments for many years, being especially gratified at the showing made by his teams during the years when they were regional winners. Following are excerpts taken from an article which appeared in the Carter County Herald:

"He had through rigid discipline and attention to all details, made the local school one of the best in Eastern Kentucky. He was liked by school children of all ages, their parents, and the teaching staff under him.

"No greater tribute could be paid any man than was paid Hayden Parker this morning by the tear-dimmed eyes and haltingly spoken words of regret as news of his passing flashed from person to person as they met on city streets or places of business.

"The entire community was shocked when word was flashed that Hayden Parker was dead. Only last evening he had visited and joked with his friends and had returned to his home in apparent good health."

School for Basketball Officials

The eleventh annual School for Basketball Officials was held on August 16-17 at the Phoenix Hotel, Lexington. The school was directed by State Clinic Director Charlie Vettiner.

Pictured on the cover of the **ATHLETE** are the officials representing fifteen of the sixteen basketball regions. Elmo Head, who attended the School as a representative of Region 8, was not present when the picture was made. The services of these men will be available at K.H.S.A.A. member schools throughout the forthcoming season. They will conduct additional clinics for officials, coaches, and players, and will assist beginning officials in registration. It is urged that the services of the regional representatives be used by Association members.

Attention, Sponsors and Cheerleaders!

The Kentucky Association of Pep Organization Sponsors (KAPOS) and the Department of Extended Programs at the University of Kentucky will sponsor a clinic on Saturday, September 19, for cheerleaders and their sponsors. Those interested should plan now to attend the clinic on the University of Kentucky campus, and to take advantage of this opportunity to learn yells, skits, stunts, and other phases of cheerleading. Mr. Lawrence Herkimer, Executive Secretary of the National Cheerleaders Association, is returning by popular demand to lead the clinic. He is considered a national authority in this line of work.

All sponsors are invited to be the guest of the U. K. Athletic Association for lunch. The attendance at the luncheon meeting was disappointing last year. It is possible that it was not made clear that those attending were to be guests of the University. Mr. Herkimer will be present at the luncheon this year (12:00-1:30), and he will be available to answer questions and help solve problems. Plans are being made to have a style show displaying the latest fashions in cheerleading supplies. It is necessary that advance reservations be made for the luncheon, and it is requested that a card be mailed to Cheerleader Clinic, Extended Programs, University of Kentucky, stating the number of cheerleaders being brought to the clinic and whether or not the sponsor will attend the luncheon.

Each principal of a K.H.S.A.A. member school has received a letter, giving the details of the clinic.

The Date	September 19
The Time	8:30-4:00
Registration Fee.....	\$2.00 per person

Football Examination

Part II of the National Federation Football Examination for Officials will be given in Kentucky on Monday, October 5. An official who has been registered for at least one year prior to the current season is eligible to take the examination and work for a higher rating. Officials who hold the "approved" rating in football are required to make a minimum percentage grade of 80 in order to maintain this rating from year to year. Officials who hold the "certified" rating keep this rating by attending one or more clinics each year. Eligible officials who wish to take the test should write the state office.

National Federation Annual Meeting

The 40th annual meeting of the National Federation of State High School Athletic Associations was held at the Castle in the Clouds, Lookout Mountain, Tennessee, on June 28-July 2, 1959. Forty-two State Associations, Washington, D. C., and Hawaii, in addition to affiliate Associations of Ontario and Saskatchewan, Canada were represented. Fifty-nine State Executive Officers or Assistant Executive Officers, forty-nine State Association Board of Control Officers and seventy-one additional Board Members attended. Several National Associations, including the National Association of Intercollegiate Athletics, the National Junior College Athletic Association, the American Junior Bowling Congress and the American Association for Health, Physical Education and Recreation were also represented. The total individual attendance was 530.

The K.H.S.A.A. was represented by Vice-President Louis Litchfield; Directors Robert P. Forsythe, K. G. Gillaspie, and Cecil A. Thornton; and Commissioner Theo. A. Sanford.

Speakers and others who had an active part in the program, included many of the State Executive Officers and Board of Control Officers or members. Among the many excellent presentations were those made by Dr. LAWRENCE DERTHICK, United States Commissioner of Education, Washington, D. C.; DON FAUROT, Athletic Director of the University of Missouri; MILTON RAYMER, American Junior Bowling Congress; DR. ELLSWORTH TOMPKINS, National Association of Secondary-School Principals, Washington, D. C.; H. V. PORTER, National Federation Secretary Emeritus; DR. SAM VENABLE, Dean of School of Physical Education, University of Tennessee, Knoxville; JOSEPH COOKSON, Administrative Secretary, Babe Ruth League, Inc., Philadelphia, Pennsylvania; CHARLES A. SEMLER, Past-President, National Federation, Benton Harbor, Michigan; and EDGAR ALLEN, Sports Department, Nashville Banner, Nashville, Tennessee. Innumerable excellent, brief reports were made by others.

General sessions were held Sunday and Monday evenings. Combined sessions met on Monday and Wednesday mornings. On Monday afternoon the Board of Control Members and Executive Officers met in separate sessions. Tuesday morning the Non-Athletic Group met as did those interested particularly in Athletic Committee and rules reports. Wednesday afternoon five workshop sessions, grouped on the basis of interests met simultaneously. Tuesday evening was devoted to a banquet honoring the Secretary Emeritus and his wife, MR. AND MRS. H. V. PORTER, and Wednesday evening the 40th Annual Session of the National Council was conducted.

The Emeritus Secretary and his wife, MR. AND MRS. H. V. PORTER were guests of honor Tuesday evening at a fine banquet. The overflow crowd attending the event expressed their sincere appreciation to Mr. Porter for his many years of outstanding service as leader of the National Federation. An outstanding address as a tribute to Mr. Porter by Past National Federation President CHARLES SEMLER summarized the great number of contributions Mr. Porter had made to the inter-

The Flying Dutchman

As the Dutchman writes this first column of the new athletic year he is high in the air riding an Ozarks Airliner to Paducah. Big things are scheduled recreationally in the "Land of Cobb."

Joe Mitchell, Paducah Sun Democrat Promotion Director, Sherley Dunn, Ray Greenman, the Community Chest and the Chamber of Commerce are leading Paducah's citizens in a drive to organize the best recreation program in the Commonwealth in that Pennyryle paradise. They have called the Dutchman in as a recreation consultant.

The eyes of Kentucky are focused on recreation ventures. Bill Nau, popular man-about-town in Barbourville and sports official par-excellence, has been handed a recreation budget by the City of Barbourville and told to put a "City Recreation Show on The Road." Bill has the drive and knowledge to produce.

So it is that the first Corn Cob Pipe of Honor for this season goes to debonair Bill Nau for unselfish service to kids. Everything Bill has planned calls for self-sacrifice for youngsters to keep them wholesomely occupied in their leisure hours. The award could no go to a nicer "guy".

Kentucky's school boy sports program is fine and serves a lofty purpose during the school year, but it only provides sports activity for three fourths of the year. Kentucky's youngsters, both boys and girls, need a continuing recreation program the year-round. Such a program must involve other recreation besides athletics. Study this fact, "If everybody in the United States wanting only athletics for recreation were taken care of we would provide for the needs of only 22% of our population."

This is the reason the Dutchman agreed to serve as Chairman of President Eisenhower's White House Study Committee on Recreation in Kentucky. All of Kentucky's coaches, who have not yet returned your questionnaires on your county's recreation, should do so now.

All coaches have been asked by the White House Study Committee on Recreation to survey locally to determine (1) What Kentucky Has Recreationally, (2) What Kentucky Needs Recreationally, (3) How Kentucky Can Satisfy Its Needs. Johnny Crowder of the Board of Control of the Kentucky High School Athletic Association is helping with this study.

The Dutchman

Russ Williamson has done it again. The personable gentleman is now president of the Deposit Bank of Inez which has recently opened. Already the Dutchman, whose headquarters are away off in Louisville, has a savings account there.

While Russ is going into banking, basketball officials Ralph Mussman and George Conley are going in for politics. Ralph is a "Shoo-in" as the next mayor of Newport, while George, who hails from Ashland, will be found in the State Senate the next time it convenes.

This year's School for Basketball Officials paid high tribute to the Commissioner and Assistant Commissioner for their interest in the improvement of sports officiating in Kentucky. Both Ted and Joe Billy were awarded engraved statuettes of basketball officials.

Centre College's Briscoe Inman and Hazard's Paul Wright added a lot to this year's School For Basketball Officials, held in Lexington in August. Briscoe is the "Life of the Party" and Paul is an "Anchor Man." Two swell fellows! They sold themselves to the fellows from the other fourteen regions. Briscoe looks like a quarter-back and Paul resembles Charles Atlas, but both are educators and referees.

Bowling Green's Jimmie Jenkins is about to enter the bonds of matrimony. This popular official has given much to sports. He deserves the happiness coming his way. Roy Settle of Owensboro again established him-

self as golfing champion of the Basketball School, with Elizabethtown's Kean Jenkins being the runner-up. Kean was also an official in the all-star football game. Ernie Chatin was back at the School after whipping a heart attack suffered last winter. Ernie has to go down in the book as one of "Kentucky's Noblemen."

Here's a summary of the two high points of this year's School For Basketball Officials (1) If you are a dribbler, don't charge that defensive man facing you; (2) If you are a Coach, stay on the bench.

See you at the clinics!

Injury Prevention Conference

The First Athletic Injury Prevention Conference on a state-wide basis was held on the University of Kentucky campus, Lexington, Kentucky, on August 12, 1959. This was the first day of the 1959 U. K. Coaching School. The conference was sponsored by the Kentucky State Medical Association, in cooperation with the Kentucky High School Athletic Association, the Kentucky Advisory School Health Council, and the University of Kentucky Athletic Association. Dr. Carroll L. Witten, Chairman of the K.S.M.A. Committee on School Health, presided at the meeting, which began at 1:45 P. M., when Dr. Witten called the group to order and gave the purpose of the meeting. Commissioner Ted Sanford gave the official welcome, and this was followed by a symposium moderated by Dr. Witten. The following talks were made: The Prevention and Recognition of Head and Brain Injuries—Paul J. Ross, M.D., Louisville; The Prevention and Recognition of Musculo-Skeletal Injuries—Charles F. Wood, M.D., Louisville; The Prevention and Recognition of Internal Injuries—John M. Moorhatch, M.D., Louisville.

There was a discussion period with audience participation at 3:00 P. M., with a short recess. This was followed by a symposium which U. K. Athletic Director Bernie Shively moderated. The following talks were made: Responsibility of the Coach—Joe Ohr, Principal and Coach, Irvine High School; Responsibility of the Trainer—John "Rusty" Payne, Trainer, University of Kentucky; Responsibility of the Physician—Owen B. Murphy, Jr., M.D., Lexington; Responsibility of the Athlete—Frank Ramsey, Boston Celtics, Madisonville. An interesting discussion period with audience participation followed the symposium.

The program was well received by the school administrators and coaches who attended the meeting. Dr. Witten stated that his organization hoped to make the conference an annual affair.

Delegate Assembly

Article IV, Section 2-b, of the K.H.S.A.A. Constitution provides that members to the Delegate Assembly at the annual meeting shall be elected by the principals of each basketball district on ballots distributed by the Commissioner before October 1 and returned on or before November 15. Delegates serve for a period of one year, beginning January 1 immediately following their election.

Responsibility of the Coach

By Joe Ohr

Editor's Note: Prin. Joe Ohr of the Irvine High School, Secretary-Treasurer of the Kentucky Coaches Association, was one of the speakers at the recent Athletic Injury Prevention Conference. This article gives the high points of Mr. Ohr's talk.

Contact sports in the schools of America are the result of public opinion and the complete fulfillment of the process of "education", that of teaching students to do better the things they are going to do anyway. As a teacher, coach or school administrator trying to justify a place for the athletic program, we can proudly point to the "learning situations" that the average program presents to each participant.

Well organized high school athletic programs help to teach young people moral and spiritual values, provide wholesome recreation, build vigor, and improve skills, strength, agility and endurance. Athletics also provide an excellent means of teaching the values of competition and cooperation. However, in reaching these values a coach must never allow the fun to be taken out of athletics nor cause the neglect of the basic safeguards of health.

The coach of today has three direct responsibilities: (1) to the participant, (2) to the parents, (3) to himself.

As the direct responsibility of the coach to the player, the coach would be derelict in his duties if he did not demand that the individual athlete have a complete physical examination before reporting for practice. This examination can be made by the team physician or the family doctor.

It is the responsibility of the coach to see that the player has a minimum of two weeks practice. Here in Kentucky, three weeks of practice must be conducted before a football game can be played and an individual player must have minimum of ten practice sessions before he can become a participant.

The coach in his responsibility to the player should be prepared to recognize and properly refer injuries to the appropriate medical or dental personnel. The coach should be well versed in first aid, so as to make the player comfortable until the proper medical person can take over the case. Actually, every player should be taught first aid. The player should be informed that the games in which he is to participate will take place with teams of comparable abilities and that the practice

and playing seasons will be of reasonable duration.

A coach has under his direction the most highly prized possession of a family, their child, and regardless of age or size, that is what he is, and the parents have every reason to expect the coach to look after their participating offspring. The coach in fulfilling these expectations should acquaint the parents with the fact that the boy should have a complete physical examination and urge the parents to disclose any health condition which may influence the safety of the participant. He should provide the parents with first hand information concerning the safety features of the equipment that is to be issued the boy. The parent should be informed that a physician will be present at all games and that an ambulance will be on the site of the contest. In the case of an injury which requires the treatment by a physician or in case of hospitalization, it is the responsibility of the coach to see that the parents are notified immediately as to the nature of the injury and the seriousness of that injury. Don't allow parents to hear of their son's injury by some TELEPHONE MINAH BIRD who may cause undue alarm and excitement.

The responsibility of the coach to himself has several prime implications. First, the coach always wants his squad to be at its physical peak, and by practicing the ultimate in protection of his players this can be assured. Every coach should see that his school has a written policy concerning responsibility for injury incurred in athletics. The policy should be made known to every participant, his parents, and other responsible adults. The coach should see that every boy has protection in the form of insurance, even if the coach has the assurance and permission of parents for their boy to play. Assurance is usually lost with an injury, so insurance is a must. With the courts of today making many decisions which reverse previous decisions, the day may not be too far away when a coach could be held responsible for an injury incurred by a player under his supervision.

In summary, the coach is confronted by two classes of injuries, the avoidable and the unavoidable. The first can be prevented and the latter, with a prayer to God, it is hoped will not be of serious or fatal nature.

FOOTBALL QUESTIONS

(Continued from Page One)

Ruling: In (a) there has been no foul. In (b) it is illegal coaching.

14. Play: Tackle A1 charges across neutral zone into B1 before the snap. Official's whistle is too late to prevent the snap. Runner A2 advances, fumbles, and B2 recovers.

Ruling: Penalty is loss of 5 from previous spot. B1 may decline this penalty. However, B may not keep the ball because the whistle prevented it from becoming alive and therefore, the snap was made with a dead ball. After the measurement, it is A's ball.

15. Play: What is the implication of the last sentence in the ruling for play situation 230?

Ruling: The sentence is not intended to infer B can make a false start. It does mean, however, that B can commit encroachment by touching the ball or an opponent after the ball is ready-for-play and before the snap. 7-1-1 will apply for encroachment which is not unsportsmanlike. If it were an unsportsmanlike act, 9-3 would apply.

16. Play: Clock is stopped because ball is out-of-bounds or because of an incomplete forward pass. During the dead-ball interval and without delay or order from the Official A1, who is apparently injured, is replaced by A12.

Ruling: No time-out is charged. Clock will start with the snap.

17. Play: Team A has used its permissible four charged time-outs and Official stops clock while ball is dead because of apparently injured A1. Before A1 has been removed, Captain of B requests time-out.

Ruling: Time-out is charged to B. Clock starts with snap or free-kick.

18. Play: With ball dead and clock running, it is discovered both A1 and B1 are injured or apparently injured. Team A has used its four permissible charged time-outs and B has used two. Neither Captain requests time-out.

Ruling: Official stops clock. Both A1 and B1 must be replaced for at least the succeeding down. The time-out is charged to Team B. Clock starts with the snap.

19. Play: After approximately 20 or 30 seconds of a time-out charged to A, they are ready to play. Is it necessary for B to play when A is ready or is B entitled to the full two minutes?

Ruling: When A desires, Official should declare ball ready-for-play after there has been a reasonable time for both teams to take their positions. If, in this situation, B should have a player talking with his coach at the sidelines, reasonable time should be allowed for B to get back to position but it is not intended B be allowed to continue his conference through the remainder of the two minutes.

20. Play: Team A uses the words "ready-set-go" in cadence sequence for more than three periods, always snapping the ball on go. During the 4th quarter, with 4th and 3 on B's 7 yardline, the cadence and the number of words used for the snap signal are changed. Linemen of Team B charge on the previously used signal and contact linemen of A prior to the snap.

Ruling: Linemen of B encroached. Changing of snap signal by Team A is not an infraction.

21. Play: After catching kick beyond expanded neutral zone and with ball in his possession, R1 gives

fair catch signal presumably to deter K from tackling him, and thereby enhancing the possibility of a long runback.

Ruling: This is not illegal. Players of K are expected to know the status of the ball when the signal is given, R1 can get no protection from a fair catch signal after catching the kick. Therefore, his act of signalling in this situation is not considered unsportsmanlike.

22. Play: Kick-off by K strikes ground on R's 45. While K1 and R1 are actually attempting to recover the ball: (a) K1 pushes or blocks R1 and K2 recovers, or (b) K1 clips or uses his hands on back of R1 (other than warding off a blocker) and K2 then recovers.

Ruling: Legal in (a). Foul during loose ball in (b). In (b) the penalty is measured from K's 40 and K would kick off again.

23. Play: A backward pass or fumble by A1 on his 4 strikes the ground, A2 illegally bats or kicks ball into the end zone where: (a); or (b) recovers and is downed.

Ruling: Safety in (a) and touchdown in (b) if penalty is declined.

NATIONAL FEDERATION ANNUAL MEETING (Continued from Page Three)

scholastic athletic program during his tenure as Federation Executive Secretary.

Places of honor were also provided for several former Executive Officers or persons closely affiliated with the National Federation program and who worked closely with Mr. Porter for many years. These included MR. AND MRS. HAROLD E. SWILER (Ohio); MR. AND MRS. V. F. GODDARD (Tenn.); MR. AND MRS. GROVER C. KOFFMAN (Louisiana); MR. AND MRS. STACY NELSON (Tennessee); MR. T. A. PIGOTT (Oregon); MR. AND MRS. A. A. SCHABINGER (Official Sports Film); MR. AND MRS. KENNETH SMITH (New York); MR. AND MRS. H. A. SWAFFIELD (Connecticut); MR. AND MRS. HOWARD VANDERHOEF (New York); and MR. AND MRS. O. L. WEBB (Nebraska). Mr. and Mrs. Porter were recipients of several gifts presented to them in token of the high esteem in which State Associations, manufacturers' groups and many individuals held them.

The Tuesday night session included a preview showing of the new film "Baseball for Millions," produced by the Official Sports Film Service under the supervision of Director W. M. RUNYON. S. E. ALKIRE (Illinois) and J. C. HARPER (Alabama) assisted.

THE TENNESSEE SECONDARY SCHOOL ATHLETIC ASSOCIATION, as host, provided a fine schedule of entertainment activities. The Tennessee Association also prepared and distributed a convention bulletin prior to each day's activity. The bulletin kept the need for announcements to a minimum, and enabled any registrant to learn what the scheduled activities were for any particular day.

On Sunday, June 28, groups interested in Athletic Accident Insurance, the Basketball Official's Manual and the Track and Field Rules and Records Committee met in separate sessions. CHARLES E. FORSYTHE (Mich.) presided at the Athletic Accident Insurance group meeting, R. S. HINSHAW (Indiana) served as Chairman of the Basketball Officials' Manual Committee meeting and W. W. RUSSELL (California) presided at the meeting of

the Committee on Track and Field Rules and Records. A second meeting of the Track and Field Rules and Records Committee was held on Tuesday.

THE KENTUCKY

High School Athlete

The Sportsman's Creed

The Player . . .

1. He lives clean and plays hard. He plays for the love of the game.
2. He wins without boasting, he loses without excuses, and he never quits.
3. He respects officials and accepts their decisions without question.
4. He never forgets that he represents his school.

The Coach . . .

1. He inspires in his boys a love for the game and the desire to win.
2. He teaches them that it is better to lose fairly than to win unfairly.
3. He leads players and spectators to respect officials by setting them a good example.
4. He is the type of man he wants his boys to be.

The Official . . .

1. He knows the rules.
2. He is fair and firm in all decisions. He calls them as he sees them.
3. He treats players and coaches courteously and demands the same treatment for himself.
4. He knows the game is for the boys, and lets them have the spotlight.

The Spectator . . .

1. He never boos a player or official.
2. He appreciates a good play, no matter who makes it.
3. He knows the school gets the blame or the praise for his conduct.
4. He recognizes the need for more sportsmen and fewer "sports."

The Second Guess

NOTE: The following article appeared in the Denver Post Monday, February 16, 1959 as a "Second Guess" column by Jack Carberry. Mr. Carberry's excellent presentation merits your attention to a matter of importance to all administrators, coaches, parents and players interested in educational athletics.

As this congregation knows I have been around the sports beat for a long, long time. And for as long as I can remember, I have listened to the cry of the loser, "We was robbed," to alibi his own or his team's shortcomings. But in all the years I have never witnessed, nor have I heard, anything approaching the complaining voiced nowadays not only by the spectators, but by players, and more especially, the "teachers" of our athletics.

Maybe it is the time in which we live. Maybe it is traceable to a world in which there is a general distrust of leadership, in governments, and in business, and even in our social life. Whatever the cause, there is in the world of sports a growing disrespect for authority—the referees, the umpires, the linesmen and the judges.

Now I am not attempting to put the "blast" on any individual or on any particular sport. But I want to tell you the story the father of a 10-year-old lad told me—a story which I think should make every "teacher" of American games, coaches and players alike, reach a better understanding of their responsibilities.

The boy is a member of a South Denver Sunday School league. The team, as are the other clubs, is sponsored by the dads of the various congregations who provide the uniforms, pay the cost of hall rent, and other expenses. Coaching is provided by various church members who give considerable of their time. Officiating is on the same volunteer basis. Every effort is made to have the families of the players attend the games, the thought being that this will aid in producing "family togetherness"—a word we hear used, and overused, quite frequently.

This particular father, and his wife, attended one game last Wednesday night. Both came away shocked—and frightened.

During the course of the game their boy, along with his teammates, kept up a constant screaming, directing their remarks at the officials—berating them for their calls, and jumping up from the players' bench to emphasize their disagreement by gestures which have become all too familiar to basketball audiences everywhere—the hold of the head in both hands, as though in agony, the

holding of the nose and such cries as "you stink," and "you robber, you."

"I was tempted," said the father, "to go down and take my boy off the bench. But I feared that might break up the game. But when I got him home I sat down with him and asked him what he meant by such conduct.

"Why did you act as you did—surely you know the referee, a good friend of ours, would not cheat your team, or any team? Did you really believe you were being cheated?

"I was not," the father said, "prepared for the answer I got.

"My boy said: 'No, I did not think we were being cheated—I like Mr. (he named the referee) very much, and he is a swell guy. But he was an official, and all the coaches on the big teams, and all the players on the Truckers and the college teams you take me to see, yell at the officials and make signs, and they are all good coaches and good players'."

The boy named one coach in particular—truly a capable teacher of the game, but one given to histrionics, under the delusion I am sure, that he is adding "color" to the game.

"He (naming the coach) is the best coach in the world, and his players are the best players and they yell at the officials all the time."

One cannot help but wonder if coaches and players on "the big teams," ever give thought to what their actions—not alone upon the playing field but upon the bench—have upon those who view them as their heroes.

It is serious business. This particular father was undecided as to what he should do. His first thought was to take his boy out of sports. If sports taught little more than disrespect for authority—and that is exactly what such antics as one witnesses in sports mean—then sports surely have lost all their value.

If an official is incompetent, be he volunteer in the little Sunday School league, or the well-paid referee on the field for the "big games," his future services should be dispensed with.

But the growing disrespect for authority being exhibited in American sports today cries out for corrective action also.

Monday there were 642 inmates in Denver's county jail; there were 73 boys and girls in Juvenile Hall; several additional hundred were in the state home at Golden. Why? Because 99% of them lacked all respect for authority—of teacher, of minister, of priest, of policeman, and of the laws under which we live.

Let us cut out the "play-acting" and play ball.—National Federation Press.

Early Season Football Questions

Editor's Note: These rulings do not set aside or modify any rule. They are interpretations on some of the early season situations which have been presented.

Installment II

24. Play: After expiration of time-out charged to Team A but before the ball becomes alive: (a) Team A; or (b) Team B requests another charged time-out.

Ruling: Request in both (a) and (b) will be denied. No charged time-out may immediately follow another charged time-out.

25. Play During the last timed down of the 2nd quarter and while a scrimmage or free-kick by K1 is rolling beyond the neutral zone: (a) R1 holds and kick rolls out-of-bounds; or (b) substitute R12 enters field; or (c) there is an unsportsmanlike conduct foul by R1; or (d) an unsportsmanlike conduct foul by K2.

Ruling: In (a), (b) and (c), if the penalty is not declined, the quarter is extended by an untimed down. In (d), the penalty is enforced at 2nd half kick-off.

26. Play: Is K considered the Offense during a scrimmage or free-kick?

Ruling: Yes. K is Offense during the scrimmage or free-kick. However, if R gains possession, the kick ends and R becomes the Offense.

27. Play: End A7 charges into the neutral zone too soon but returns behind his line without contact. In response to the movement of A7, defensive tackle B6 charges and contacts A7.

Ruling: False start by A7.

28. Play: During a successful try, A3 holds B4 on B's 7.

Ruling: Penalty is automatically accepted. After enforcement, A will put the ball in play on the proper yardline anywhere between the inbounds lines.

29. Play: 4th and 10 on R's 40. K2 first touches kick on R's 20. R2 then muffs and K3 recovers on R's 10. After ball is dead, R3 clips K4 on R's 15.

Ruling: R may take ball at spot of first touching (R's 20) after which the penalty for the foul by R3 is enforced. It will be R's ball on their 10; 1st and 20.

30. Play: 4th and 10 on B's 15. A1 throws a backward pass toward A2 who bats it forward so that: (a) it is caught by tackle A3 on B's 3 yardline and carried into the end zone; or (b) it strikes the ground and rolls into the end zone where A4 recovers; or (c) it strikes the ground and comes to rest on B's 3 where all players refuse to touch it; or (d) it goes into the end zone where B bats it out-of-bounds behind the goal line.

Ruling: It is a touchdown in (a) and (b). In

(c) it is A's ball—1st and goal line. In (d), if A accepts the penalty, it will be 4th and 2 1/2 on B's 7 1/2. If the penalty is declined, it is a touch-back.

31. Play: 3rd and 8 on B's 13. B1 holds during run which ends on line of scrimmage. Will it be first down for A after enforcement?

Ruling: No. It will be 3rd down, 1 1/2 yards to go.

32. Play: K1 receives snap while standing with his left foot on the end line. He kicks and R2 is offside.

Ruling: Ball dead when touched by K1. If K accepts penalty for offside, they put ball in play without loss of down. If penalty is declined it is a safety.

33. Play: Team K punter is beyond the end line at the snap. He quickly moves into the end zone to catch ball.

Ruling: Illegal participation.

34. Play: Fumble by A1 is in flight when B1 jumps and gets it in his hands. He comes to the ground with a foot on or outside a sideline.

Ruling: Official must decide when B1 secured possession. The second sentence of 7-5-4 specifically covers a forward pass in a similar situation but there is no specific coverage for a backward pass or a fumble. Since nearly all such cases involve doubt, it is best to apply the forward pass principle and rule that ball is not in B's possession in the case as outlined.

35. Play: Team B has only 10 players on the field at snap. Long forward pass by A1 crosses line of scrimmage and is then batted down by B11, who has run onto the field.

Ruling: Illegal substitution. If A accepts penalty B is penalized 5 yards from previous spot. (In obvious situations it can be unfair act (9-7-1).)

36. Play: Ineligible A1 is legally several yards beyond the neutral zone because of having driven B1 back from the line with a block. Forward pass by A2 accidentally touches ineligible A1. Pass is deflected and: (a) eligible A3 catches it; or (b) it is intercepted by B3.

Ruling: Pass is completed in both (a) and (b) and ball may be advanced. Accidental touching by A1 is ignored.

37. Play: After eligible A1 catches a forward pass while he is in the air in B's end zone, he is carried by an opponent so that he alights out-of-bounds or in the field of play.

Ruling: Touchdown.

38. Play: 1st and 10 on A's 3. Runner A1 fumbles on his 2 yardline. B1 intentionally kicks loose ball which is (a) on A's 2; or (b) in the end zone. Ball then goes out-of-bounds behind the goal line.

The Cross Country Run

The K.H.S.A.A. will attempt to set up seven regional cross country meets, scheduled to be held on Saturday, October 31, 1959. The sites are Paducah, Bowling Green, Clarkston, Louisville, Bellevue, Berea, and Morehead. Entry blanks will be sent to the principals of all member schools who have indicated that they plan to sponsor cross country teams this year. The state cross country run is scheduled to be held in Lexington on November 14.

Employment Bureaus

Sixteen employment bureaus for officials have been established. Each registered official should file at once with his bureau head and/or the nearest bureau head his schedule of games and a list of dates on which the official will be available to call games. Although the bureaus have been set up primarily for basketball, the men in charge will be glad to assist officials and schools in filling open football dates. The names of the bureau heads, with their residence and business phone numbers are as follows:

Region 1. Rex Alexander, Murray State College, Murray; Res. No., PL 3-3579; Bus. No., PL 3-2310.

Weight Training

Vern Wolfe, North Phoenix, Arizona high School's outstanding Track Coach, recently lectured at a track clinic in Chicago in connection with the Pan-American Games. The clinic was sponsored by the Olympic Games Committee and the National Track Coaches' Association. Coach Wolfe's topic was "Developing National High School Champions." It will be recalled that within the past decade, Coach Wolfe has tutored three national champions: James Brewer in the pole vault (15 feet); Dallas Long in the 12-lb. shot (69 feet 3 inches); and Karl Stanly Johnstone in the discus (3 lbs. 9 ounces). In his lecture at the track clinic Coach Wolfe strongly advocated a program of weight training in preparing athletes for inter-scholastic competition. He predicted weight training programs would be used widely throughout the country in basketball, baseball, football and track, as well as for wrestling, within the next five years. He also recommended the hop, step and jump as well as the steeple-chase be included in inter-scholastic track programs.

Member Schools of the K. H. S. A. A.

The following schools are members of the Kentucky High School Athletic Association for the year ending June 30, 1960. Principals of member schools should check this list carefully to see if the names of schools with which they have scheduled games are included. This list was compiled and sent to the printer on October 1. A supplementary list of member schools joining in October will appear in the November issue of the magazine.

National Federation Annual Meeting

(Continued from September Issue of the ATHLETE)

The Joint Baseball Committee participated in a breakfast meeting on Tuesday, June 30. Those present were T. A. SANFORD (Kentucky), Chairman; H. M. EMSWILER (Ohio); W. R. FUGITT (West Virginia); L. V. PHILLIPS (Indiana); ALBERT WILLIS (Illinois); and CLIFFORD B. FAGAN, National Federation Executive Secretary. Topics of mutual interest were discussed and there was agreement that the current program as sponsored by the Joint Committee is working satisfactorily. A report and accompanying communication from the President of the National Association of Professional Baseball Leagues announcing disciplinary action taken against a professional club which had violated the agreement were reviewed. The penalty for the violation of the agreement was assessed as provided by the agreement and the Committee commended the President of the Association for his action. The Committee also received a communication from the Commissioner's office, asking for its interpretation of the application of the agreement to a boy who had rendered himself ineligible in a state due to his becoming married. The Committee concurred with the Commissioner's interpretation that such boy was not eligible to sign a professional league contract until he had become too old for interscholastic athletics or he had completed the number of semesters at the schools in which he could be eligible for interscholastic athletics or his class had graduated. The Baseball Summary, prepared for distribution when the Committee made its report at the General Athletic meetings, was reviewed. Chairman T. A. SANFORD (Kentucky) and Committee Member L. V. PHILLIPS (Indiana) were authorized to make the report on the Committee's behalf.

An election for Executive Committee Members for Sections 1, 5 and 6 resulted in the re-election of W. R. FUGITT (West Virginia) for Section 1; the election of GROVER C. KOFFMAN (Louisiana) for

Section 5; and of HINEY P. LUND (Montana) for Section 6. At the Thursday meeting of the Executive Committee, HERMAN F. KELLER (Indiana) was elected President of the National Federation and C. E. WETMORE (Wisconsin) was elected Vice-President.

At the business session of the National Council a Committee, representing several State Associations, introduced the following proposal to be recommended to the Collegiate Associations as an AMENDMENT to the present Collegiate All-Star regulation.

"Be it hereby resolved that any interscholastic player, who during the previous school year was a member of a high school team, shall be ineligible for intercollegiate competition in athletics if he has participated in an All-Star game not sanctioned by his State High School Athletic Association.

"Be it further resolved that the National Federation's Executive Committee request each State High School Association Executive Officer to urge colleges in his state to support the amendment.

"Be it further resolved that the amendment not apply to any player for participation in an All-Star contest prior to September 1, 1959.

"Be it further resolved that the National Federation Executive Committee or its Executive Representative request the National Association of Intercollegiate Athletics and the National Junior College Athletic Association to adopt the present college All-Star regulation and the amendment.

"And be it further resolved that a copy of the regulation and the amendment be sent to all members of the Executive Committees of the National Collegiate Athletic Association, the National Association for Intercollegiate Athletics and the National Junior College Athletic Association."

After a study of the resolution and a thorough consideration of all the problems involved, it was adopted by a vote of 25 to 9.

The National Council adopted, by a 25 to 1 majority, a RESOLUTION expressing its disapproval of the All-Star features of the Babe Ruth League tournament play and further resolved that the Boards of Control of each State Association and the administrative Secretary of the Babe Ruth League, Inc. be notified of this action.

RESOLUTIONS expressing appreciation to the Tennessee Board of Control, the Tennessee Legislative Council, the Tennessee Executive Officers, and Messrs. Bridges and Porter were unanimously adopted. Mrs. Grider, Mrs. Jennings, and Mrs. Traube were voted the great appreciation of the Federation Council members for their services as registrants and for the many courtesies they extended to people enrolling at the convention.

LIST OF CORRECTIONS 1959 FOOTBALL RULES PUBLICATIONS Case Book

1. P.S. 21: Last sentence might not be correct if ball had been snapped between B's 25 and their goal line.

2. P.S. 124D: In 5th line after comma, insert "or Captain of Team A requests time-out for a designated injured player.

3. P.S. 267: Ruling in (a) should be 1st for A on B's 12-1/2. (Half the distance from B's 25).

4. Question 4, p. 57: Only 4 is correct statement.

5. P.S. 304B: Penalty in (a) is automatically accepted.

6. P.S. 307: The new try is from B's 2 yardline.
 7. P.S. 445: In (a) penalty is automatically declined, but if Captain should insist on enforcement, it would still be a touchdown as explained.

Player Handbook

1. Page 3, Fundamental No. 11: The period must be extended.

2. Page 10, 3-5-1 and 3-7-1: "Referee's time-out" is now "Official's time-out." "Excess time-out" is no longer possible.

3. Page 21, last play on page: Flying tackle is no longer illegal.

4. Page 32: Third and second sentence from last sentence of the first paragraph of the "Comment" are not in line with current rule regarding interior linemen.

5. Page 32, last two plays on page: Ruling would depend on meaning of "position." If tackle A1 has one or both hands on or near the ground, it is a false start.

6. Page 34, second play from bottom: Penalty for defensive holding is 15 yards.

FOOTBALL QUESTIONS

(Continued from Page One)

Ruling: A will doubtlessly decline the penalty in either (a) or (b) and take the touchback. If the penalty is accepted it will be 1st and 10 for A on its 18.

39. Play: 1st and 10 on A's 12. Fumble by A1 is almost at rest on his 4 yardline. During an attempt to recover the ball, A2 pushes B1 into the ball which forces it across the goal line where it is recovered by: (a) A3 who is downed there; or (b) A4 who advances to A's 15; or (c) B2.

Ruling: A2 forced the ball across his goal line when he pushed B1 into it. Safety in (a) and touchdown in (c). In (b), it is A's ball on the 15 and the next down is 2nd and 7.

40. Play: The score is A 14 - B 6 with one minute left to play. Team A has the ball on their own 2 yardline. A1, who intends to kick, muffs the snap in the end zone and then throws a forward pass which is muffed by ineligible A2 on the line of scrimmage. The muff is intercepted by B1, who carries it into the end zone. After B1 is in the end zone B2 clips. Captain of Team B desires to accept the penalty for the illegal forward pass.

Ruling: Under ordinary circumstances, the penalty for the illegal forward pass will be automatically declined, the touchdown will count and the penalty for B's clip (a dead ball foul after the touchdown) will be enforced at the succeeding kick-off. However, as is always their prerogative, B may accept the penalty. If Team B accepts the penalty, there is a double foul because the foul by B (clipping) will have occurred before B has accepted the penalty for A's illegal pass. A double foul will require replaying the down.

41. Play: The score is A 13 - B 12. Both Team B touchdowns have been scored by punt returns. A punt by Team A is in the air as time for the fourth quarter expires. Team A commits fair catch interference by: (a) catching the kick in flight beyond the expanded neutral zone; or (b) preventing B1 from catching it.

Ruling: The game is over when the ball becomes dead. The fouls in both (a) and (b) have been by the Offense and, therefore, the fourth period cannot be extended by an untimed down.

42. Play: A1, running near and parallel to the sideline, inadvertently steps on it after which he returns inbounds and catches a forward pass.

Ruling: A1 has been out-of-bounds voluntarily.

Comment: It is the responsibility of the players to know the location of the boundary lines.

43. Play: A team charged with four time-outs in a half requests a time-out for injured A1. May A2 or B1 confer with his coach at the sideline?

Ruling: This will be an Official's time-out. Since the time-out is going to be charged to the Official, it is not legal for either team to confer with his coach.

44. Play: Kick by K1 is first touched by K2 after which it is muffed by R1 and rebounds behind the line where K1 recovers and advances for a touchdown. K3 was offside. After the touchdown: (a) K; or (b) R commits a personal foul.

Ruling: Penalty for the offside by K3 is considered automatically declined to permit A to take the ball at spot of first touching. In both (a) and (b) the penalty for the personal foul is enforced after awarding the ball to R. After measurement for the personal foul it will be R's ball and in (a), 1st and 10 and in (b) 1st and 25.

45. Play: After ball is ready-for-play, offensive tackle takes 3-point stance inadvertently in neutral zone. He moves slowly back to be legally on the line. Is this a false start if B: (a) is; or (b) is not drawn into the neutral zone?

Ruling: Not an infraction of the rule concerning interior linemen. It might be a false start for other reasons but if the tackle's obvious purpose is merely to move to a correct position, it will be considered legal action.

46. Play: 3rd and 7 on B's 15. A2 is offside during the down in which A1 advances for a touchdown. After A1 is across the goal line, B2 plies on.

Ruling: Penalty for offside by A2 is automatically accepted and the distance is measured, placing the ball on A's 20 yardline. Then the penalty for the foul by B2 (one-half the distance to the goal) is enforced. It is 3rd and 2 for A on A's 10 yardline after the enforcement.

47. Play: 2nd down. Punt by K1 is touched by R beyond the neutral zone expanded, after which it rebounds behind the line where it is recovered by K2. K2 chooses to attempt to advance by means of a legal forward pass. The pass is incomplete.

Ruling: Touching of punt by R1 beyond neutral zone expanded ends series of downs. It is a new series for K, 1st and 10 at the previous spot.

48. Play: After a fair catch in the right side zone on his 40, R, because of the wind, elects to: (a) free kick; or (b) snap from the left inbounds mark.

Ruling: In either (a) or (b) the ball may be put in play on the proper yardline anywhere between the inbounds lines.

49. Play: When and where will the National Federation Football Committee meet in 1960?

Ruling: At the Claypool Hotel in Indianapolis, Indiana, Monday and Tuesday, January 4 and 5.

The Flying Dutchman

Eighteen years ago, about this same time of the year, the Dutchman was loading the car for his first trip over Kentucky conducting basketball clinics for the K.H.S.A.A. Since 1942 approximately 35,000 miles have been put on two Chevys and three Pontiacs working with Kentucky's basketball officials. And it has all been a wonderful experience.

All of you fellows in the age bracket of Russ Williamson, Jack Dawson, Louie Litchfield, "Johnnie" Crowds and Methuselah will recall that 1942 was a gasoline rationing year. When we started out there were only enough gas coupons to cover one hundred fifty miles. Commissioner Ted, in his Henderson office, never expected the Dutchman to cover the 1900 mile trip. When that 1939 Chevy coasted in to Barret High for the last clinic the completion was a tribute to the co-operative genius of Kentuckians. The car was pushed, carried in a transfer truck and towed. In Ashland, the police did not help by towing it in for parking all night in an area where the streets were being cleaned.

1942 saw 96 coaches, officials and players turn out. It is a safe guess that 1959 will see over 2,000. The same year saw hair on the heads of Ernie Chatten, Rex Alexander and Ellis Johnson; this year will see none. Earle Jones staged the clinic in the Maysville jail in 1942; 1959 finds our trusty officials paroled to Lexington. There have been a lot of changes, lots of wonderful memories, many enduring friendships and a wonderful improvement in the sportsmanship of coaches and crowds, causing Kentucky to be regarded as "The Sportsmanship Capitol of the Nation."

This past spring the Dutchman sat on the National Basketball Rules Committee, helping write the rules. That august body has instructed all of the nation's interpreters to emphasize four things: (1) Sportsmanship, (2) Proper tossing of jump balls, (3) Administering the running rule, and (4) Legally blocking goals for which so many times players are penalized. Of these four, sportsmanship takes precedence.

ALL COACHES AND OFFICIALS TAKE HEED OF THE FOLLOWING: Coaches will be expected not only to set good examples on the bench but will not converse directly with officials on the playing floor. Any official conversing with a coach on the floor, except in cases of emergency, will be guilty of violation of procedure adopted by Kentucky's basketball officials. At the state-wide meeting of the officials representing the sixteen regions Howard Gardner moved to this effect, Briscoe Inman seconded, and the group voted unanimously in favor of the motion.

Excerpts from an article by Cliff Fagan, Executive Secretary of the National Federation of High School Athletic Associations, stress sportsmanship. These are from Fagan's "A Job To Do": "Good sportsmanship is the 'most noble' of all interscholastic program objectives. . . . Unfortunately, wrong attitudes are just as easy to acquire if the contests are allowed to degenerate to demonstrations of poor sportsmanship. . . . Good sportsmanship is not a complicated attitude. . . . It simply means playing

the game according to the spirit as well as the letter of the rule."

The K.H.S.A.A. has long been placing emphasis on sportsmanship. That is what the Abou Ben Adhem Awards are for. Let the Dutchman know when a community does something outstanding so recognition can be made. The Indiana High School Athletic Association places large signs in Butler Field House at each State Basketball Tournament emphasizing sportsmanship. One we remember reads "Good Sportsmanship will always win, whether your team is out or in."

The Dutchman's gratitude and the appreciation of all Kentuckians are due the hundreds of Kentucky's coaches who helped make a study of recreation in all of our counties for President Eisenhower's White House House Conference. Your surveys were accurate and revealing, and should bring recreational progress to the Commonwealth. Your studies revealed that the lack of recreation programs in our state is appalling, but what is more important you indicated that the people wanted something done for Kentucky's boys and girls in the field of recreation.

According to countless questionnaires returned by Kentucky's coaches and physical educators, the thing most needed recreationally in order of importance are: (1) Year-round recreation programs with trained directors, (2) The use of school buildings and grounds when not in use educationally, (3) A solution to the problem of finance, (4) Development of facilities, (5) Adults to take the lead, (6) Activities for girls, and (7) Co-ordination of many activities which have sprung up "like Topsy." Relative to No. 3, the solution should be simple with Referee George Conley in the State Senate.

Anything can happen in Kentucky. This is in evidence when on the first play of the first football game of the season in Louisville a football official and a player suffered broken legs at the same time when they were simultaneously clipped. They were both bedded down in the same room in the same hospital.

This occurred in one of our state high school games. A penalty was called and the referee stepped off fifteen yards, signaling back-field in motion. The protesting coach said, "Ref, that's only a five yard penalty." "So it is," said the Referee, "but there were three men in motion in your backfield." "Gee, why did this have to happen to me," moaned the coach.

Football is progressing. With the determination of state champions a great impetus has been given to the game by the K.H.S.A.A. Edgar McNabb, "the granddaddy of all officials from football and basketball to hop-scotch," has given high school football another push forward with his football clinics for coaches and officials. If you want good sports it naturally follows that there must be good officiating. Because "Big, Good-natured Mac" is contributing so much he is the unanimous choice to receive the Corn Cob Pipe Award for October. It could not happen to a nicer guy.

Send your news, recommendations for awards, your compliments and criticisms to The Flying Dutchman, Suite 1-5 Armory Buildings, Louisville 2, Kentucky.

FOOTBALL CHAMPIONS WILL SOON BE DETERMINED

Within the next few days the first K.H.S.A.A. Football Championships will be inaugurated. Increased attendance at regular season games in 1959 when regional standings were involved indicate that Kentucky football lovers approve of the play-offs.

Official Organ of the **KENTUCKY HIGH SCHOOL ATHLETIC ASSN.**

NOVEMBER - 1959

THE FOOTBALL CHAMPIONSHIPS

Just about the time this issue of the ATHLETE reaches the member schools of the K.H.S.A.A., the regional football championships in Classes A and AA will have been determined. A week or two later the same will be true for Class AAA.

In Classes A and AA the winners of Region 1 and Region 2, and the winners of Region 3 and Region 4 will play in semi-final games on November 20 or 21. The winners in Region 1 and Region 3 will determine the semi-final sites this year under regulations previously announced. The final games in these classes will be played on the Thanksgiving weekend. The sites for these games will be determined by the Commissioner under authority delegated to him by the Board of Control.

Teams in the two Class AAA regions will close their seasons on the Thanksgiving weekend, and the regional champions will play in Louisville on the first weekend in December.

Regional championships will be determined by the Dickinson System. This system as now used by the K.H.S.A.A. is as follows:

RATING SYSTEM

SECTION I

1. First division includes all teams that have won more games than they have lost during the season. Others are second division teams.

2. For each victory of a first division team over a first division team the winner gets 30 points and the loser 15 points.

3. For a tie between two first division teams each team gets 22½ points.

4. For each victory of a first division team over a second division team the first division team gets 20 points and the second division team gets 10 points.

5. For each victory of a second division team over a first division team the winner gets 30 points and the loser gets 10 points.

6. For each victory of a second division team the winner gets 20 points and the loser gets 10 points.

7. For each tie between second division teams each team gets 15 points.

8. For each tie between a first division

team and a second division team the first division team gets 15 points and the second division team gets 20 points.

SECTION II

1. No team shall be penalized for a victory in an extra game. To avoid this, the extra game shall be omitted from the calculation.

2. If two second division teams have won the same number of victories over first or second division teams, but have lost a different number of games to first division teams, the extra defeats shall be omitted from the calculations.

SECTION III

1. An undefeated team shall always be ranked above every team it has defeated, even though the average number of "points" in the season's ratings may indicate otherwise.

2. A team with a percentage of .500 is in the second division. It will be considered to be in the first division if one third of its games have been with first division teams and have resulted in at least one tie and one victory.

3. If, in a game having a bearing on the championship, a first division team should profit by tying another team in the first division, when defeating it would lower the defeated team into the second division. The place of the teams in their divisions shall be determined without considering this game.

SECTION IV

1. If the foregoing directions have been accurately followed, the final standings may be determined by getting the average number of points.

2. If two teams have the same average points for the entire season, the victor in the game played between them during the regular season shall be ranked above the loser.

3. If three teams have the same number of "points" for the entire season, and two of them have played each other, the loser in this game shall be ranked third and the other two tied for the highest rank.

(Do not attempt to apply this system until all of the games of the season have been played.)

Playing For Keeps

Editor's Note: This is the address delivered by U. S. Commissioner of Education Lawrence G. Derthick on June 28, 1959, during the National Federation Annual Meeting.

You know well your accomplishments but permit me, as one who has been two and three steps removed from your activities for a number of years, to review a few of your accomplishments as I sense them from my distance.

You have:

1. Brought system and order out of confusion and have established safeguards and controls to prevent evils and destructive influences in areas in which our youth are most sensitive to forces for good or bad.

2. Kept the control of interscholastic athletics in the hands of school authorities and generated such powerful strength at State levels as to discipline effectively local communities.

3. Promoted wide acceptance of high standards of ethics and sportsmanship.

4. Associated yourselves nationally so as to benefit from all of the good fruits of pooling intelligence and experience and sharing and disseminating the best ideas and the best practices. Naturally you have many, and I am sure serious problems besetting you, but you have the know-how and the machinery to solve them.

5. Undergirded a national program of interscholastic athletics which has engendered in youth the highest values of physical, mental, and moral strength. (I could cite the evaluation of the merits of our soldiers and their power for initiative and resourcefulness in battle credited in part to their developmental experiences in athletics.)

6. Evolved standards and practices to extend conditions of safety and safety practices throughout the country so as to prevent untold and needless suffering.

Let us consider now, against such a background, **What of the Future?** This, of course, must be examined against the future of education. Think with me then about some of those aspects of education's future that will

bear upon your programs. If you really mean to "Play for Keeps"—to keep your gains and move forward in times like these—you must rise to the challenges that are hard upon us.

One of the most significant, foreseeable developments for the next ten years is that we shall have new standards of excellence. This carries no implications of reflections upon our schools of today which are better than they have ever been. It only means that because of the explosion of knowledge that has taken place there is a tremendous expansion in learning needs and a sharply increased demand for trained manpower so that our schools must attain new standards of excellence to satisfy the requirements. The better schools of today reflect an American system of education that has no superior. Our problems stem largely from our poorer schools which are suffering from neglect.

People are realizing more than ever the significance of education in the present world-wide race for knowledge. This is among the reasons why a number of responsible bodies and leaders are calling for a doubling of educational expenditures. With a doubling of expenditures people will demand, and we can provide, much higher educational standards and increased efficiency. We shall be much better able to attract and hold top talent and to provide modern services and technology to improve quality.

Another indication of the new standards of excellence just ahead is the fact that we are beginning to accelerate educational research. Industry has been spending from five to fifteen percent of its operating budget for research, whereas in education we have only spent a small part of one percent. Research will open many doors, including an extension of the use of electronics, TV, and all the newer media.

Against these new standards of excellence you must do your future planning and prepare for forthright action to meet the demands. One of the major needs is to extend the best in your philosophy for application to all boys and girls. As we close the gap

National Federation Basketball Test

Part II of the National Federation basketball examination will be given all over Kentucky on Monday, December 7, to officials who wish to work for the "approved" and "certified" ratings. Officials registered with the K.H.S.A.A. for the first time this year and who have not been registered previously in any other state associations, are not eligible to take the test. Those interested should advise the State Office immediately in order that necessary arrangements can be made with the school administrators who will supervise the taking of the exam. Officials living in Kentucky need not suggest the name of an examiner. The "approved" rating does not carry forward from year to year, but must be earned each year. After an official has received the "certified" rating, he keeps this rating by attending clinics without having to continue to take the exam each year.

Approved and Certified Officials

Twenty-seven football officials have qualified for the "certified" rating this fall, and twenty-five for the "approved" rating. These officials are:

Certified Officials—Thomas Bell, Howard Bennett, George W. Brown, E. C. Calman, Jr., Travis Combs, John S. Crosthwaite, Jr., Jack H. Durkin, Carl Elovitz, Robert H. Florence, W. H. Gammon, Newell Hadden, Frank Hall, Gene Harris, Fletcher Holeman, Bernard Johnson, Carl Lawson, Bob McCollum, Edgar McNabb, E. B. May, Jr., William

A. Mordica, Bill Nau, Doug Noland, K. F. Schmitt, John H. Shaw, Clifton Stone, Don C. Sullivan, Ray Varner, Bart Hagerman.

Approved Officials—Charles J. Baker, John Bartels, Clarence T. Bell, John Canter, David A. Carlson, Dan Chambers, Jr., John W. Forbes, Jr., Bob Fortney, E. Hugh Fugate, Billy Joe Golden, James Graham, Frank Heinze, John G. Heinze, William Holbrook, Kenneth Kerr, Jim Melmige, James Moss, Ted Osborne, Gresham Sacra, Deward Saylor, Bill Scott, William D. Stevens, David G. VanMeter, Philip Vinciguerra, Shirley Watts, Ed Hanas.

MINUTES OF BOARD MEETING

The Board of Control of the Kentucky High School Athletic Association met in the K.H.S.A.A. building, Lexington, on Saturday morning, October 17, 1959. The meeting was called to order by Vice-President Louis Litchfield, at 10:00, with directors Robert P. Forsythe, W. H. Crowds, Jack Dawson, K. G. Gillaspie, W. B. Jones, and Cecil A. Thornton; Commissioner Theo. A. Sanford, and Assistant Commissioner J. B. Mansfield present.

Jack Dawson moved, seconded by W. H. Crowds, that the reading of the minutes of the July 31st meeting be waived, since the members of the Board had received copies of these minutes. The motion was carried unanimously.

Chairman W. H. Crowds of the Football Championship Committee reported that he had attended a meeting of school administrators and coaches, held at the Beaver Dam High School on the evening of October 1 for the purpose of creating interest in football among the school representatives of the Fourth Basketball Region. Also in attendance at the meeting were Coach Nick Denes of Western Kentucky State College and K.H.S.A.A. director Bob Forsythe. Mr. Crowds stated that it was his opinion that some of the schools in the area involved would inaugurate football within the next two years.

There was a discussion of the forthcoming football playoffs, and the Commissioner was authorized to put into effect and carry out the regulations previously adopted by the Board of Control.

Chairman W. B. Jones of the Trophy Committee reported that his committee had met and had selected district and regional basketball trophies which would be used in the forthcoming 1960 tournaments. Mr. Jones said that the trophy specifications were now

being prepared for the bidders. Robert P. Forsythe moved, seconded by Cecil A. Thornton, that the report of the Trophy Committee be accepted and approved. The motion was carried unanimously.

Jack Dawson moved, seconded by K. G. Killaspie, that Edgar McNabb and Joe Ohr be named respectively delegate and alternate to the forthcoming meeting of the National Federation Football Committee. The motion was carried unanimously.

The Commissioner stated that it might be necessary for the K.H.S.A.A. to borrow some money prior to the time of receiving 1960 State Basketball Tournament money, this plan probably being more advisable than that of selling bonds or transferring money from savings accounts. W. B. Jones moved, seconded by K. G. Gillaspie, that the Board of Control authorize Commissioner Theo. A. Sanford to borrow during the fiscal year 1959-60 for the purpose of paying current bills and salaries an amount not to exceed twenty thousand dollars (\$20,000). The motion was carried unanimously.

W. B. Jones moved, seconded by Cecil A. Thornton, that the next meeting of the Board of Control be held in Lexington on December 19, 1959. The motion was carried unanimously.

K. G. Gillaspie moved, seconded by Cecil A. Thornton, that all bills of the Association for the period beginning July 31, 1959, and ending October 16, 1959, be allowed. Included in these bills were a few K.H.S.A.A. Protection Fund bills, totaling \$190.16. The motion was carried unanimously.

There being no further business, the meeting adjourned.

M. J. Cavana
IN MEMORIAM

M. J. "Bud" Cavana, faculty member of the Newport Junior High School and a member of the K.H.S.A.A. State Swimming Committee, died in Bellevue, Kentucky, on September 13, 1959. He is survived by his wife, Jane, and his two sons, Jim and Jeff.

The passing of "Bud" Cavana is felt deeply, not only by his own community of the greater Cincinnati area but also by hundreds of friends throughout Kentucky. He was a graduate of Newport High School and of the University of Kentucky. He was a member of the basketball and football squads at the University, lettering in football. Although he had coached several sports, his particular interest was swimming, both at the local and state levels. He was coach of swimming at Newport High School at the time of his death and had been for several years.

The first unofficial State Swimming Meet was held at the Morehead State College pool

on March 28, 1942, this being an invitational affair sponsored by the Boosters' Club of Newport and managed by M. J. Cavana. He managed a similar meet at Eastern Kentucky State College in March of 1946. When the first official K.H.S.A.A. State Swimming Meet was set up by the Association's Board of Control in 1947, it was only natural that "Bud" Cavana be named a member of the State Swimming Committee. Since that time, through his interest and devotion to swimming, he has been instrumental in keeping this sport alive in the K.H.S.A.A.

Having conducted many swimming meets, both A.A.U. and high school, Mr. Cavana was in a position to do much for the sport in a capacity where capable leadership was hard to find. He organized and promoted the first conference swimming meet in Kentucky, that of the Northern Kentucky Conference, several years ago. He coached hundreds of boys and girls in swimming, not only in his community but also out of the state. His leadership will be greatly missed by all of his friends in sports and especially by the members of the State Swimming Committee.

Why Boys Play Football

Much has been written on competitive sports. It is a favorite theme of the banquet speaker. We have been well briefed on why a boy should participate in football and other bodily contact sports. We know of the benefits to the individual—physical, social and moral. We know too, that society benefits by having added to it individual members who are stronger, braver, and cleaner by having played the game.

All that we can readily understand. Now approaching it from another angle, why do boys play football?

What is the lure of the game that is so demanding in this era of high pressure competition? To the public, football is a dramatic spectacle that provides relaxing week ends throughout the fall months. It is a meeting place for old grads and a rallying point for all students and alumni of the school. But to the players? To them it is a field of hardship, sacrifice, discomfort and danger in a land of abundance and luxury. Why do boys, of their own accord, choose to play the game?

Football offers the age-old challenge to man's spirit. It is the challenge of danger and hardship that has lured the strong and the brave to sail uncharted seas, to scale mountain peaks, to explore new lands and

trace their rivers to their sources. Then there is the lure of companionship. The bonds of companionship become stronger when an experience of danger or hardship is shared with your comrades. When boys bow down in the huddle together and brace themselves shoulder to shoulder in a goal line stand, they gain a new concept of companionship. There is a close bond and understanding among those who have worn the cleated shoes in varsity competition. In most areas of our modern society, we must accept a person at his own evaluation. In more primitive times, danger and hardship were ever present and a man was more often required to exhibit his courage and fortitude in the presence of his associates. Now he has more means of concealing his frailties. But on the football field, there is little to hide behind. The mask of pretense is removed and you see the man as he really is.

Then there is the lure of adventure and the lure of conquest. The same appeal that led Marco Polo to the Far East impels a boy to walk up to the coach and ask for a uniform.

So as you look down on that gridiron this fall, you will see there the strong, the bold and the daring. You will see the spirit of Lancelot and stout Cortez. It is the spirit that has conquered, explored and built empires. Moreover, football not only attracts the strong, but it builds greater strength into the lives of those who are lured to it.

AND WHY DO BOYS PLAY FOOTBALL? When Wilfrid Noyes was asked why he climbed the Himalayan Peaks, his reply was, "I climb because I like it." George Mallory's classic answer to this question was, "Because it's there." Many boys play football because it's there. Let's keep it there for the bold young explorers of tomorrow!

High School Swimming Rules

by Charles E. Forsythe

The meeting of the Point National Collegiate-National Federation Swimming Rules Committee was held at Fort Collins, Colorado, April 16-18, 1959. I attended this meeting as a representative of the National Federation of State High School Athletic Associations. David Robertson, Swimming Coach, New Trier High School, Winnetka, Illinois, advisory member representing the Interscholastic Swimming Coaches Association of America, also was present. The changes indicated below are those which will affect interscholastic swimming for 1959-60 season.

RULE 1, SECTION 4 - ORDER OF EVENTS

The position in the order of events of the 100 Yard Freestyle and the 100 Yard Breaststroke has been reversed. In other words, the 100 Yard Breaststroke will be event No. 5 and the 100 Yard Freestyle will be event No. 6 in dual and championship meets.

Also, in the order of events the 150 Yard Individual Medley will be replaced by the 200 Yard Individual Medley in 75 foot pools. The 120 Yard Individual Medley in 60 foot pools will be replaced by one of 160 yards in length. The Breaststroke is the new stroke which will be added to the Individual Medley.

In Section 4 in the Rules Book a note will appear to allow state high school athletic associations in each state, if they desire to do so, to permit a change in personnel of relay team members competing in a state meet from those who may have qualified in a preceding district or regional meet. This procedure is not mandatory to a state but it will allow for substitutions, if desired, for original district or regional qualifiers, in relay only, who may take part in a state meet held later than the date of district or regional qualifying meets.

RULE IX, SECTION 1 - BREASTSTROKE

The first sentence in this Section will be deleted as also will be the provisions of Part (e) of Section 1. The new Section 1 (a) will read as follows: "The Breaststroke must be swum on the surface. Following the take-off and each turn, one arm pull and one leg kick may be taken under water, but some portion of the contestant's head must break the surface of the water before another stroke is started. Except for this provision, some portion of the contestant's head must be higher than the normal, flat surface of the water at all times."

RULE XII, SECTION 1 INDIVIDUAL MEDLEY

With the change in the Individual Medley to races of 200 yards and 160 yards in 25 yard and 20 yard pools, respectively, there is no need for the Second Section previously included in this Rule. The heading will be changed to read "INDIVIDUAL MEDLEY - INTERCOLLEGIATE AND INTERSCHOLASTIC." Section 1, as it applies to high schools, now will read as it has been in effect for this event in intercollegiate competition as follows: "The Individual Medley shall be a race in which the first one-fourth of the distance shall be Butterfly Stroke, the second one-fourth Backstroke, the third one-fourth Breaststroke, and the last one-fourth any stroke other than the first three."

The Flying Dutchman

Almost 2500 officials, coaches, players and fans turned out for the Basketball Clinics. With the personable Joe Billy (Assistant Commissioner) serving as navigator on our eastern swing, we not only were lost in the Kentucky Mountains most of the time but we also were snowed under with the fine hill country hospitality. The same famous hospitality was in evidence in the western section but with the "Navigator" back in his Lexington office the meetings lost some of the color provided by the "Personable One's" jokes.

Officials all over Kentucky were directed to emphasize four phases of officiating in their decisions this year:

(1) The ball must be tossed correctly and NOT CARELESSLY for the jump. It must be tossed at right angles to the floor and higher than either of the jumpers can jump.

(2) Administer the running rule strictly. Do not permit players to get away with those extra steps.

(3) Don't call fouls on those defensive men who execute fine guarding plays against the shooter. It is felt that many times a shooter gets free shots when his guard should be receiving praise instead of penalty.

(4) When a coach comes on the floor without permission or verbally abuses an official, **A TECHNICAL FOUL MUST BE CALLED.**

Already the sixteen regional representatives of the K.H.S.A.A. are starting to set up their training sessions. The youthful Briscoe Inman, who trains the whistlers in Region 12, is "one the ball." "Brainy Briscoe" has mailed 150 letters to all coaches and officials in an 80-mile radius of Danville, advising them of his clinic on mechanics at Centre College gymnasium in November. Briscoe is also going to emphasize proper dress and ethics. For this he is to be commended.

Irby Hummer, the Hodgenville financier and golfing enthusiast, gets a Corn Cob Pipe Award this month for his work with the South Central Officials Association. Irby is president, Bill Strange is vice-president, Cliff Reed is secretary-treasurer and "Jolly Kean" Jenkins is director of public relations. Irby's aim at the development of trained officials with professional attitudes won the award for him.

James Pheane Ross of Lexington got this month's second cob award for his work with recreation in Kentucky. Pheane says he

treasures his award highly and that the pipe, horseman and certificate are proudly displayed. In Pheane's words, "The horseman is riding at full gallop on my desk and the certificate is hanging close by."

As soon as the Dutchman finishes this column he will set his sights on the Indiana Education Association which meets in Indianapolis in October. Commissioner L. V. Phillips of the Indiana High School Athletic Association has invited the Dutchman to speak to his association of principals, coaches and officials at the I.E.A. The Dutchman gave Colonel Phillips two subjects to select from namely, "Will Officials Go To Heaven," and "Hardwood and Hardheads." The Commissioner chose the latter saying that if one per cent of our hardwoods come to the meeting, you will have an overflow audience. I guess he already knew the answer to the first subject.

One thing was especially enjoyable about this year's clinic tour. For the first time in the Dutchman's 18 years of clinic work for the K.H.S.A.A., a member of the Board of Control accompanied him on a part of the trip. "Johnnie" Crowdus made a hit at the sessions he took part in. "Johnnie" also made a score at the State White House Conference on Youth held this month. An expert in the Field of Recreation, Board Member Crowdus made his presence count at the meetings.

Being a golfing duffer this thought occurred to us at Hazard. Goebel Ritter, who is regarded as the longest driver in the mountains, should be put in a foursome with "Johnnie" Crowdus who relies on brain instead of brawn for his victories, Kean Jenkins who talks you out of holes, and Pikeville's Dick Looney who is now having a hard time hitting the small white ball because of his expanding mid-section. A lot of people would pay money to see that foursome.

Murray's Garrett Beshear gets credit for being the best material for that town's Chamber of Commerce. Sitting beside Garrett at Mayfield, we got the best lecture on the beauties and advantages of that western city that could be given. Undoubtedly one of the greatest basketball players of all time, this popular fellow loves young people, sports and Murray State. He is a credit to them all.

Starting with this column, the Dutchman is trying to find the most indefatigable official in the Commonwealth. By the end of the year we hope to properly recognize that official basketball or football, who has accumulated the greatest number of years and

has officiated the most seasons. Send your nomination, a picture of the gentleman, and a very short story to The Flying Dutchman, Armory Building, Louisville 2, Kentucky.

This month's nominations are the University of Louisville's "Jolly John" Heldman, Jr., and "Rovin Jack" Thompson, who might be found calling games anywhere in "Inner or Outer Space." Our information on these two is not reliable but we believe that between them they have been officiating almost one hundred years. Neither shows any indication of slowing up or retiring. Whom do you know who can match these "ageless arbiters?" Who will be Mr. Methuselah of 1960?

The Dutchman is following a new policy of closing each column with a bit of Dutch philosophy. Here goes for this month: One of the great things about living in a democracy is that we have complete control of how we pay our taxes. We may pay by cash, check or money order. Did you know that an unkind remark is like a killing frost? No matter how much it warms up later, the damage remains.

PLAYING FOR KEEPS

(Continued from Page One)

between philosophy and application we are driven by our ideals of the sacredness of the individual and by the demands for trained manpower in this scientific age, with a kind of competition we have not heretofore known. We will be more concerned than ever by the high school dropouts, as well as the athletic leftouts.

You must, therefore:

1. Advance your far-reaching programs of interscholastic athletics. Their role is extremely important for all of the values I cherished and served as a high school principal.

2. Actually bring philosophy and practice together through intramural programs. New standards of excellence will no longer tolerate restricting these values to the few. Imaginative procedures must be planned and executed for bringing glamour and success to intramurals or any other sound means for reaching all with these experiences.

3. Take leadership in bringing into balance recognition for all pupils who achieve, whether in academic pursuits, athletics, or otherwise.

4. Have ample resources in teachers and coaches to do the job better—intramurals

incidentally will elevate the quality of interscholastic athletics.

5. Secure adequate support from public funds for all such activities.

6. Look ahead—rise above immediate problems of the day. Face and deal with the pressures that restrict wider application of the best in your philosophy.

7. Extend the techniques of research and experimentation and the facilities of the mass media to your field.

Your leaders, in writing about my assignment, asked me to give something of my experiences heading the first official educational mission from our country to the USSR. There will be very little time for that, but let me say briefly in passing that the major impression of our delegation had to do with the attitude toward education on the part of the Russians, sparing no expense in their conviction that in the race for knowledge education is the prime instrumentality to use in "reaching and overreaching America." They are convinced that they will attain their objective with trained minds.

The Russians are enthusiastic about sports and have a deep love for them. But they seem chiefly concerned about providing for a wide degree of participation by all boys and girls. They put great emphasis upon physical education and health, including intramurals, and provide one full-time doctor for each two schools and one trained nurse for each school. Such is their interest in health, physical education and athletic activities.

My subject reminds me of a conversation I had with the Minister of Education in USSR. We were arguing the relative merits of our two systems of society. He said, "You believe in individual initiative; we believe in a planned society—let time tell." Meaning, in his mind, that time would prove that his side was right. But we know a planned society has limitations, whereas in a democracy there is no limitation beyond that which we impose upon ourselves.

This challenge means that we must stop taking our blessings for granted and give our best without limit to strengthen democracy. One of the approaches is to provide a good strong program in which all boys and girls will have the benefits of athletics, intramurals, and physical education.

As we contemplate the next ten years we know beyond doubt there will be great efforts to overcome the disadvantages of small schools through consolidation of school dis-

tricts. You have an opportunity, therefore, to develop an athletic blueprint for new consolidated school districts. It is an opportunity to prevent bad and promote good practices.

And, since for a number of reasons, we shall continue to have in the next ten years many small schools, there is the challenge for you to invent and promote ways to enrich small schools. For example, in other aspects of school programs there is experimentation with multiple classes, supervised correspondence courses, school aids, electronic communication, flexible schedules, and shared services, in order to bring enrichment to these youngsters who suffer from the restrictions of small schools.

Thus, perhaps you could invent a system of flexible schedules and shared services to give a good coach to each of several schools; perhaps you could develop a system of joint teams and certainly intramurals. The sky is the limit in what you may try.

As industry and government and the military are providing continuing programs of intensive training for executives, we in education need to extend opportunities for our leaders. For years you have been leaders in providing schools for coaches. You are on the right track and you need to extend these opportunities because we are going to need many more coaches in the next ten years, trained up to the minute.

Changes are constantly taking place in physical plants. What are you doing to contribute ideas, putting invention into play; what changes in buildings and equipment should there be for your programs?

Before concluding I want to cite **certain values that will not and must not change.** I refer to those experiences related to your unique opportunities to get close to children and youth and move deeply in their hearts. As a school principal I often would say that I wouldn't have a school without athletics, and I wouldn't have athletics without the kind of controls that your associations have developed.

I wish I might cite case after case that I cherish in which I have seen your programs reach the hearts of youth. I have seen boys and girls learn to extend the rules and practices of good sportsmanship, fair play and teamwork to all of their relationships. I am thinking also of the spiritual and character values of good clean sports and vigorous sportsmanlike competition. These are values that must be reemphasized and extended in times like these.

A Job To Do

Good sportsmanship is the "most noble" of all interscholastic athletic program objectives to a great many leaders in education. The opportunities for teaching and for acquiring this fine attitude are abundant in sports. Unfortunately, wrong attitudes are just as easy to acquire if the contests are permitted to degenerate to demonstrations of poor sportsmanship.

Each of the groups concerned with athletics, that is the administrators, officials and coaches, have a definite responsibility to have all games played in as sportsmanlike atmosphere as possible. This is not an overwhelming responsibility, but it does require planning, courage, determination and vigilance to insure maximum benefits.

Good sportsmanship is not a complicated attitude. It can be easily defined and readily recognized. Fortunately, violations can be detected just as easily.

Good sportsmanship simply means playing the game according to the spirit as well as the letter of the rule; it means the winner does not gloat nor does the loser alibi. Those with leadership responsibility must make certain these simple tenets are observed.

When an official agrees to work a game he accepts the responsibility of enforcing the rules. A traditional rule requires football officials to penalize promptly for unsportsmanlike conduct on the part of coaches and players. With all due respect to the excellent manner in which most football officials discharge their game responsibilities, many have not been as vigilant in penalizing this foul as they could and should be.

The Alliance Football Rules Committee recognized this fact when, at its most recent meeting, it strengthened, as much as possible, the rule prohibiting coaching from the sideline and all unsportsmanlike conduct.

The Rules Committee has traditionally provided officials with the tool they need to enforce penalties for violations of unsportsmanlike conduct. It is up to the officials to discharge their responsibilities so that violations of this rule are penalized promptly. Officials must supply the initiative and the courage and determination to enforce the rules.

The Rules Committee has provided the tools—the officials must put them to work.

Basketball Hall of Fame

By Lyle T. Quinn, Iowa H.S.A.A.

The National Association of Basketball Coaches in 1936 was successful in raising sufficient funds to send Dr. and Mrs. James Naismith to Berlin to attend the 1936 Olympics. The honors heaped upon Dr. Naismith gave evidence of the world-wide spread in the importance of basketball as an international game. The National Association of Basketball Coaches immediately thereafter began exploring ways and means for the creation of a permanent memorial to the game of basketball and its founder. In 1948 the first Basketball Hall of Fame Committee was organized and funds were subsequently voted to carry on its activity and an office was set up at Springfield College, where the college administration furnished the necessary facilities. Springfield College was the natural location for a basketball hall of fame since it was there in December of 1891 that the first game of basketball was played under the direction of Dr. Naismith, who had on several subsequent occasions, indicated that it was his wish and desire that should a memorial to the game ever be established, it should be established at Springfield, the birthplace of the game.

The plans have been completed for the creation of a building to cost approximately one-half million dollars. Construction is planned to be started early in the Fall of 1959. An investment of \$1,000 in the Hall of Fame Building by an institution carries with it an institutional membership in the corporation with a voice and vote. A personal investment of \$100 carries with it a life membership in the corporation. A \$25 investment carries a five-year membership. Any such investments may be paid in full or by suitable installments over a period of time convenient to the investor.

The Hall of Fame for Basketball will be operated under the direction of an Executive Committee selected by the members of the National Association of Basketball Coaches and from the responsible groups and individuals vitally interested in basketball. The title to the property will be held in the name of the "Basketball Hall of Fame, Incorporated," a non-profit organization created to handle all legal, financial, contractual and business matters incidental to the project. The physical maintenance will be covered through the budget of the corporation and carried on through cooperative ar-

rangements with Springfield College. Janitorial and housekeeping duties will be under the supervision of the College, acting for the corporation. The annual financial budget will be provided from door fees and from concession sales at the museum, increased as needed by contributions, by receipts from special games, and income from endowment funds. Experience in similar projects has indicated that when the museum and library become going concerns the plant will be fully self-supporting. Every member of the corporation will have a voice in the direction and management of this tangible evidence of interest and appreciation of those not only directly connected with and engaged in basketball activities, but also those millions who must engage as onlookers and supporters.

The building will house a museum which will reveal a basketball history in terms of souvenirs and mementos of the founder, former players, coaches, teams and institutions. A pageantry of growth of game in terms of equipment, playing areas, and spectator space. A replica of gym room where the game was first played, with markings indicative of change to date serving as a main display room.

The building will house a library containing complete historical coverage to the present and also containing a collection of all books, magazines, papers, and other printed material pertaining to basketball for the purpose of providing a working library for students of the game. The building will house a stage and equipment necessary to present movies, demonstrations and addresses. A memorial room which will include many personal effects of Dr. Naismith, the original first draft of the rules of the game as typed by Dr. Naismith himself, and many other important and historical items.

A selection of individuals to be honored in the Basketball Hall of Fame will be made by the Basketball Hall of Fame Honors Committee which consists of 13 members, one from the city of Springfield, Massachusetts, two active members of the National Association of College Basketball Coaches, two Executive Secretaries of State High School Athletic Associations, one member of the Y.M.C.A., one member of the A.A.U., one active member of the International Board of Approved Basketball Officials, two from the Press, Newspaper, Radio and/or Television, two from the Sporting Goods industry, one from the field of professional basket-

ball. The first Honors Committee was appointed on March 21, 1958, and proceeded with the tremendous task and responsibility of drawing up the rules and regulations to be followed by the Honors Committee. One of the requirements of the Committee is that a person elected to the Hall of Fame must receive ten (10) affirmative votes of the thirteen members of the Committee. During the year of March, 1958 to March, 1959, the Honors Committee elected Dr. James Naimsmith, his original team of nine players and three old-timers to the basketball Hall of Fame. The Honors Committee held their first meeting in Louisville, Kentucky, March 17, 1959. The second meeting of the Honors Committee was held in Chicago on occasion of the Pan-American game August 30, 1959. The Honors Committee is in the process at the present time of screening applications of individuals who are candidates for election to the Hall of Fame.

Here and There

A recent nation-wide survey of Junior High School interscholastic athletics reveals basketball is played in more schools than any other sport. On the basis of the number of teams participating, the first ten most popular activities rank in this order: basketball, track, tackle football, baseball, softball, swimming, wrestling, soccer, tennis and volleyball.

Willard B. Knowles, upon the expiration of his term as President of the Federated Council for the CALIFORNIA Interscholastic Federation Protection Fund, was commended for services rendered to high school youth in California by Dr. Roy E. Simpson, Superintendent of Public Instruction and Director of Education for the State of California Department of Education. Mr. Knowles was cited for "exceptional professional leadership in serving as President of the Federation Council and for his willingness to accept this important post and for unselfish devotion to the service of high school youth in California." Mr. Knowles is presently an Executive Committeeman from Section 7 and Vice-Chairman of the National Alliance Football Rules Committee.

The ONTARIO Federation of School Athletic Associations, Toronto, Ontario, is comprised of nine separate Associations. There are 329 school with a total enrollment of 203,535 in these nine Associations, which include both public and private schools. The

Federation, which has a budget of approximately \$25,000 annually, sponsors a full program of 16 sports, including rugby, basketball, track and field, badminton, cross-country, curling, golf, gymnastics, hockey, rugger, skiing, soccer, swimming, tennis, volleyball and wrestling. Including the senior, junior and sub-junior divisions, there are 372 teams playing rugby, with 10,150 boys participating. There are 631 schools sponsoring basketball teams in the three divisions and providing competition for over 7,770 boys. Track and field, with the greatest number of teams (701) provides competition for over 9,000 boys. 93 schools sponsor volleyball, 59 badminton and 57 hockey. N. A. Beach, who attended the National Federation's annual meeting at Chattanooga during the past summer is the Federation's executive Secretary.

CHARLES VETTNER, former member of the National Basketball Rules Committee and the Kentucky rules interpreter, again this year conducted the annual state-wide invitation basketball rules clinic for the Indiana High School Athletic Association, held at Indianapolis on Saturday, September 26. It was the meeting's purpose to discuss rules interpretations, officiating techniques and official rulings for the coming season. The clinic was attended by Indiana instructors and men who will act as interpreters for sectional clinics.

STEPHEN EPLER, inventor of 6-Man Football and Chairman of the 6-Man Football Rules Committee, recently became the 28th member elected to the Nebraska Sports Hall of Fame. Epler, who is presently the Superintendent and Principal of Reedley College, Reedley, California, invented 6-Man Football while attending a summer session at Nebraska University. During his Master's thesis preparation, Epler considered the athletic problems facing the small high schools which had no football team or such small squads they were unable to compete equitably with other schools. Some small schools were unable to field football teams because of the cost of outfitting a 25 or 30 man squad. The game Epler proposed required less expensive equipment, fewer players, reduced the danger of injuries and provided an opportunity to compete in an activity offering physical contact through blocking and tackling. The first 6-Man game was played at Hebron, Nebraska on October 3, 1934 between the schools of Hardy-Chester and Belvidere-Alexandria. The game was

well attended. The new sport grew rapidly, being played by small schools all over the country. At the present time there is a swing to 8-Man Football but there still are over 60 6-Man teams in Nebraska alone.

THE OREGON School Activities Association is circulating a questionnaire to all school boards in the state, asking them to indicate if they desire to continue the existing championship series in various sports. Early reports indicate schools are voting 7 to 1 to retain championships in all the activities of the athletic program. Surplus snow parkas secured at a reduced price by an enterprising athletic director in the State of Oregon have been bleached and then striped like football officials' shirts. The parkas to be worn by the chain crew and down box men will assist spectators, as well as coaches and players, in quickly locating the line to gain even on rainy football nights which are frequent in Oregon during the fall season.

The Medical Association of the State of ALABAMA, through its Committee on Public Relations, has provided the Alabama high school athlete. The leaflets are conseries of leaflets for distribution to its members which outline the responsibility of the school administrator, the team physician and the parent in protecting the health of the high school athlete. The leaflets are conveniently sized and interestingly written. The Medical Association's service in this respect will contribute to the Alabama High School Association's goal of protecting the physical welfare of athletes who participate interscholastically.

The "Big Hearted" Athlete

Athletes may have bigger hearts than other persons but this is no indication that there is anything wrong with them, according to the Committee on the Medical Aspects of Sports of the American Medical Association. The AMA Committee (formerly known as the Committee on Injury in Sports) pointed out that the heart, like any other muscle of the body, becomes larger as the result of physical activity. But this does not mean that it is damaged in any way by the exercise.

There is no evidence to show that exercise has ever damaged a healthy heart in a properly conditioned athlete. In fact, the athlete's heart will not only become larger but will also become stronger, the Committee said. The myth of "athletic heart" has been exploded long ago but the belief persists in some circles. Hearts are damaged by disease

and not by participation in athletics, it was stated. The heart weakened by disease in some cases is dilated or ballooned-out but this has no relationship to the large heart of the athlete, the walls of which as a result of exercise, have been strengthened and built up in muscular bulk. The functioning of every heart presents an individual problem and thus heart disease is also a highly individual matter.

Coaches and leaders of athletics and recreational sports should watch for the following signs and encourage participants to report such symptoms themselves: (a) breathlessness, rapid pounding heart, or extreme weakness or shakiness that lasts for more than ten minutes after exercise; (b) broken sleep or unusual restlessness during the night following strenuous exercise; or (c) a definite sense of fatigue that holds over through the next day. When such signs or symptoms are reported by the player or observed by the coach or leader, referral to a physician for careful examination is in order.—National Federation and A.M.A.

The OFFICIAL SPORTS FILM SERVICE

has concluded plans for the filming of a new picture, "Official Football." "Official Football" was filmed at Municipal Stadium, Albuquerque, New Mexico, with the playing personnel selected from Highland High School. Scenes were filmed during the week of October 19-24. The Football Rules Editorial Committee served as the technical staff with the Officials' crew being made up of outstanding Officials coming principally from the southwestern area states. The film is to show and demonstrate the wide variety of play rulings. Sequences will be introduced on the basis of the primary responsibilities of the various Officials, that is, Referee, Umpire, Field Judge and Head Linesman.

SUCCESS—

Success is speaking words of praise,
And cheering other people's ways;
It's doing just the best you can
With every task and every plan.
It's silence when your speech would hurt,
Politeness when your neighbor's curt;
It's deafness when the scandal flows,
And sympathy with other's woes.
It's loyalty when duty calls.
It's courage when disaster falls,
It's patience when the hours are long,
You'll find it in laughter and in song.
It's in the silent time of prayer,
In happiness and in despair.
In All of Life, and nothing else,
We find this thing we call Success!

FF-1S BASKETBALL SCOREBOARD

Here's the world's most popular basketball scoreboard—the FF-1S—with famous TICK-AWAY flashing numeral clock originated by Fair-Play. Shows exact number of minutes and seconds remaining in game. Accurate, dependable, and easily serviced.

Sturdy, all-aluminum alloy cabinet, fully enclosed with no exposed wiring, Non-glare, baked enamel finish. Choice of colors: gray, red, green, blue, and black, with white lettering.

Choice of 9" or 12" numbers. Scoreboard with 9" legible from 200 feet; measures 5' long x 3'5" high x 6½" deep; weighs under 100 lbs. Scoreboard with 12" numbers is 5' long x 4' high x 6½" deep; weighs 100 lbs.

Scoreboard controlled by light-weight, single-piece pressed aluminum control panel with baked enamel finish. Designed to accommodate one or two operators. Control panel is 24" long x 7" wide x 2" deep. Dual control permits simultaneous or independent operation of synchronized boards. Ten-foot cable attached, more if specified. Control panel features push-button progressive scoring for rapid corrections. Clock is quickly reset by button for new periods or overtimes.

New loud Banshee Buzzer mounted on board now standard. Super-special resonating Federal No. 55 horn available at extra cost. Extra horn may be attached at control. Clock stops automatically and sounds horn. Horn can also be sounded at will.

Early Season Basketball Questions -- Installment 1

---Editor's Note: These rulings do not set aside or modify any rule. They are interpretations on some of the early season situations which have been presented.

Play 1: The home team provides an: (a) approved composition-covered natural tan; or (b) leather-covered orange ball.

Ruling: The ball in (a) is legal but, unless the teams agree to use the orange-colored ball in (b), it may not be used.

Play 2: Jumper A1 in center circle taps the ball backward where A2, in his back court, bats it into his front court, A3 then secures control and passes to A2 in the back court.

Ruling: Violation. Ball is in the back court a second time following the jump.

Play 3: With the score A50 - B50, time expires for the fourth quarter of a high school game. While the ball is in flight on an unsuccessful try by A1, B1 flagrantly fouls A2: (a) before; or (b) after basket is made or missed.

Ruling: In (a) foul is penalized and, if either of the free throws is successful, no additional period is played. The foul in (b) is a technical foul and an extra period will be played, started by administration of the free throws.

Play 4: During a free throw for personal foul, free thrower A1 has his foot beyond the vertical plane of the free throw line before the ball touches the ring or backboard or before the free throw ends.

Ruling: Violation. Ball becomes dead when violation occurs. Unless another attempt is to follow, the ball is awarded to B out of bounds at either end of the free throw line extended.

Play 5: After thrower or passer A1 jumps and before he returns to the floor, B1 moves into his path so that he is contacted when A1 returns to the floor.

Ruling: Foul by B1.

Play 6: B1, after establishing a legal guarding position in the path of dribbler A1, crouches to avoid injury from charge by A1.

Ruling: Foul by A1 for charging. After taking a legal guarding position, B1 may turn, crouch or retreat to avoid injury from a charging dribbler.

Play 7: Screener A1 takes a position so close behind B1, who is stationary and does not have the ball, that contact results when B1 turns normally.

Ruling: Personal foul by A1. When a screener takes a position behind a stationary opponent who does not have the ball, the opponent must be able to take a normal step backward without contact. The player being screened from behind is given greater latitude of movement than one screened from the side or front because he is not expected to see the screener.

Play 8: After A1 receives a pass he comes to

a stop on the count of two with: (a) his feet on a line from right to left; or (b) his left foot in advance of his right.

Ruling: A1 may legally pivot on either foot in (a) but only on his right (or rear) foot in (b).

Play 9: A1 intentionally or accidentally throws or bats the ball through either his own or B's basket from below.

Ruling: Ball becomes dead as soon as it enters and passes through the basket from below. B will throw in from end of court at the spot nearest violation.

Play 10: A1, in the mid-court area and legally guarded by B1, consumes more than 5 seconds in a bona fide attempt to advance the ball by dribbling.

Ruling: There is no violation. Official will not start a 5-second count when the dribbler is clearly trying to advance the ball.

Play 11: While an unsuccessful free throw by A1 is in flight, B1 is in the lane too soon. Before the ball is dead B2 pushes A2.

Ruling: Penalize the infractions in the order in which they occur. A1 will attempt free throw or throws due him (including the substitute throw) and the ball will become dead when his last try is made or missed. A2 will then be given his throw or throws.

Play 12: A1 and B1 jump at center circle. A1 taps the ball into his front court where it is touched but not controlled by A2 and then deflected into the back court of A where B3 secures possession. May B3 cause the ball to go into his back court?

Ruling: B3 may not cause the ball to go into his back court because the ball has been there prior to B3 securing possession in his front court. When A2 touched the ball in his front court (this is B's back court) and thereafter B3 gained control of the ball in A's back court (this is B's front court), B3 could no longer legally return the ball to his back court.

Play 13: Throw-in by A1 strikes basket ring. While ball is on the cylinder B1 bats it away.

Ruling: This is basket interference even though B1 may have prevented A1 from committing a violation. In the case cited, two points should be awarded team A.

Play 14: While rebounding, A1 secures ball and swings his elbows to clear the area in his vicinity. Elbow contacts B1.

Ruling: Personal foul by A1.

Play 15: A6 enters game without reporting to scorer. After play is resumed and before ball becomes dead, A2 commits personal foul. Scorer then calls Referee's attention to failure of A6 to report.

Ruling: False multiple foul. Free throw or

State Tournament Information

The 1960 State High School Basketball Tournament will be held in Freedom Hall, Louisville, on March 16-19. The first session is scheduled for Wednesday night. Three sessions will be held on Thursday, two on Friday and two on Saturday.

At some time in the month of December the Commissioner will send K.H.S.A.A. member schools forms which may be used in requesting passes to the tournament. These forms may be returned on and after January 4.

Complete sets of tickets are priced at \$8.00 (end bleacher seats), \$16.00 (chair back seats and end box seats), and \$20.00 (box seats at the side of the floor). The general sale of tickets (not school orders) will be conducted by State Tournament Ticket Sales, P. O. Box 1173, Lexington. These orders should not be placed before January 25. The amount of 25c should be added to each remittance (not school orders) to pay for postage and insurance charges. Orders mailed prior to January 25 will receive a lower priority than those mailed on that date.

Hotels, motels, and other lodging places in the Louisville area will begin taking reservations after the first of the year. The Housing Bureau of the Louisville Chamber of Commerce will assist in securing rooms for those who are unable to get lodging by writing directly to the places of their preference. Such requests should be addressed to Mr. Lew Tinsley, Louisville Chamber of Commerce, Louisville, Kentucky.

The 1959 Cross Country

The St. Xavier High School of Louisville won the seventh official K.H.S.A.A. Cross Country Run, which was held in Lexington on November 14. The team score was 65. First place was won by Joseph Kroh of St. Xavier, with the time of 10:35. The St. Xavier team was coached by Brother Brennan.

Scores of the fifteen full teams which qualified for the state run were as follows: St. Xavier, 65; Trinity, 103; Butler, 123; Waggener, 129; Greensburg, 153; Johns Creek, 178; Montgomery Co., 219; Glendale, 227; Elizabethtown, 273; Trimble County, 286; Berea Foundation, 305; Bagdad, 327; Highlands, 338; Camargo, 348; Paducah Tilghman, 431.

The State Cross Country Run was held on the Piccadome Golf Course, and was managed by the Spicade Shoe Society of the University of Kentucky. Officers of the Society are: Harry T. Starns, President and Treasurer; E. G. Plummer, Vice President; Press Whelan, Secretary. Activities of the Society are supervised by Dr. Don Cash Seaton, Head of the Department of Physical Education and Track Coach at the University of Kentucky.

Seven regional runs had been held on October 31 for the purpose of qualifying teams and individuals for the state event. These runs were held at Paducah, Bowling Green, Clarkson, Louisville, Bellevue, Berea, and Paintsville. In addition to the teams, several individual runners qualified as entrants for the state affair.

One hundred twelve boys took part in the State Cross Country Run. The order in which the first fifty finished is given below, including the times.

1-Kroh, St. Xavier (10:35); 2-Owens, Trinity (10:39); 3-Banks, Elizabethtown (10:48); 4-Gerstle, St. Xavier (10:49); 5-Johnson, Trimble Co. (10:52); 6-Matlock, Butler (10:53); 7-Mathis, Waggener (10:55); 8-White, Waggener (10:56); 9-Cunningham, Trinity (10:58); 10-Howard, Johns Creek (10:59); 11-Edmonds, Johns Creek (11:00); 12-Passafiume, St. Xavier (11:04); 13-Lewis, Berea Found. (11:05); 14-Hudson, Knox Central (11:05); 15-Bealmeare, Trinity (11:12); 16-Castle, Flat Gap (11:13); 17-Havens, Montgomery Co. (11:13); 18-McMahan, Greensburg (11:16); 19-Turrel, Waggener (11:18); 20-Houk, Greensburg (11:20); 21-Crawley, Butler (11:20); 22-Estepp, Flat Gap (11:21); 23-Vetter, St. Xavier (11:21); 24-Elliott, Butler (11:24); 25-Conlon, St. Xavier (11:26); 26-Jerry, Trimble Co. (11:26); 27-Jagers, Glendale (11:27); 28-Helvey, Johns Creek (11:28); 29-McKenzie, Flat Gap (11:28); 30-Foster, Greensburg (11:29); 31-Hicks, Glendale (11:30); 32-Fish, Butler (11:31); 33-Miller, Highlands (11:32); 34-Cunningham, Trinity (11:32); 35-Nichols, Berea Found. The Flying Dutchman

It's basketball time again and time to rule on early season play situations which have already come in. Attach the following to your basketball case books as official:

PLAY: Post player A1 frequently reaches behind himself to contact B1 so that A1 knows how B1 is playing him.

RULING: Personal foul. The rules state: "He shall not contact an opponent with his hand unless such contact is only with the opponent's hand while it is on the ball and is incidental to an attempt to play the ball."

PLAY: A1 commits his fifth personal foul but before official or scorers notify him a substitute takes his place in the game. Later, A1 enters the game again and, after participating, the scorer notes that A1 has five personal fouls and so notifies the official.

RULING: Technical foul.

PLAY: Team A gets the opening tip and its five players line up across the floor near the ten-second line. Team A makes no effort to move the ball in for a score. B1 and B2 enter the front court area and make a bona fide attempt to secure possession of the ball. Since there is no score and the defense is responsible for action, do B1 and B2 provide the necessary opposition or must more than two defensive men come into the front area?

RULING: Two defensive men in the mid-court area satisfy the requirements of the rule.

Joe Creason, Sunday Magazine writer of the Courier-Journal, presented an excellent pictorial story teaching the public how the new charging rule will be called. The Commonwealth owes a debt of gratitude to Joe for his interest in educating the fans so that they may criticize officiating objectively and intelligently. This story appeared November 15.

Kentucky's football officiating gets quite a boost in recognition every time far away places bring arbiters from Kentucky to officiate their games. Dave Longenecker and Jack Howerton brought such recognition to Kentucky a few years ago when they officiated the Sun Bowl game in El Paso. Now Dave has done it again. A week ago he was flown to Denton, Texas, and paid a pile of money to officiate a football game there. These things reflect credit on Kentucky's officiating.

Hardin McLane, Athletic Director and Basketball Coach of Elizabethtown Catholic High School, reflects the same kind of credit from a coaching angle in a different way. Many officials point out the business-like way in which Hardin operates. Prior to each game the officials get a letter telling them their fee, enclosing the schedule with an invitation to attend Elizabethtown Catholic home games at any time as a guest of the school. The letter also states that the school will do everything possible to make the official's game pleasant and the relations enjoyable. Such coach and official relationship should be widely copied for the good of basketball.

Our old friend, Earl Roberts, who served Science Hill as Superintendent for many years has moved over to Bellevue Elementary School in Richmond and is Principal. Earl is one of the finest chaps

The Dutchman

in sporting circles in the Commonwealth. Wherever he goes he will make a host of friends.

A card has come from Joe Gilly, one of the best coaches the mountains has ever had. Joe has moved from Harlan to Clinton, Maryland, where he is teaching in a Junior High School. Joe says he misses the boys and the joy he had on the football field and in the gymnasium. Joe doesn't miss Kentucky nearly as much as Kentucky misses him. Certainly, the mountains will never seem the same to the Dutchman until Joe comes back.

From Romulus Gibson comes praise for the schools of Munfordville, Somerset, and Wayne County. Romulus calls for an Abou Ben Adhem certificate to go to those institutions. They are on the way. That was Rom's last official act before leaving Kentucky for Florida where he is racking up another enviable officiating reputation.

Coach Wayne Willson of Clay High School has called the Dutchman's attention to the fact that two high school coaches received a perfect sportsmanship rating last season. They are Morton Combs and Letcher Norton. Wayne says that he does not know either of these coaches but that his hat is off to them for their excellent job of teaching sportsmanship. We agree with Coach Willson that these gentlemen have set a goal for other coaches to attain.

The Corn Cob Pipe Award goes to Frankfort's Jack Taylor. Jack has done more for little boys in the field of sports without any thought of pay or compensation than anybody else we know of. Nobody could be more deserving of the Flying Dutchman Award than Jack. May his tribe increase!

About the Mr. Methuselah of basketball officials, joining John Heldman and Jack Thompson this month for the honor of being in officiating longer than anybody else is Georgetown's John Showalter and Ashland's Ernie Chattin. Send the Dutchman your nomination.

Now here is our closing philosophy: A man doesn't become bad all at once—he sort of gradually sours, like milk.

BASKETBALL QUESTIONS

(Continued from Page One)

throws for personal is attempted first and then followed by the attempt resulting from the technical foul. Ball is put in play as after any technical foul.

Play 16: B1 pushes A1. A1 then kicks at B1 but his foot does not make contact.

Ruling: False double foul. B1 is charged with a personal foul and A1 with a technical. Free throws are awarded since this is not a double foul. A jump at center follows the last of the free throws.

Play 17: A1 and B1 foul each other simultaneously (double foul) and at the same instant B2 fouls A2.

Ruling: This combination constitutes a false double foul, one of the elements being a double foul. No free throws are awarded for the double foul. The free throw or throws resulting from the foul by B2 are awarded to A2. The ball becomes dead after the last free throw try by A2 and is then put in play by jump ball at center between any two opponents.

Play 18: In a high school game the first extra period ends in a tie. In the second extra period: (a) team A scores one point and team B then scores a field goal; or (b) both teams A and B score one point and the second period ends in a tie. In the third extra period team A scores one point.

Ruling: In (a) the game ends when B scores a field goal. In (b) as soon as team A scores the point in the third period the game ends. In (b) team A is the first team to score two points after the end of the first extra period.

Play 19: When does a sudden-end rule go into effect?

Ruling: The sudden-end rule goes into effect when the first overtime period ends in a tie. That is, the first team to score two points under conditions provided in rule 5-7 after the beginning of the second overtime period wins the game.

Play 20: During the second overtime, with the score A50 - B51, A1 fouls B1 after field goal try

by A1 is in flight. The field goal is successful.

Ruling: The successful field goal makes the score A52 - B51. B is entitled to a free throw or throws. If B scores two free throws it would win 52 to 53. If B scores one free throw, the game would be tied and continue until either team scored an additional point, thereby becoming the winner. If B does not score a free throw A wins 52 to 51.

Play 21: On free throw by A1, B1 is in the first space and A2 in the second space. Is it legal for A2 to leave his space as soon as the ball is in flight and may he move into the 4-foot space behind the plane of the backboard?

Ruling: A2 may leave his space after ball is in flight but he may not enter the first space until the ball has touched the ring or backboard or the free throw has ended. The first space is 7 feet in length and about 3 feet in depth. Hence, A2 must be at least 3 feet from the lane until the ball touches.

Play 22: A1 attempts a single free throw at B's basket. Try is successful. Throw-in by B1 is taken by B2 who throws the ball in his basket. Attention is called to the error just prior to throw-in by A1.

Ruling: The first live ball following the try started when B2 touched the throw-in. This live ball ended when field goal was scored. Correction should be made since error was discovered before the second live ball following the try. Free throw is cancelled and A1 tries at his own basket. Field goal by B2 and any elapsed time is not nullified.

Play 23: A1 is awarded a two-throw penalty and the throws are attempted at B's basket. The first throw is unsuccessful or there is a free throw violation by A or it is successful. The second free throw is successful and the error is discovered after throw-in by B is touched on the court.

Ruling: An error was made on each of two free throws tries. Since ball is dead after first throw, regardless of the manner in which it ended, the first live ball following the first try begins

MIDDLESBORO—SOUTHEASTERN KENTUCKY CONFERENCE CHAMPION

(Left to Right) Front Row: Pratt, Burch, Barnes, Ball, Mace, W. Cosby, Loy, Dean, Greer. Second Row: Reece, Conner, Taylor, Medley, Hover, Lovett, Bobby Buckner, Leonard, Schumate. Third Row: Ledger, Sowder, Littrell, Herndon, Jones, Long, Schooler, C. Cosby, Hafer. Fourth Row: Mgrs. Hickman, Roy Pace, Meyers, Fuson, Hamilton, Hamlett, Hayes, Bill Buckner, Mgrs. Barrett, Raymond Pace. Fifth Row: Asst Coach Terrill, Coaches Hurst, Storm.

when the ball is handed to A1 for the second try. The second live ball starts when the throw-in by B is touched on the court. Hence, in the above situation, it is too late to correct the error for the first try. However, discovery is in time to correct the error for the second try at the wrong basket.

Play 24: A1 is awarded a two throw penalty and the throws are attempted at B's basket. The first throw is unsuccessful or there is a free throw violation by A or it is successful. The second throw is not successful and the error is discovered after B1 has been called for a traveling violation.

Ruling: First live ball after the error starts when the ball is handed to A1 for his second try and ends with the violation. Hence, the error for both tries should be corrected if the discovery is before throw-in following the violation is touched on the court.

Play 25: Throw-in by A1 is touched but not controlled by A2. Ball then lies on floor in the back court with no one securing control.

Ruling: After a reasonable period of time, Referee will declare the ball dead. He will award it out of bounds to A and direct them to put the ball in play and to attempt to advance it. If A does not comply with Referee's order, he should penalize with a technical foul.

Play 26: B1, in guarding A1, holds his hand in front of eyes of A1.

Ruling: Technical foul. It is not the intent of the rule to permit B1 to put "blinders" on an opponent. If, in the situation above, A1 moves his head so that he can see and the hand of B1 follows in front of his eyes, it is an infraction of rule 10-4-c.

Play 27: When approximately a minute is left in a quarter and with the score tied, A1 holds the

ball in the mid-court area ostensibly for the purpose of restricting the action to only one try before the time for the period expires. Players of B take a deep zone defensive position in the scoring area.

Ruling: The lack of action provision is applicable at any and all times during the game. In this situation B is responsible for action. As soon as the Official determines it is an actionless situation, he will begin his 30-second count if team B has not previously been warned during that period. If a warning has been given team B during that quarter, the Official will start his 6-second count as soon as the time-consuming situation is apparent.

Play 28: Team A gets the opening tip and its five players line up across the floor near the 10-second line. Team A makes no effort to move the ball in for a try. B1 and B2 enter the front court area and make a bona fide attempt to secure possession of the ball. Since there is no score and the defense is responsible for action, do B1 and B2 provide the necessary opposition or must more than two defensive men come into the front court area?

Ruling: The two defensive men in the mid-court area satisfy the requirements of the rule.

Play 29: While behind in score and after being warned during the quarter for lack of action, A2 secures control of a center jump in his mid-court area and makes no attempt to advance ball. No team B players are in the front court area and Official starts 5-second count. After two counts, A2 dribbles into back court and remains there for approximately nine seconds before returning to his front court.

Ruling: Legal.

Play 30: What are the jersey numbers which are permissible?

Ruling: Numbers which comply with the rules

CAVERNA—BARREN RIVER EIGHT-MAN CONFERENCE CHAMPION

(Left to Right) Front Row: Mgr. B. Doyle, Scott, Reynolds, Banstetter, Logsdon, Mgr. Bryon Wilson. Second Row: Braden, Gentry, R. Strickland, D. Doyle, Grider. Third Row: Coach Hensley, Collins, Moore, Rogers, J. Strickland, McCubbin, Bobby Wilson, Ass't Coach Bass.

are: Even - 0, 4, 10, 12, 14, 20, 22, 24, 30, 32, 34, 40, 42, 44, 50, 52 and 54; Odd - 3, 5, 11, 13, 15, 21, 23, 25, 31, 33, 35, 41, 43, 45, 51, 53 and 55. It is not illegal to use double zero or three digit numbers but they are not recommended.

Play 31: Referee is ready to start game when he discovers one or more players of team A with illegal numbers. What is the proper procedure?

Ruling: A technical foul should be called and one free throw, regardless of the number of players who have illegal numbers, should be awarded. Also, Official has the authority to order the team to secure legal numbers. Failure to comply with the order should result in one or more additional free throws. Whether an order of this kind is issued should depend upon circumstances. In most cases, it is not practical to require an immediate change, since it might cause undue delay and suitable numbers might not be readily available. Official should report such incidents to the Conference or State Association authorities so that future incidents will be avoided.

Play 32: Where is mid-court for purposes of a throw-in on a court which has two division lines?

Ruling: It is always opposite the center circle, regardless of the length of the court.

Play 33: Post player A1 frequently reaches behind himself to contact his guard, B1, with his hand so that A1 knows where B1 is playing him.

Ruling: Personal foul. The rules state: "He shall not contact an opponent with his hand unless such contact is only with the opponent's hand while it is on the ball and is incidental to an attempt to play the ball."

Play 34: If an Official on his own initiative takes a time-out to protect an injured player, should a time-out be charged to the team?

Ruling: Unless the injured player is replaced within one and a half minutes or unless the player is ready to play immediately, the time-out must be charged to the team for whose benefit it was taken. After calling the time-out, the Official should ask the player if he desires a time-out. If he does not, play should be resumed immediately. If, while time is out, the coach or trainer has been granted permission to come onto the court to attend the player, the time-out must be charged unless the player is removed. Under no circumstances does the Official have any authority to charge a time-out to himself.

Play 35: From behind plane of backboard. (a) a throw-in is such that some part of the ball passes above the backboard; or (b) a try for field goal is such that some part of the ball passes above backboard.

Ruling: If rectangular backboard is used, ball remains dead in (a) and becomes dead in (b). If fan-shaped backboard is used, ball does not remain or become dead. Some groups choose to rule this the same as for a fan-shaped backboard for any high school game.

Play 36: What are the points of measurement in determining whether or not the player in control is closely guarded?

Ruling: Measurement is from the forward foot of the offensive player to the forward foot of the defensive player. Because the rule specifies "not exceeding 6 feet", Officials should be as certain as possible that the guard is in the required distance.

Play 37: B1 pushes A1 while A1 is trying for a field goal. A2 interferes with the ball on the ring or on the cylinder.

Ruling: The violation by A2 kills the ball. Therefore, it is an unsuccessful try and A1 is awarded two free throws. This is one of the few

IN MEMORIAM

WILLIAM ROUSH FUGITT, 61, West Virginia Secondary School Activities Commission's greatly respected and much loved Executive Secretary, died in Beckley, West Virginia on November 3, 1959. Mr. Fugitt attended elementary and high school in Ironton, Ohio and was graduated from Marshall College, Huntington, West Virginia, magna cum laude, in 1928. He received his Master's Degree from the University of Cincinnati in Philosophy and School Administration in 1932. As an undergraduate at Marshall, he was a member of the Student Council, of the M Letter Club, and won the President's and Interfraternity Award for Scholarship and Athletics.

Mr. Fugitt's long and illustrious career began as an elementary Principal in Miller, Ohio. He then taught and coached at Proctorville, Ohio and Dunbar, West Virginia, after which he served for four years as high school Principal in Beckley, West Virginia. From 1933 to 1937 Mr. Fugitt was Assistant County Superintendent of Raleigh County, West Virginia and for the next three years was Manager of the Crouch Lumber Company in Beckley. From 1940 to 1946 he was Executive Secretary of the Beckley Chamber of Commerce and in 1946 was elected to the position of the Executive Secretary of the West Virginia Secondary School Activities Commission, which he held at the time of his death. Mr. Fugitt received many honors during his career, among them being President of the Beckley Kiwanis Club in 1937, Lt. Governor of the Kiwanis 4th Division in 1937, and Governor of the West Virginia District of Kiwanis in 1944. He was Past Commander and Past Adjutant of the American Legion Post in Beckley and Chief Counselor of the Mountaineer Boys' State since 1945, which is a yearly school of citizenship for 400 selected youth. He directed 55 counselors in this program annually. He was also Past State Commander of the American Legion Department of West Virginia in 1948. From 1949 to 1951 he was a member of the Council for Veteran's Affairs of West Virginia and during 1958 and 1959 was President of the National Federation of State High School Athletic Associations. Mr. Fugitt was a member of Kappa Delta Pi, National Honorary Education Society; a member of Pi Gamma Mu, National Honorary Social Science Society; and a member of Phi Delta Kappa, National Honorary Scholastic Fraternity. During Mr. Fugitt's ten years as Executive Secretary, the West Virginia High School Athletic Association became the West Virginia Activities Commission with the added responsibilities for interscholastic competition and activities in the state. Under the Activities Commission, schools were classified for the purposes of arranging competition in football and basketball; game officials were enrolled with the State Association and a regular program of clinics and rules clinics for coaches and officials in all major sports was established, thus enlisting the support of game officials with the Activities Commission's program. Negro schools were integrated in West Virginia and accepted to membership in the Activities Commission with the minimum of problems; the athletic program was expanded to include such activities as golf, tennis and wrestling. Standards were revised and elevated so that regulations were more in accord with the educational principles. The Commission's By-laws and Constitution are now held in high regard and respect by those engaged in athletics throughout the State of West Virginia.

The following is quoted from a West Virginia

sportswriter and is an example of the esteem in which Mr. Fugitt was held in his own state.

"No finer man ever lived. No better Executive Secretary ever toiled for any State High School Association. No man was more dedicated to the youngsters. No businessman paid more attention to every little detail. No student ever had as good control of the English language. No speaker had as many cute stories to tell from the head table. No one man ever drew as much respect, not only across the State of West Virginia, but across the entire United States.

"Bill Fugitt was an exemplar of the Golden Rule. He labored long hours in working out of his huge office with myrads of files and countless papers doing the bidding of the State Board of Appeals set forth in the high school manual government athletics and other extra curricular activities in the state schools."

BASKETBALL QUESTIONS—Continued

situations where a foul and a violation occur during the same live ball.

Play 38: A1 commits his fifth personal foul but, before Officials or Scorer notify him, substitute takes his place in the game. Later, A1 enters the game again and, after participating, the Scorer notes that A1 has five personal fouls and so notifies Official.

Ruling: Technical foul. A1 must immediately leave the game.

Play 39: After a successful field goal or free throw, B1 and B2 are out of bounds at the end. B1 throws to B2 and B2 then passes to B3 on the court. Is it illegal for B1 to be out of bounds when B2 throws to B3 on the court?

Ruling: No, if B1 has not purposely delayed his return to the court. However, if B1 has intentionally delayed his return (which would usually be for the purpose of deception) B1 has committed a technical foul.

Play 40: A1 jumps to make a pass. He sees that his pass will be intercepted so he drops ball to the floor and dribbles into an unguarded area and then shoots and scores a field goal.

Ruling: A1 has committed a running violation by starting a dribble illegally. The goal does not count and the ball is awarded to an opponent out of bounds at the spot nearest the violation.

COMMENTS ON THE RULES

BASIC PRINCIPLES: Many decisions resulting from personal contact have to be based on judgment applied on the basis of the following principles:

1. In general, any player is entitled to a normal floor position not occupied by an opponent and provided he does not cause personal contact when taking such position.

2. Contact does not in itself constitute a foul. If it is incidental, it may be no foul has been committed. By incidental contact is meant that contact which is casual, not designed, and by which no player is placed at a disadvantage.

3. When a contact foul occurs, the Official must determine the player who is responsible. The player with the ball is responsible if he charges into the body of an opponent who has legally established a position to guard him. A player who extends his arm is responsible if it impedes the progress of an opponent who contacts it. The responsibility

may be on either player if A trips over the leg of B. If the leg is placed in A's path as he attempts to pass by, the responsibility is on B. If B has legally established a normal basketball position with his leg stationary and A trips over it, A is responsible for the contact.

4. In screening situations:

(a) If A takes a position behind and so close to stationary opponent B that a contact foul occurs when B makes normal body movements, A is primarily responsible for the foul. If the screener A is at the side or in front of his stationary opponent B, any distance short of contact is legal.

(a) If A takes a position in the path of moving opponent B, who does not have the ball, so quickly that B cannot stop or change direction in time to avoid contact, then A is primarily responsible if a contact foul occurs.

INTERPRETATIONS FOR CONTACT SITUATIONS: The above principles and the following comments are authorized by the National Basketball Committee. They are presented as a guide for officials, coaches and players for the purpose of obtaining more uniform and consistent administration of games and to develop play with less illegal action and fewer fouls. All statements are based upon the rules and the Comments on the Rules.

GUARDING THE DRIBBLER: A guard may move into the path of a dribbler at any time provided he is able to establish a guarding position legally. To establish this position, he must be facing the dribbler with his feet on the floor. Sub-

sequently, he may turn, crouch or retreat in order to avoid injury if he is charged by the dribbler.

The guard may move to maintain his position in the path of the dribbler. If, however, the dribbler gets his head and shoulders beyond the guard, he must reestablish his position without contact in order to be legally in the path of the dribbler. The guard may not, after establishing a guarding position in the path of the dribbler, charge toward and into him. If the dribbler and his guard are moving in parallel paths, neither player may leave his path and charge his opponent.

If the dribbler passes the ball to a teammate and then charges into the guard, the dribbler is responsible. Once a player establishes a position legally, he is not required to move because of subsequent developments.

Commissioner's Message

Listed in a section of the K.H.S.A.A. Constitution among other duties of the Commissioner the following appears: (He shall) do everything in his power to develop a high type of sportsmanship among schools, athletes, and the general public." This is a tall order, and a few comments on sportsmanship at this particular time of the school year, with the pressure beginning to mount as the current basketball season moves toward the climactic State Tournament, might be of interest to school administrators and coaches.

Numerous techniques have been used by the Commissioner through the years in attempting to comply with the section of the rules mentioned above. Some of these are as follows:

1. Officials have rated various school representations on sportsmanship, and these ratings have been published in the *ATHLETE*.

2. The Sportsman's Creed was formulated by the K.H.S.A.A. after an intensive study of the codes of ethics which had been adopted by other state associations. The Creed has been used as background material in hundreds of assembly programs, athletic banquets, and gymnasium dedications. Framed copies of the Creed hang in scores of Kentucky gyms.

3. Editorials on sportsmanship have appeared in the *ATHLETE*, including excellent material gleaned from publications of other state associations.

4. The Commissioner's office has worked closely with the State Y.M.C.A. and the Kentucky Association of Pep Organization Sponsors (KAPOS) in their fine programs for cheerleaders.

5. Clinic directors and regional representatives have worked long and faithfully at the task of improving officiating, knowing full well that better officiating is a partial answer to improved sportsmanship.

6. Penalties have been imposed on member schools under the mandate of By-Law 17, Practice of Sportsmanship, when other methods of improving sportsmanship have failed.

We hope and believe that sportsmanship at the high school level improves each year. However, we present the following cases which have come to our attention recently. They have either been closed or are under investigation by the Commissioner's office as this article is written:

1. School A is currently under suspension because the coach took his team off the floor before the end of the game.

2. The coach of School B was so disturbed by the officiating that he made insulting remarks to the officials after the game, these remarks being reported to the press.

3. The conduct of the coach on the bench at School C caused one of the officials to write in his report: "His team, cheerleaders, and followers conduct themselves in the same manner that he exhibits on the bench."

4. Irate fans at School D had to be restrained from attacking one of the officials. Evidence indicates that the conduct of the coach may have precipitated the trouble.

5. The coach at School E did not prevent several fans from following the officials into the dressing room after the game, where they made sarcastic and threatening remarks.

These cases and possibly others just around the corner may well give Kentucky principals food for thought. There is no doubt but that "it can happen here." Article X of the K.H.S.A.A. Constitution reads in part: "The principal of each school, in all matters pertaining to the athletic relations of his school, is responsible to this Association." This might be a good time for all administrators and coaches to refresh themselves on the statements and implications of By-Law 17.

The amazing thing about troublesome cases, which will probably always be with us, human nature being what it is, is not that there are so many of them but that there are so few. When consideration is given to the fact that more than four hundred high school basketball games are being played in Kentucky each week of the current season, the number of "peaceful" games appears to be well nigh phenomenal. May we offer our congratulations to the hundreds of Kentucky administrators and coaches who are working effectively at the job of improving the sportsmanship in their communities.

One of the finest codes of ethics which has come to our attention in recent years is that of the New York State High School Athletic Association. The administrators and coaches in New York think that it is the duty of all concerned with high school athletics:

1. To emphasize the proper ideals of sportsmanship, ethical conduct, and fair play.

2. To eliminate all possibilities which tend to destroy the best values of the game.

3. To stress the values derived from playing the game fairly.

4. To show cordial courtesy to visiting teams and officials.

5. To establish a happy relationship between visitors and hosts.

6. To respect the integrity and judgment of sports officials.

7. To achieve a thorough understanding and acceptance of the rules of the game and the standards of eligibility.

8. To encourage leadership, use of initiative, and good judgment by the players on the team.

9. To recognize that the purpose of athletics is to promote the physical, mental, moral, social, and emotional wellbeing of the individual players.

10. To remember that an athletic contest is only a game—not a matter of life or death for player, coach, school, official, fan, community, state, or nation.

"Approved" and "Certified" Officials

A large number of K.H.S.A.A. registered officials qualified for the advanced rating of "Approved" and "Certified" as a result of the National Federation basketball examination, which was given in Kentucky on December 7, 1959. The "Approved" rating does not carry forward from year to year, but must be earned each year. After an official has received the "Certified" rating, he keeps this rating by clinic attendance. Only officials receiving these higher ratings are eligible to work in the regional tournaments. Only "Certified" officials, who are residents of Kentucky, are eligible to work in the State Tournament.

Basketball Officials who Qualified for advanced ratings during the current season are as follows:

The Flying Dutchman

With 1959 now history, let's take a stroll down memory lane to view its highlights. 1959 will long be remembered as the year when the football championships were introduced. The most popular action taken by the Board of Control during the past decade has brought state-wide acclaim from coaches, spectators, sports writers and officials. The Dutchman's prediction for 1960 is that football interest will increase by leaps and bounds because of this wise action.

Early in the spring of 1959, we predicted that Ralph Mussman, popular Newport sports official, would be elected Mayor of that City by a landslide; at the same time, the old Dutch Neck was again laid on the block with the prediction that the "Ashland Fireball," George Conley, would win his race for the State Senate. Ralph was an easy winner and George set a new record in earning the title, "Senator Conley."

With the Football Rules Committee meeting scheduled in Indianapolis in January, and with "Big Ed McNabb" helping write the rules, another 1959 prediction is that a good job will be done for the high schools. The time may not be too far off when it may be necessary for the high schools to write their own basketball rules just as the football rules are now written.

1959 records another achievement by "Mountaineer Russ Williamson." This year saw the popular sports leader become President of the Inez Deposit Bank, adding another activity to his long list. Time has marched on for Russ, progressing from coach to principal to Board of Control Chairman and now to Bank President.

Another fine achievement turned in by the Commissioner's Office was the appointment of Briscoe Inman, Twelfth Regional Representative of Basketball Officials. Compliments are coming to The Dutchman daily, praising the work "Brainy Briscoe" is doing with his basketball demonstration clinics. The Centre College Athletic Chief has another clinic behind him and another success. This was at Somerset on December 17th.

A telephone call from "Hooper" Eblin, Tennessee Tech, representing the Ohio Valley Conference, indicated that conference's interest in another of Kentucky's outstanding sports officials. "Hooper" told The Dutchman that "Chunkie Ben" Edelen is getting top consideration as the next Commissioner of the O.V.C., succeeding my good friend, "Slim" Porter. Another prediction by your Dutchman Prophet is that "Chunkie Ben" will do a magnificent job in this capacity.

Enough for our trip back into 1959!

Let's look at some of the new items on our agenda. The first and most important is the recognition long due Fred "Rock" Reece of Paris. The Bourbon County High sports enthusiast not only gets The Flying Dutchman's "Corn Cob Pipe" award for January but he also gets the acclaim of hundreds of young men over Kentucky who have benefited by "Rock's" unselfish service. The "Rock" is hereby listed on The Dutchman's Wall of Fame as one of nature's noblemen. Personally, I'd rather claim friendship with "Rock" than have a brand new set of curls start growing on my rapidly baring dome.

From E'Town Catholic High Coach Hardin McLane comes an invitation to engage in a long-

BEN EDELEN

distance telephone conversation on basketball for a tape recording for Coach McLane's radio sports show which he calls "Coach's Corner." Citizens of Elizabethtown set their clocks with "Mac's" program. Fom Purdue University comes an invitation to The Dutchman to speak on March 21st to approximately 1,000 young athletes at the annual banquet sponsored by the Lafayette, Indiana, Exchange Club.

As invitations come in for speeches, The Dutchman reminds Kentuckians that he would like to accept them all but he must limit his athletic banquet speeches and his commencement speeches to three each.

Let's take a look in the mailbag at some of the questions contained in letters coming from all sections of the Commonwealth along with The Dutchman's replies!

Dear Dutchman:

(1) How are The Flying Dutchman awards determined?

Answer: If a Kentuckian recommends an individual for The Flying Dutchman Corn Cob Award, indicating his unselfish work, the Corn Cob Award is automatic. The same is true of an Abou Ben Adhem Award for schools and communities.

(2) Who pays for The Flying Dutchman awards?

Answer: The Flying Dutchman personally.

(3) How long have you been writing this column?

Answer: Since 1950.

(4) How old is Commissioner Ted Sanford?

Answer: Ageless!

(5) May I recommend Dick Looney for the Mr. Methusaleh award?

Answer: Impossible! This award is not for youngsters.

In keeping with The Dutchman's policy of closing the column with some of his Dutch philosophy, Now Hear This:

"If men grew physically at the rate they grow spiritually, lots of them would spend their lives in a playpen."

HAPPY NEW YEAR!!!

Minutes of Board Meeting

The Board of Control of the Kentucky High School Athletic Association met at the K.H.S.A.A. building, Lexington, on Saturday morning, December 19, 1959. The meeting was called to order by President Russell Williamson at 10:45, with all Board members, Commissioner Theo A. Sanford, and Assistant Commissioner J. B. Mansfield present.

W. B. Jones, moved, seconded by Jack Dawson, that the reading of the minutes of the October 17th meeting be waived, since the members of the Board had received copies of these minutes. The motion was carried unanimously.

W. B. Jones, chairman of the Trophy Committee, reported that the Committee had met in the K.H.S.A.A. office at 10:00 A.M., December 19, 1959, at which time the sealed bids for the 1960 district and regional basketball tournament trophies were opened. Mr. Jones reported that the committee had accepted the low bids of \$29.80 and \$38.00 respectively for each set of 1960 district and regional basketball tournament trophies, made by the Sutcliffe Company of Louisville. W. H. Crowds moved, seconded by Louis Litchfield, that the action of the Committee be approved by the Board. The motion was carried unanimously.

The Commissioner gave a report on the recent football championships. He stated that, in his opinion, the championships had been well received in all parts of the state, with interest in high school football in Kentucky now at a new high. He gave complete financial reports on the first round playoffs in Classes A and AA, with the following profits or losses being involved: Henderson High School and Somerset High School each \$903.54 profit; Highlands High School and Hazard High School, each \$979.30 profit; Mt. Sterling High School and Lynch East Main Street High School, each \$86.44 profit; Henderson Douglass High School and Old Kentucky Home High School each \$112.44 loss. The Commissioner stated that bad

weather had held down the crowd at the Class A and Class AA championship games session, held in Lexington on November 28, it appearing that the Association might lose approximately \$1,500.00 on these games. He said that this loss would be partially offset by profits which had accrued to the Association from the Class AAA championship game at Louisville, the K.H.S.A.A. profits from this game being \$1,016.87. He said that the latter figure amounted to one half of the Class AAA game profit, the Board having voted unanimously by referendum to give each of the schools involved one-fourth of the profits, due to the fact that no first round games were possible in Class AAA, on which the schools had a chance of realizing profits as is true in the other classes. Chairman W. H. Crowds of the Football Championship Committee stated that he thought that the championship plan in football had been very successful, and that it had great possibilities for the future. Mr. Crowds moved, seconded by Jack Dawson, that the Board of Control appropriate the amount of \$112.44 to the Old Kentucky Home School and the same amount to the Henderson Douglass High School to reimburse these schools for the deficits reported by the Commissioner. The motion was carried unanimously.

The Commissioner read a letter from Prin. H. A. Howard of the Corbin High School, requesting that Corbin be moved from Region IV to Region II in Class AA; and a letter from Prin. Paul W. Trimble of the Paintsville High School, requesting that Paintsville be moved from Region IV to Region III in Class A. The Commissioner stated that he thought that both requests were reasonable ones, and that the proposed changes had his approval on the basis of information which he now had. After a considerable discussion concerning the merits of the requests, Jack Dawson moved, seconded by Louis Litchfield, that the Paintsville High School be changed from Region IV to Region III in Class A for the football season of 1960; and that the Corbin High School remain in Region IV in Class AA for the 1960 season. All voted "Aye" except Cecil A. Thornton who voted "No."

Jack Dawson moved, seconded by W. H. Crowds, that individual awards be given to the members of the winning football team in each of the three classes. The motion was carried unanimously.

The Commissioner recommended that the 1960

regulations in swimming be the same as the 1959 regulations, with the Swimming Committee being given authority to make any necessary adjustments in the classes and events, and with girls allowed as members of a school team in the diving event only. Louis Litchfield moved, seconded by K. G. Gillaspie, that the recommendations of the Commissioner be accepted and adopted. The motion was carried unanimously. Pres. Williamson announced the appointment of three new members to the Swimming Committee these being Jack Thompson and Marshall Beard of Louisville, and Howard Law of Ft. Thomas.

W. H. Crowds moved, seconded by Robert P. Forsythe, that the next meeting of the Board of Control be held in Louisville on the date selected by the Commissioner. The motion was carried unanimously.

Cecil A. Thornton moved, seconded by K. G. Gillaspie, that all bills of the Association for the period beginning October 17, 1959, and ending December 18, 1959, be allowed. The motion was carried unanimously.

There being no further business, the meeting adjourned.

Indiana H.S.A.A. Wins Court Case

The following letter, which was received from Executive Secretary Cliff Fagan of the National Federation, will be of interest to Kentucky school men:

"You will be very interested and pleased to learn, if you haven't already been informed, that on November 18 the Indiana Supreme Court ruled that the Indiana High School Athletic Association had the authority to enforce its rules and the right of pupils to attend school does not include the privilege of taking part in interscholastic athletics. The Court thereby upheld the I.H.S.A.A., which had declared two imported Illinois athletes ineligible for interscholastic basketball at Seymour High School.

"The I.H.S.A.A., you will recall, had declared these two boys ineligible for interscholastic athletics at Seymour High School because the boys had transferred to Seymour when their father was offered a job in the community. The boys, through agents, sued the I.H.S.A.A. to regain their eligibility. As a result, a lower Court issued a temporary order prohibiting the State Association from applying its eligibility rules in the case. The State Association protested the right of the lower Court to interfere with its internal affairs and requested a ruling from the Supreme Court. It was the contention of the I.H.S.A.A. that, as a voluntary, unincorporated Association, it was not

subject to court action as long as it conducted its affairs within the law.

"The Supreme Court overruled the lower Court, drawing a line between the right to attend school for an education and the right to attend to participate in interscholastic athletics.

"The opinion was written by Judge Frederick Landis, who, incidentally, is the nephew of the late Judge Kenesaw Mountain Landis, the first Commissioner of Baseball. Two judges concurred. One judge was ill and did not vote, another did not participate.

"The opinion stated, in part, as follows:

"There is a distinction here between the curricular and extracurricular activities of public schools. The right of the plaintiffs (Stevensons) under the law to go to public schools and receive education and training does not include such extracurricular activities as interschool sports and games . . . as may be engaged in between picked teams of the 750 various public, private and parochial schools belonging to the I.H.S.A.A."

"The court noted that it had relied somewhat on decisions reached by courts of other states, including Oklahoma, Florida, North Dakota and the Federal Court for the Eastern District of Illinois, since there were no previous Indiana cases on which to base a decision."

National Federation Meeting

The National Alliance Football Committee and the executive officers of the National Federation of State High School Athletic Associations met at the Claypool Hotel, Indianapolis, Indiana, during the period of January 3-6, 1960. The Kentucky High School Athletic Association was represented at the football meeting by Athletic Director Edgar McNabb, Beechwood High School, football clinic director; Athletic Director John Hackett, Ft. Knox High School, President of the Kentucky Coaches Association; and Principal Joe Orr, Irvine High School, Secretary of the Kentucky Coaches Association. The K.H.S.A.A. was represented at the sessions for executive officers by Commissioner Theo. A. Sanford. The Executive Committee of the National Federation met on Sunday morning, January 3, and the Football Standing Committees were in session on Sunday evening. Meetings of the Football Rules Committee were held on Monday morning, Monday afternoon, Tuesday morning, and Tuesday afternoon. There was a Non-Athletic Conference of state executives on Monday evening, and meetings of all executive officers on Tuesday evening and Wednesday morning. The Football Rules Editorial Committee met on Wednesday afternoon.

Topics discussed at the sessions for executive officers were: Opportunities for High Schools in the Olympic Program, Basketball Hall of Fame, Athletic Injury Clinics, Liability Insurance for State Associations, Workshops for Athletic Directors and Faculty members, Eligibility of Foreign Students, Amateur Baseball in the High School Program, and Use of Tax Monies for Interscholastic Athletics.

Executive Secretary Clifford B. Fagan of the National Federation has summarized the most important rules modifications which received the approval of the football committee. The summary is as follows:

A CHECK-UP ON 1959 CODE: Approximately 20,000 National Alliance Football Questionnaires were distributed by the National Federation, the National Junior College Athletic Association and the National Association of Intercollegiate Athletics. Approximately 7,600 were returned and tabulated. This is the largest response the Committee has had to the Questionnaire. The proportionate vote in one group differed very little from the corresponding vote in each of the other groups. This prevailed for the check-up on last season's rules as well as for possible revisions for the 1960 season.

Questionnaire results, which were received from all sections of the country, indicated a high degree of satisfaction with the changes which had been authorized for the 1959 season. The revision which placed the coaches' boxes between the two 45 and 20 yardlines when on the same side of the field was endorsed by a vote of more than 11 to 1. The requirement that flexible-shaft flags be placed at the intersection of the goal lines and the sidelines was endorsed by a vote of 24 to 1. Approximately 70% of the returns approved of recommending that participants wear both face and tooth protectors. The

1959 provision requiring the mandatory removal of any injured or apparently injured player for at least one down was favored by 92% of those returning Questionnaires. 96% endorsed the rule book note urging Officials to penalize promptly any unsportsmanlike conduct. The rule that no penalty measurement take the ball more than half the distance from the enforcement spot to the offending team's goal line was approved by a vote of more than 9 to 1.

Part II of the Questionnaire, which is based upon Observation, revealed that 33% considered "use of hands during offensive blocking" a major problem. 16% indicated Officials frequently failed to promptly spot the ball and give the ready-for-play signal after the ball has become dead. Approximately 1 return in 4 indicated Officials failed to signal promptly. Failure to signal plainly was also indicated as a major problem by approximately 18% of those returning Questionnaires.

Standing Sub-Committee Chairmen submitted valuable reports which included information and material upon which the Rules Committee could base action. These reports were made by Kermit Anderson of the Safety Committee, J. C. Harper of the Game Administration Committee, Lyle Quinn of the Equipment Committee, S. D. Jackson of the Research Committee and Webb Porter of the Statistical Committee. W. M. Runyon presented the National Federation's official report of fatalities, resulting from 1959 interscholastic competition. Joe Kelly addressed the group as representative of the National Sporting Goods Manufacturers' Association. The philosophy and application of the theory of the expanded neutral zone was ably presented by M. F. Sprunger who, during his presentation, pointed out the need for additional study of this matter. He called the Committee's attention to inconsistencies in the present coverage. A summary of these reports will be included in the complete minutes. Several carryover problems and new studies were referred to the Standing Sub-Committees for further study and recommendation.

ABOUT PROPOSALS FOR 1960: Questionnaire returns indicated that 60% were opposed to placing the goal post cross-bar on the goal line, even though a cantilever device were to be used so that the posts themselves would be in the end zone for safety purposes. Returns also gave evidence that 5 out of 6 did not favor permitting the team behind to have its choice of goals after a touchdown or field goal. 60% favored increasing the length of junior high school quarters to 10 minutes. As has been the previous experience, returns revealed opinion was nearly evenly divided regarding the advisability of specifying that, beginning in a given year, all hard material in rib, shoulder and hip pads be covered with soft material. 3,863 favored the proposal while 3,575 opposed it. 9 out of 10 returns approved of a requirement that each player wear a face protector. 57% of the returns were opposed to a requirement that it be mandatory for each participant to wear a dental guard. A slight majority (54%) preferred permitting ineligible to go

"Certified" Officials

Since the list of "certified" officials appeared in the January issue of the magazine, two additional officials have qualified for this rating. They are: Allen W. Russell and Humzey Yessin.

News About Swimming

The 1960 State High School Swimming Meet for Class A will be held in Lexington on Saturday, February 27, at the University of Kentucky pool. The meet for Class B will be held at the same location on Saturday, April 2.

Class A will include those high schools with an enrollment of 750 or more (grades 9-12), and Class B will include those schools with an enrollment of less than 750. Any school may enter a class above its classification.

Class A will have eleven events this year, Class B seven, the numbers being the same as last year. Individual contestants may enter only two events, including Fancy Diving.

The Class A events are as follows: 400 Yard Freestyle, 50 Yard Freestyle, 100 Yard Butterfly, 200 Yard Freestyle, 100 Yard Backstroke, 100 Yard Breaststroke, 100 Yard Freestyle, Fancy Diving, 200 Yard Individual Medley, 200 Yard Medley Relay, and 200 Yard Freestyle Relay.

The Class B events are: 50 Yard Freestyle, 100 Yard Backstroke, 100 Yard Breaststroke, 100 Yard Freestyle, Fancy Diving, 200 Medley Relay, and 200 Yard Freestyle Relay.

The method of entering teams in the meet will be the same as in past years, with the State Office supplying entry blanks to the schools whose principals have indicated that they will enter teams in the meet. The Association will make the same allowance to participants for transportation, lodging, and meals, as is given State Track Meet participants in each event. Expenses for the swimming coach will be paid if the school has as many as four entries in the State Meet.

Corrections

In the January issue of the magazine Coach Ralph Roaden of the Woodbine High School was listed incorrectly as Ralph Roach. The Midway High School is in basketball district 41, not 42.

ANNUAL MEETING SPEAKER

Adron Doran

Dr. Adron Doran, President of the Morehead State College and the Kentucky Press Association's "Outstanding Kentuckian of the Year," will be the principal speaker at the annual dinner meeting of the Kentucky High School Athletic Association, scheduled to be held in the Crystal Ball Room of the Brown Hotel, Louisville, at 6:00 P. M. April 21.

Dr. Doran is a native of Graves County. He has A.B. and M.A. degrees from Murray State College, and he received a doctor's degree from the University of Kentucky in 1952. He is a former high school teacher, basketball coach, and principal, and is an ordained minister of the Church of Christ. He was Director of the Division of Teacher Education and Certification for the State Department of Education from 1952 to 1954.

From 1944 to 1952 Dr. Doran served as State representative from Graves County. He was speaker of the House during the 1950 session. President Doran has headed Morehead for the past six years. Dr. Doran is a past-president of the Kentucky Education Association. He is currently a member of the K.E.A. Board of Directors. He is a member of the Board of Managers of the Kentucky Congress of Parents and Teachers, and he represents Kentucky on the Southern Regional Education Board's committee on education television. He has developed a pre-forestry curriculum for Kentucky institutions for higher learning. He is chairman of the committee which developed the new program of study for 12-grade schools, adopted by the State Board of Education.

As President of Morehead State College, Dr. Doran has seen its enrollment treble within the period of his tenure. He has given leadership to help create a widely expanded and improved curriculum. His faculty has grown from 66 to 110. Integration of the races was effected at Morehead without incident, for which Dr. Doran was awarded the Lincoln Key by the Lincoln Foundation. This is given each year to the person in the state who has done the most for integration.

KAPOS NEWS

Pikeville College will be host to a clinic for cheerleaders on February 13, 1960. The fee is \$1.00, registration time is 9:30 A. M., and closing time is 3:30 P. M. Topics to be covered are: Sportsmanship in Cheering and What's Wrong with your Yell Techniques. For further information Mrs. Bonita B. Sharpe, Department of Physical Education, Pikeville College, may be contacted.

Transylvania College in Lexington will have Pauline Hess, Michigan State, as the director of a clinic in the Fall. A chance will be given to learn new techniques and yells from one of the outstanding cheerleader coaches in the Big Ten. Miss Hess is the owner and director of Camp All-America. The date is October 1, 1960, fee \$2.00, registration time 9:00 A. M., and closing time 3:00 P. M. Areas to be covered are: Cheerleading Techniques, Evaluation of Individual Yells, New Routines, and Skits for Pep Rallies. For further information Mrs. Mildred V. Rodes, Department of Physical Education, Transylvania College, Lexington, Kentucky, should be contacted.

Area notes from K.A.P.O.S. give the following State Tournament plans for cheerleader sponsors:

"Again, the Kentucky Association of Pep Organization Sponsors (KAPOS) will have a 'Welcome Booth' set up in Freedom Hall, somewhere near the main entrance, for the sole purpose of registering and greeting you. Please stop by and visit with fellow sponsors.

"Perhaps you would like to have a part in making known to the public just what is involved in being a cheerleader sponsor. If so, we can use you for radio interviews or possibly a television program. It would expedite schedules if you could let us know in advance as to whether you will be available for such an interview.

The Flying Dutchman

This month's Corn Cob Pipe of Honor Award goes to Kenneth Farmer, popular principal of new Seneca High School in Jefferson County. Kenny has merited it because of a lifetime of dedicated service to young people. All over Jefferson County the name of Kenneth Farmer is synonymous with unselfishness and hard work. In just a few years Kenny has not only developed a fine educational program but has molded one of the outstanding athletic programs in Kentucky, besides building a Youth Club which is second to none in the Commonwealth. Bob Mulcahy, the former all-stater from Lafayette, is his coach—and he is a “cracker jack” just like his Dad-in-Law, Ernie Chat-tin. Ernie is an immortal in Kentucky sports.

On the subject of awards, we note that there has been no community recognized with an Abou Ben Adhem Award since spring of 1959. Check up, sports officials, so that you may recommend those communities deserving of this citation. No one has recommended a physically-handicapped athlete for overcoming his handicap to engage in sports. Both of these awards have meant a great deal to communities and physically handicapped athletes over the past years. Your interest in these programs is service to your communities and the Commonwealth.

Sports officials all over Kentucky, with a long record of service in the field of officiating, are going to be recognized at next year's basketball clinics with unusual awards from The Flying Dutchman. A lot of interest has already been generated in the “Mr. Methuselah” Award.

From Jimmy Feix of Bowling Green comes the following recommendation:

“Dear Dutchman:

“I'd like to take this opportunity to nominate, as Mr. Methuselah of Kentucky Basketball Officials, one of the most dedicated and tireless of them all, William Turner Elrod of Bowling Green.

“Turner has been “tootin’” lo these many years with a sincerity and efficiency that can stand as a goal for all in the “Fraternity of the Striped Shirt.”

“After some research and “prying,” I can report that “Firpo” began his officiating while a senior at Bowling Green High School during the 1926-27 season. He carried on his officiating, as his other duties and responsi-

The Dutchman

bilities would allow, through his four years as a student-athlete at Western. Turner continued his officiating while a teacher-coach at Irvine and at Henderson (at which time I had opportunity to play for him) and eventually back to Western where he has taught and coached since 1948.

“From escapades too numerous to here report, I am convinced that if the 33-34 years as an official doesn't win the Mr. Methuselah Award for the 52 year old Elrod, most certainly those years and the even greater mileage should entitle him to an “Iron Man of the Half Century” Medal.”

The Dutchman can vouch for the fact that “Feerpo”, as Coach Diddle always called him, is entitled to a salute. The Dutchman might never have had an opportunity to break into basketball officiating had not Turner Elrod asked him to substitute as an official in a game between Brownsville and Woodburn in the year of 1929. The old timers in Brownsville remember The Dutchman's first attempt at blowing a whistle—and they still remember the speed with which he departed after the game had ended. If “Feerpo” did not already have a Cob Pipe, he'd be getting one right now.

Paul Walker, Recreation Director of Bowling Green, is Chairman of the Kentucky Recreation Workshop scheduled at Cumberland Falls on March 26 through April 1st. Kentuckians, interested in learning the operation of recreation of all phases, will do themselves favors by getting in touch with Paul to register for this Workshop. Paul,

who is doing an outstanding job with the recreation program of Bowling Green, is one of Kentucky's finest young leaders in the field of recreation.

When the Kentucky School Boy Basketball Tournament returns to Louisville in March, Kentuckians may expect to find the welcome mats rolled out on every highway leading into Jefferson County. Bill Moore, Superintendent of Louisville's Parks and Recreation, is joining The Flying Dutchman to form a team of Co-Chairman for Hospitality aimed at making Kentuckians feel welcome in and around Louisville. Jack Dawson, Member of the Board of Control, "Got the Ball Rolling" when he called a meeting of leaders of Louisville and Jefferson County in January for the purpose of building a strong hospitality organization.

Some of the plans in the "Hopper" include activities for young people at Freedom Hall between sessions. The City Department of Parks and Recreation has a Sports Center, which is the finest in the country, set up inside this building which will give young people a sports menu to make any youngster's mouth water. They may engage in miniature golf, archery, tennis—or you name it, it will be there.

Besides this, the Jefferson County Parks and Recreation Board will conduct a Youth Center in the Armory each morning until game time and will set up dances for the youngsters after Freedom Hall closes at night. In addition to this, the Kentucky Theatre will sponsor a late show beginning at 11:30 p.m., which will give young people another outlet who are not yet ready for the "sack". The City and County Police will be cooperating. Cots will be set up in the massive gymnasium of the Police Department where youngsters without lodging may "bed down" as long as space holds out.

These are only a few of the hospitality features. The Chamber of Commerce will have a hospitality room at Freedom Hall for coaches and principals; all visitors wanting to play golf on Louisville's golf courses will play without paying a green's fee—and so the hospitality goes on and on with too many things being planned to mention in the short space allotted The Flying Dutchman.

Your old Dutch friend signs off with this bit of philosophy for Kentucky's quintettes who have been unlucky—"The harder you work, the luckier you get."

Basketball

BALL HANDLING IN BASKETBALL, j-s-c, 1 reel, \$1.50

Teaches fundamentals of basketball handling including stance, grip, control, adjustment, before shooting, catching the ball, and other points. Presents game shots, using special photographic techniques to illustrate principles.

BASKETBALL BY RUPP, j-s-c-a, 2 reels, \$2.50

Animated play diagrams, slow motion photography, and action shots are combined in this new film prepared under the personal direction of Mr. Rupp especially for coaching use. Among the drills and plays covered in this film are: pivot man's slide into the basket; Play No. 6, the famous Kentucky Basket Maker; legal screening; penetrating zone defense; and the Kentucky fast break.

BASKETBALL FOR MILLIONS, j-s-c-a, 3 reels, \$7.50

This is the film for 1958-59, produced by the Official Sports Film Service under the sanction of the National Federation. A fantastic dream sequence where impossible and nightmarish situations can and do arise is the continuity thread used throughout the film to depict: Accepted officiating procedures—problems created by double fouls and false double fouls—tricky situations connected with front and back court—jump ball infractions and procedures—little understood distinction between player and team control—and a panorama of basic rule fundamentals.

BASKETBALL FUNDAMENTALS — INDIVIDUAL TECHNIQUES, j-s-c-a, 1½ reels, \$2.50

Branch McCracken, Indiana University basketball coach, uses his team to demonstrate the fundamentals of basketball. Slow-motion photography is used to break the various court techniques down into easily grasped essentials.

BASKETBALL KENTUCKY STYLE, j-s-c-a, 2 reels, \$2.50 (in state), \$5.00 (out of state)

This is the revised edition of the film "Basketball By Rupp" prepared under the personal direction of Mr. Rupp especially for coaching use.

BASKETBALL STRATEGY FOR GIRLS, j-s-c-a, 1 reel, \$1.50

The basic strategy of offense play (fakes, rolls, cutting, screening, varying pace) and defense play (player to player, basic zone, shifting zone, triangle, and diagonal) is demonstrated and explained in this film.

BASKETBALL TECHNIQUES FOR GIRLS, j-s-c-a, 1 reel, \$1.50

Basic movement skills (running, starting, stopping, turning) passing (finger control, movement with the pass, leading the receiver, choice of the right pass), catching (side pass, high pass), shooting (finger control, arm extension, wrist flip, choice of the right shot), dribbling, making, and pivoting are demonstrated and explained in this film.

BETTER BASKETBALL, j-s-c-a, 3 reels, color, \$.75

This film is produced by the Official Sports Film Service under the sanction of the National Federation of State High School Athletic Associations. It demonstrates current rules and good officiating procedure, with colorful action by skilled players.

CARR CREEK VS. HENDERSON (1956) K.H.S. BASKETBALL TOURNAMENT FINALS, e-j-s-c-a, 3 reels, silent, \$.75

The final game of the 1956 State Basketball Tournament is shown in this film. Carr Creek High School defeated Henderson by a narrow margin, 72 to 68, to win the championship.

CHAMPIONSHIP BASKETBALL—TEAM TECHNIQUES, j-s, 1 reel, \$1.50

Man-to-man defense is shown, with the means best used under varying conditions.

DEFENSIVE FOOTWORK IN BASKETBALL j-s-c, 1 reel, \$1.50

Striding with an opponent, checking, maneuvering him out of position and other basic skills are illustrated, using special photography to demonstrate points. Rebounding, pivoting, and correlated arm action are taught also.

EASTERN VS. LAFAYETTE (1957) K.H.S. BASKETBALL TOURNAMENT FINALS, e-j-s-c-a, 3 reels, color, \$.75

The final game of the 1957 K.H.S. State Tournament was played in Freedom Hall at the Kentucky Fairgrounds and Exposition Center before a record crowd of 18,000. The final score was 56-52 as the Lafayette Generals won the crown for the fourth time.

HAZARD VS. ADAIR COUNTY (1955) K.H.S. STATE BASKETBALL TOURNAMENT FINALS, e-j-s-c-a, 3 reels, silent, \$.75

This is an excellent film of the game in which Hazard defeated Adair County by the score of 74-66 for the championship. Johnny Cox bore the brunt of the attack by the champions while all-state players, Ralph Shearer and Terry Randall, were best for Adair County. The presentation of all awards and trophies for the tournament is shown also.

HIGHLIGHTS OF 1956 STATE BASKETBALL TOURNAMENT, e-j-s-c-a, 3 reels, sound, \$.75

Interesting scenes of events during the tournament are shown in this film. Action shots of the crowd, cheerleaders, and bands are shown in addition to a part of the play in each tournament game.

KING BASKETBALL, j-s-c-a, 3 reels, \$.75

The official rules for the 1953-54 season are interpreted in this film. In addition, play situations are demonstrated by members of the Shawnee Mission basketball team, finalists in the Kansas State High School Tournament. Particular skills are shown by Robin Freeman, jump shot artist, who averaged thirty points a game for Hughes High School, Cincinnati; Wade Holbrook, a 7 foot $\frac{3}{4}$ inch giant from the Portland, Oregon, State High School champions; and Chuck Darling, All-American center from the University of Iowa.

NORTH MARSHALL VS. DUPONT MANUAL (1959) K.H.S. BASKETBALL TOURNAMENT FINALS, e-j-s-c-a, 3 reels, silent, \$.75

The Indians of North Marshall High School proved

too much for the Reds of duPont Manual in the final game, winning by a score of 64-63. All-State players, Doyle and Lampley, were best for the winners, while Melear and Siers led the Reds.

RUPP'S FUNDAMENTALS OF BASKETBALL, j-s-c-a, 1 reel, silent, \$1.25

Coach Rupp's University of Kentucky Wildcats (1949-50) demonstrate ten different plays in such a clear manner that it is easy to follow and learn each play.

RUPP'S PARADE TO THE NATIONAL CHAMPIONSHIP OF 1958, j-s-c-a, 4 reels, \$3.50

This film presents the high lights of all the games, both regular season and tournament games, which led up to the U of K's Wildcats winning the NCAA basketball crown.

SHOOTING IN BASKETBALL, j-s-c, 1 reel, \$1.50

Concentrating on the set shot, this film pictures the action of the throw, stance, aim, trajectory, and fingertip control. Special attention is given total body coordination, especially inward rotation of the hand and arm making the throw.

ST. XAVIER VS. DAVIESS CO (1958) K.H.S. BASKETBALL TOURNAMENT FINALS, e-j-s-c-a, 3 reels, \$.75

St. Xavier High School of Louisville won the 1958 State Basketball Tournament by defeating Daviess County of Owensboro, 60-49, in the final game of the tournament at the University of Kentucky Coliseum.

Swimming**AQUATIC ARTISTRY, e-j-s-c-a, 1 reel, \$1.50**

The film presents a diving exhibition by Harold Smith, an Olympic champion. Slow motion photography brings out clearly various points in Smith's techniques.

BEGINNING SWIMMING, e-j-s-c-a, 1 reel, \$1.50

Through scenes photographed both above and beneath the surface of the water, basic techniques of swimming for beginners are demonstrated. Land and water drills involving kicking, breathing, floating, paddling and stroking and pulling with the arm are practiced separately, then coordinated as the swimmer learns the American crawl. The back float, back stroke, and breast stroke are also illustrated and explained.

BREAST STROKE, SIDE STROKE, AND UNDERWATER SWIMMING, e-j-s-c-a, reel, \$1.50

This film presents the conventional breast stroke timing the strokes, and the kick.

CRAWL STROKE, e-j-s-c-a, 1 reel, \$1.50

The basic principles of the stroke are presented in this film. The arm stroke, the kick, and the breathing are demonstrated. This film also includes slow motion shots under water.

DIVING FUNDAMENTALS, j-s-c-a, 1 reel, \$1.50

After a brief history of the sport of diving, the following points are explained and demonstrated: The hurdle jump, determining the correct distance, proper arm action, correct way of landing on the feet, proper takeoff and lift, correct entry into the water. The backward dive is also taught, including lift, arching the body, and entry into the water. The motion is stopped at various points to enable detailed study of form.

DOLPHIN KICK, e-j-s-c-a, 1 reel, \$1.50

An excellent swimmer, an underwater camera and carefully devised teaching demonstrations introduce the new swimming technique known as the dolphin or fish-tail kick. Analyzing the body movements used in the dolphin kick, the film stresses the importance of practice for mastery of this efficient speedy kick.

1955 KENTUCKY HIGH SCHOOL A. A. SWIMMING MEET, j-s-c-a, 2 reels, silent, \$.75

Highlights of the meet and championship heats are shown in the film. St. Xavier of Louisville won the Class A title for the ninth consecutive year. University High of Lexington won the Class B and Bellevue the Class C.

SWIM AND LIVE, j-s-c-a, 2 reels, \$.75

Men of the Army Air Forces at Miami are taught to swim from floating to swimming through burning oil. The film is useful for pre-induction instruction and for safety classes as well as for general programs.

NATIONAL FEDERATION MEETING

(Continued from Page One)

beyond the scrimmage line as soon as a pass is in flight rather than when it is touched. A proposal that it be provided the ball become dead when K first touches a scrimmage-kick beyond the line was favored by 3,964. 2,866 were opposed. A slight majority were opposed to a revision which would provide that a free-kick beyond the free-kick line would become dead when K first touched. The vote indicated that 2 out of 3 were not interested in including in the rules a means of determining a winner if a regular game ended in a tie. 61% favored retaining the present width goals and 81% endorsed the present rule by which the ball becomes dead when any kick touches in R's end zone. An overwhelming majority of 17 to 1 favored retaining the present coverage which provides that when R touches a scrimmage-kick beyond the line it is the same as a change in team possession as far as ending a series is concerned. Nearly 60% were opposed to a requirement which would provide that a player who committed a foul must raise his hand at arms' length above his head.

The Questionnaire results indicated that the simplification and orderly arrangement of the rules in the National Alliance Code are continually becoming better understood and more appreciated.

AUTHORIZED RULES REVISIONS

1-2-Note: The Committee authorized permission to use goals with a cross bar of 23 feet 4 inches if the home team is required to use a field equipped with goals of this type.

1-3-Note: The home management shall also make available a competent crew to operate this equipment.

1-5-1: An addition to the present coverage will indicate that a player shall wear a face protector while participating.

1-5-3-c: A note will explain the Rules Committee strongly recommends that new hip, rib and shoulder pads have all hard surfaces and edges covered with soft or shock-absorbing material.

2-3-3: The revision will provide that a valid fair-catch signal is the extending and holding of one hand only at full arm's length above the head. It will no longer be necessary to wave the hand sidewise.

2-4: So that the possibility of injury may be reduced, this section will provide that the area in which

blocking from the rear is permitted is reduced to 4 yards laterally on either side of the snap and 2 yards behind each scrimmage line. It will also provide that to block from the rear in this rectangular area (8 yards by 4 yards) without it being a foul, the blocker must be in the area at the snap.

3-4-1: An item added to the article will permit an Official's time-out for "any unusual delay in getting the ball ready-for-play."

6-4-2: The revision will provide that only a player who signals can make a fair catch.

7-5-6: The article will be rewritten to permit ineligible A to advance beyond the scrimmage line as soon as the forward pass leaves the passer's hand. However, ineligible will continue to be restricted from touching a forward pass before it has touched B.

GENERAL

1. It was voted to include the following items in the 1960 Football Questionnaire:

(a) Do you favor authorizing the Referee to make an equitable adjustment or to order a replay if the ball becomes dead because of an inadvertently blown whistle which obviously handicapped one of the teams?

(b) Should the rules require that beginning in 1963 (or in 1965) all hard surfaces in rib, hip and shoulder pads be covered with soft or shock-absorbing material?

(c) Would it be desirable to remove the restrictions which prohibit an interior lineman from moving after he has placed his hand on the ground?

(d) Should R be required to put the ball in play at the inbounds spot if R is the last to touch a free-kick which goes out-of-bounds?

(e) Should it be mandatory that, beginning in 1962, each participant, unless excused by a dentist, be required to wear a mouth protector?

(f) Shall there be five charged time-outs permitted in games played in 15-minute quarters?

(g) Is it desirable to have an Official's time-out whenever there is a change of team possession?

(h) Shall all blocking from the rear, including that during close line play in the 8-yard by 4-yard rectangle along the scrimmage line, be considered a foul?

(i) Do you favor a 2-minute intermission between quarters for changing goals?

2. The Committee directed the Case Book inclusion of play situations which would indicate that: (a) first touching does not cause the ball to become dead; and (b) a Captain's request for measurement may be refused if, in the Referee's opinion, it is obvious the first down has or has not been made.

3. Revision of Case Book Play 320b so as to include a situation in which the ball is "advanced out of the end zone" was voted.

4. At the request of its Committeeman, the North Carolina High School Athletic Association was granted permission to continue to experiment during the 1960 season with declaring a scrimmage-kick beyond the line dead when K first touches.

5. For games played in 15-minute quarters, permission to experiment with allowing 5 charged time-outs to each team each half was authorized.

6. A proposal that the coin toss take place a minimum of 15 minutes before the game starting time was submitted but received only limited support. Because coverage does not now set the time of the toss, the toss can be made other than immediately prior to the kick-off when it is mutually agreeable.

7. No great interest in determining a winner if a regular game ends in a tie was expressed. The determination of a winner is necessary when a tie

occurs during a play-down for a state championship and various plans are now used in several states for this purpose. However, there was no disposition to incorporate a method for the elimination in the rules. The representative from Maine reported on limited experimentation in his state with this matter. The results of the experiment did not meet with favor and a large majority of those experimenting preferred to leave the game as a tie.

8. A motion to assess a 15-yard penalty against the home team at the start of the game when 5 yardlines are not marked was considered and then lost by substantial majority.

9. Some concern over proper enforcement and adherence to the coaching from the sideline rule was expressed. Several areas reported improved enforcement during the past season. Other areas indicated frequent violations and less progress than desired. A motion to delete from the rules any reference to coaching from the sidelines was withdrawn after the discussion.

10. The meeting keynote was safety. From the opening remarks of Chairman Knowles until the disposition of the last items, the importance and necessity of stressing safety was emphasized. It was pointed out that there are no expendables in an interscholastic program and the welfare of each individual is of the utmost importance. The Committee urges adherence to all safety measures. Members and rule interpreters were directed to stress safety aspects of the program to coaches, game administrators and officials. The editor was directed to include in the Rules Book recommendations which will contribute to the safety and welfare of the participants. Such recommendations will include the desirability of having a medical doctor in attendance at games and, whenever possible, at contact practices, a stretcher available at fields, the need of thorough physical examinations and adequate conditioning.

EIGHT-MAN RULES

1. The Six-Man field (30x120) with Eleven-Man goals shall be official for the Eight-Man game.

2. The try-for-point shall be attempted from B's 2 yardline.

Minutes of Board Meeting

The Board of Control of the Kentucky High School Athletic Association met at the Kentucky Hotel, Louisville, on Saturday morning, January 23, 1960. The meeting was called to order by President Russell Williamson at 9:00, with all Board members, Commissioner Theo. A. Sanford, and Assistant Commissioner J. B. Mansfield present.

Louis Litchfield moved, seconded by Cecil A. Thornton, that the reading of the minutes of the December 19th meeting be waived, since the members of the Board had received copies of these minutes. The motion was carried unanimously.

Director Jack Dawson reported on a meeting of the Kentucky High School Basketball Tournament Hospitality Committee, held at the Kentucky Hotel on January 21, which had been attended by him and the Commissioner, representing the Board of Control. Mr. Dawson reported that preliminary tournament plans, as far as the committee mentioned was concerned, seemed to be moving along very well. The Commissioner stated that the cooperation of the Louisville group to date had been outstanding. Assistant Commissioner Mansfield reported that the advanced sales of tournament tickets had been very fine, possibly better than ever before at this time.

Louis Litchfield moved, seconded by W. B. Jones, that the following regulations concerning fees for regional tournament officials be adopted: The official shall receive a fee of \$20.00 per game and a transportation allowance of seven cents per mile for all necessary travel. In the event it is necessary for the official to remain overnight at the tournament site, he shall be paid an additional \$10.00 per day for lodging and meals. The motion was carried unanimously.

Louis Litchfield moved, seconded by K. G. Gillaspie, that the 1960 State Track Meet be held in Lexington on May 20-21, and that the Commissioner be authorized to set the dates and determine the sites of the other spring events. The motion was carried unanimously.

W. H. Crowds moved, seconded by Robert P. Forsythe, that all bills of the Association beginning December 19, 1959, and ending January 22, 1960, be approved. The motion was carried unanimously. No further business the meeting adjourned.

KAPOS NEWS

(Continued from Page Three)

"Please notify either Mrs. Nelda Smith at Scott County High School, Georgetown, Kentucky, or Mrs. Stella S. Gilb at the University of Kentucky of your willingness to take part in the 'interview program' by sending us your name and the dates on which you will be available for an interview.

"Principals who wish their cheerleaders to be considered for the annual cheerleader award should be prompt in their reply, stating that their cheerleaders are being chaperoned during their entire stay at the State Tournament by a school-approved chaperon; and the name of the chaperon should be given. Send confirmation by telegram to: President Nelda Smith (KAPOS), Kentucky Hotel, Louisville, Kentucky.

"The Cheerleader selection will be made on the following basis:

1. Appearance (neatness and general good grooming)
2. Ability to execute the yells
3. Ability and effort displayed in control over own rooters
4. Appropriateness of the choice of yells
5. Conduct while in uniform (gum chewing, smoking, using intoxicants or profane language. This applies to rest rooms, hotels, etc.)
6. Pep and enthusiasm displayed during cheering
7. Sportsmanship (toward opponents and officials)

"Method of grading, based on possible 70 point total, is as follows: Excellent, 10 pts.; Good, 7 pts.; Fair, 5 pts.; and Poor, 2 pts.

"The following note is given to those schools planning on bringing the school band: Bands add color and pep to a contest, and they deserve equal time to perform. However, there are certain courtesies to be observed by each of us. With your permission I will mention some areas where, in the past, school bands have been criticised:

1. By trying to 'drown' out the other band even though your opponent started playing first.
2. By beating drums and clashing cymbals when an opposing player is at the foul line.
3. By going into a number after either own or opposing cheerleaders have started a cheer.

4. By monopolizing the available time by playing a very long number or going into a second number without giving the other band a chance to perform."

No Extra Charge

To Spare the Nerves and Spoil the Fans
Observe the following and your's will be a Popular Band:

Let no Notes Issue from Playful Hands
Until the Director Calls, "STRIKE UP THE Band."

Do not Toot the Flute nor Beat the Drum,
When the Action is at the Foul line, BE MUM.

Blow your Horn and Show your Stuff
But One at a Time, That's Enough.

Wave the Baton and Declare your Rights
Unless the Cheerleaders are Yelling, FIGHT, FIGHT!

BUT

When Tempers Flare and a Riot is in Sight
STRIKE UP THE BAND and Play with all Your Might!

The Power of Athletics

America is a sports loving nation from the standpoint of both the spectator and the participant. One need only to observe some of the happenings on the American scene for evidence of this statement.

Take for example, the great American game of baseball. During the World Series baseball is the main topic of conversation wherever you go or wherever you may be. Millions of baseball fans across the nation pause to listen on radio or watch the games on television. During the recent Series it was estimated that one out of every ten persons in Los Angeles was carrying a transistor radio. During a current baseball season millions of fans attend professional, high school, college and amateur baseball games. SUCH IS THE POWER OF BASEBALL.

Following the baseball season, fan hysteria switches to a favorite football team. Millions of football fans fill high school and college stadiums. Every Friday and Saturday in Ohio, three hundred and sixteen high school football games are played to an estimated total attendance of over 500,000 people. Crowds of more than 82,000 attend each game at the Ohio State University Stadium. The various college conferences in Ohio and elsewhere are not without their supporters. Almost every Sunday crowds of 50,000 to 100,000 watch the professional football teams, not to mention the millions

that are viewing the games on television. SUCH IS THE POWER OF FOOTBALL.

Then comes the basketball season with no change in the tempo. Almost every town, village, hamlet or city has a local basketball team with its followers and loyal supporters. Regardless of floor size, spectators fill every available seat and space in the gymnasium to lend their moral support to the players and cheer their team on to victory. During the tournament time it is not unusual in some communities to find signs on the doors of business places which read "Closed—Gone To The Tournament." In 1959 over a million fans attended the high school basketball tournaments sponsored by the Ohio High School Athletic Association. SUCH IS THE POWER OF BASKETBALL.

Horse racing has its Kentucky Derby, automobile racing has its 500-Mile classic, golf has its Walker Cup as well as championship golf, bowling has its ABC and championship bowling, yacht racing has its Lipton Cup, speedboat racing has its coveted cup and so it goes—all have their fans and followers which run into millions. To the list of sports already mentioned we can add hunting, horseback riding, fishing, swimming, skating, skiing, trap and skeet shooting, boating, canoeing, wrestling, boxing and many others which have their supporters. All of these examples point up the power of athletics and the important part which athletics play in the lives of American people.

Spectators receive certain benefits from watching or attending a sports spectacle. Social and recreational values are the more obvious outcomes. Some writers claim mental and spiritual values for the spectator as a result of seeing acts of good sportsmanship and fair play. Others emphasize the development of community pride and school spirit that comes from a common interest in an athletic team. Many other claims might be made in support of "spectator athletics." However, the chief concern of this editorial is to emphasize the Power of Athletics as it relates to the participant.

Athletics are a part of the educational program and as such they contribute to the total development of the individual. Physical, mental, moral, social and spiritual values result from participation in athletics. These values and many others are emphasized in eligibility cases referred to the Commissioner's office. An appeal is often made in behalf of the boy with such statements as "athletics is the only thing that will straighten the boy out and keep him in school" or "the boys future will be jeopardized if he cannot play basketball or football." Many reasons are given why the boy should be declared eligible so that he can derive the benefits that come from being a member of the team or squad.

Eligibility for interscholastic athletics as based on meeting academic requirements, age, residence, amateur standing, no undue influence and many other rules and regulations of the O.H.S.A.A. which cannot be waived or set aside by the Commissioner.

As often stated, a program of athletics cannot

be justified unless it is a part of the total educational program. Using each letter of the theme "POWER OF ATHLETICS" following are some values, outcomes and characteristics of athletics.

- P—Privilege of representing the school as a member of an athletic team; a purposeful activity which builds physical fitness and better boys.
- O—Opportunity to develop physically, mentally emotionally and socially.
- W—Worthwhile qualities of sportsmanship, fair play and other desirable social and moral character traits.
- E—Enthusiasm, endurance and energy for living in an age of automation and increased leisure.
- R—Reliability, resourcefulness and responsibility.
- O—Outstanding performance which produces poise and self-confidence.
- F—Fitness and moral fibre for peace and for war and foresight.
- A—Appreciations, attitudes and attributes which contribute to public acceptance of the athletic program.
- T—Teamwork and the tenacity to keep going in victory or defeat.
- H—Health and happiness from competing in a wholesome program of competitive activities.
- L—Loyalties associated with his team, his school and his community; learn to respect the rights of others.
- E—Esprit de corps and a feeling of belonging; enthusiasm for sports as a means of recreation.
- T—Ties of friendship with team mates; tolerance, trustworthiness, training and self-discipline.
- I—Inspiration, intestinal fortitude and initiative.
- C—Confidence in one's self and consideration for the welfare of the group.
- S—Self-control, social responsibilities and satisfactions for living in a democratic society, sportsmanship and fair play.

SUCH IS THE POWER OF ATHLETICS.

—Editorial in THE OHIO HIGH SCHOOL ATHLETE

Attention, Principals!

Attention is called to the provisions of K.H.S.A.A. By-Law 21, Number of Basketball Games. The last sentence of this By-Law reads: "In one county, conference, or invitational tournament, the games played by a member school shall count as one game."

The Commissioner has been advised that there is a possibility that many principals are not complying with K.H.S.A.A. regulations with respect to exchanging eligibility lists when second teams are involved. Under the "By-Laws" heading in the K.H.S.A.A. booklet is the following: "Governing All Contests Between Teams Representing Member Schools."

Housing Bureau

Mr. Lewis C. Tingley, manager of the Louisville Chamber of Commerce Convention Bureau, writes that it is the desire of his organization to set up a housing bureau for the State Tournament. Mr. Tingley says: "All inquiries for the tournament housing should be addressed to the Kentucky High School Basketball Housing Bureau, in care of the Louisville Chamber of Commerce, 300 W. Liberty, Louisville 2, Kentucky. Date of arrival and departure should be given along with type of accommodations, and whether they would like hotel, motel, YMCA, YWCA, or private home. They should state whether they want one room with 1, 2, 3, or 4 beds and approximately how much they wish to pay per night. The minimum will run around \$2.00. These reservation requests should be received in Louisville no later than March 10, and those individuals making requests will receive written confirmation from the establishment in which the reservations are made."

Letter of Interest

Louisville, Ky.
January 27, 1960

Mr. T. A. Sanford, Commissioner
Ky. High School Athletic Association
Lexington, Kentucky
Dear Commissioner:

Regarding taxicab transportation for the Ky. High School Basketball Tournament players which will be held March 16-19, 1960 and discussion we had at luncheon meeting January 21, 1960. I contacted Mr. Marshal Gathof of the Checker Cab Co. and Mr. John Werner of the B-Line Cab Co. and both have agreed to carry five passengers from the center part of town to the fair grounds and from the fair grounds to the center part of town for \$1.50 per trip, one (1) or five (5) passengers during the three days, the 16-19. This is in accord with my statement at the meeting whereas Yellow Cab Co. will also do the same. They have also agreed that they will have cards posted on the inside of their cabs during the time giving the above rate quoted. I have talked to the taxicab inspector in Louisville, Sergeant Walter

Jones, and he will endeavor to contact all other small cab companies along the line stated by the three major companies and will caution them that at no time will they be permitted to charge more than motor rate for passengers carried on trip. I hope this is the information that you have requested and also hope you have a very successful tournament in Louisville for the Ky. High School Basketball. Any further details I can give you, please feel at liberty to call on me. Sincerely,

J. R. Sclarenco, Vice-President, Operations,

Baseball For Millions

BASEBALL FOR MILLIONS is the newest addition to the family of rules films produced by Official Sports Film Service. The premier showing was held during the Fortieth Annual Meeting of the National Federation of State High School Athletic Associations.

The scenes were filmed on Al Lopez Field, Tampa, Florida, with playing personnel chosen from four Tampa High Schools and outstanding players from the University of Florida and University of Tampa.

BASEBALL FOR MILLIONS is sanctioned by the National Federation, in cooperation with the National Junior College Athletic Association, National Association of Intercollegiate Athletics, American Association of College Baseball Coaches and the Joint Baseball Committee composed of the National Federation and the Major and Minor Professional Baseball Leagues.

Paul Richards, colorful Big League Manager and outstanding student of the game, narrates for play situations covering the official interpretations of a panorama of basic rules involving batting, pitching, base running and fielding. This film is recommended for officials, coaches, players and fans wherever the game of baseball is played, and it will increase the understanding and enjoyment of one of the great American pastimes—Baseball.

General Mills, Inc. and Wilson Sporting Goods Co. co-sponsored this new addition to the Official family of rules films as they have for the previous seventeen productions. A color print of the film has been rented by the K.H.S.A.A. and placed on loan with the U. K. Department of Extension.

MARCH - 1960

Modern Ides of March

The gym lights gleam like a beacon beam
And a million motors hum
In a good will flight on a Friday night;
For basketball beckons, "Come!"

A sharp-shooting mite is king tonight.
The Madness of March is running.
The winged feet fly, the ball sails high
And field goal hunters are gunning.

The colors clash as silk suits flash
And race on a shimmering floor.
Repressions die, and partisans vie
In a goal acclaiming roar.

On Championship Trail toward a holy grail,
All fans are birds of a feather
It's fiesta night and cares lie light
When the air is full of leather.

Since time began, the instincts of man
Prove cave and current men kin.
On tournament night the sage and the wight
Are relative under the skin.

It's festival time,—sans reason or rhyme
But with nation-wide appeal.
In a world of hate, our ship of state
Rides high on an even keel.

With war nerves tense, the final defense
Is the courage, strength and will
In a million lives where freedom thrives
And liberty lingers still.

Let commies clash and empires crash
'Neath the wreck of a victory arch!
Let our boys tread where hate is dead,—
In this happy Madness of March!

Athletic Participation

The benefits from athletic participation should be enjoyable, lasting and beneficial. This activity is by far the most expensive extra-curricular activity in our schools and in order to be justified it should be conducted in such a way that our sons receive lasting benefits from it.

Athletic participation should give to our sons:

1. Physical benefits. While this is not the most important phase of the program, it is certainly an important one.

2. A pride in their physical development. Participation should teach them to work with others and to sacrifice self for the success of the team. It should teach them to work against odds; and to learn that life is not always soft and easy. Athletic participation should toughen them for the shocks that are sure to follow in the future.

3. Something wholesome and clean in which they can occupy their leisure time. "A kid with a baseball glove in his pocket never stuck up a bank." Forty-two per of our crime is committed by youths under eighteen years of age. Athletic participation is one means of combatting this evil.

4. A knowledge of how to protect themselves and an understanding of the benefits of clean living habits. Interest in one or more types of recreation that will stay with them throughout life. To many it may be the means of obtaining an education (athletic scholarships), and to some it may give training in their life's work (coaching or participating in athletics).

5. A strength of character that cannot be developed elsewhere in our school program. If this phase of the program fails, the entire program fails. "What doth it profit a man if he gain the whole world and lose his own soul?"

Properly conducted the athletic program can be of lasting value to our sons. If not properly conducted, it can do lasting harm. If our sons are to receive the fine benefits

It Won't Be Long, Now!

outlined above the athletic program must be properly administered; otherwise, they will not receive good but evil training. If our sons are taught to violate the rules by faking injuries to stop the clock, to engage in the "sucker shift" in order to gain an advantage or if they see their coaches engage in illegal coaching from the sidelines or violate athletic association or board of education rules, they are not receiving the proper training.

Most of us can look back with deep regret upon some of the incorrect advice given us. We can remember how someone suggested or taught a "slick" way of violating and beating the rules, either of an athletic game or in human behavior. It is impossible to know the full impact upon a community when a very few are taught to disregard rules and regulations. The evil is multiplied over and over through the years.

A rule is no stronger than the man who coaches it or the official who is administering it.

If the rule is a bad one, we should go to work to change or repeal it, but so long as it is in effect it should be respected and enforced, or our influence is harmful to those we teach or influence by our example.

When a man teaches by precept or example, the violation of any rule is a harmful influence and should be corrected. His way of thinking will be most harmful to those he has entrusted to his care. It may be considered "a small thing", "good strategy", or "a winning plan", but it is causing a grow-

Board Election

At the copy deadline for this issue of the ATHLETE, principals in Sections 7 and 8 were still balloting in the election for Board of Control membership. In Section 7, Assistant Superintendent Cecil A. Thornton of Harlan County Schools was running for reelection to the Board, and he was opposed by Principal Roy T. Reasor of the Fleming-Neon High School. There were four candidates in Section 8. They were: Principal W. F. Doane, Belfry High School; Superintendent Oran C. Tester, Paintsville City Schools; Coach John Bill Trivette, Pikeville High School; and Superintendent Webb Young, Boyd County Schools.

Twenty-five all stars from the American League defeat an equal number of National League greats by a score of 4-3 at Baltimore. Close-ups of the baseball stars of today and interesting plays of the game are shown in the film. (KHSAA)

Baseball By The Code, e-j-s-c-a, 3 reels, color, \$.75

This picture gives an official interpretation of the rules and a demonstration of game administration by Umpires from the Major and Minor Leagues. Play situations are demonstrated by high school, college, and professional players. Correct pitching procedure, interference and obstruction, live and dead ball, trap plays, infield fly, and strike zone are illustrated.

Baseball for Millions, j-s-c-a, 3 reels, color, \$.75

In this film a colorful Big League Manager and an outstanding student of the game narrates play situations covering the official interpretation of a panorama of basic rules involving batting, pitching, base running, and fielding. It is recommended for use by officials, coaches, players and fans. (KHSAA)

Batting Fundamentals, j-s-c-a, 1 reel, \$1.50

Basic skills which must be mastered before one becomes an accomplished hitter. Bat selection, stance, grip, stride, swing and follow-through are clearly demonstrated in this film by professional players.

The Batting Stars of Baseball, s-c-a, 3 reels, \$1.00

Who are the big names among batters and what makes them good? Watch the featured hitters as shown in this film, learn the secrets of their styles and forms, and try it yourself. For clubs as well as classes.

Catching In Baseball, e-j-s-c-a, 1 reel, \$1.50

The basic skills in catching baseball are presented in this film. How to catch a high rapid ball, a batted ball, a thrown ball, and a ground ball are shown. Stance, footwork, and body balance are described. Slow motion and close-up photography are used to enable the viewer to follow each step or movement in each of the basic skills.

Catching Stars of Baseball, j-s-c-a, 2 reels, \$.75

This is a film designed to assist in the coaching of catchers but it is also interesting and entertaining. Correct methods and techniques of receiving, throwing, signalling and fielding are illustrated by Bill Dickey, Sherman Lollar, Yogi Berra and Roy Campanella.

Democracy of Baseball, e-j-s-c-a, 2 reels, \$.75

The purpose of this film is for further development of young baseball players in our modern democracy and illustrates this through sports and sports competition. This film includes a brief history of baseball along with a cavalcade of past and present stars.

Double-Play Kings of Baseball, j-s-c-a, 2 reels, \$.75

This film presents an analysis of the double play in baseball. Different players from several major leagues are shown in action. Fielding, tagging, and throwing are illustrated and explained.

Hitting In Baseball, e-j-s-c-a, 1 reel, \$1.50

Slow motion and close-up photography are used to follow accurately and graphically the basic fundamentals of hitting in baseball. Coordination of feet, legs, hips, shoulders, arms, and head is explained. How to select a bat, how to hold it, and correct batting position are shown.

Infield Play at 1st and 3rd, e-j-s-c-a, 2 reels, \$.75

The fundamentals and finer points of infield play at first and third base are illustrated by big league players. Fielding, stance, throwing, tagging runners, etc., pictured, often in slow motion. Sponsored by A. G. Spalding Co., The American and National Leagues.

Inside Baseball, j-s, 3 reels, \$1.00

The Flying Dutchman

Don Davis of Bellevue and his officiating partner, Bob Miller, are high in their praise of two basketball players who won an Abou Ben Adhem Award for Erlanger-Lloyd High School. According to Don and Bob a player, who is identified only as No. 55, brought credit to Lloyd Memorial when he raised his hands for quiet and got it while a free-throw attempt was being made by a Dixie Heights shooter. No. 21 on Lloyd added credit to the actions of No. 55 when he quieted a small boy who was screaming and gesturing at the free-throw shooter.

A citation has gone to Radio Station WIEL of Elizabethtown, Kentucky for outstanding services rendered in the promotion of sportsmanship practices. Al Gustafson, Jr., first called the Dutchman's attention to this service which was sparked by Hardin McLane. Kentuckians ought to know Al Gustafson, Jr., better. The first time the Dutchman heard the name of Gustafson was when he was a youngster. Then there were two Gustafsons. Al Sr. was referred to as "Big Gus" and Al Jr. as "Little Gus." No man ever did more for young men interested in wholesome sports than "Big Gus." No father could have been more thrilled if he had been privileged to live long enough to see the fine record which "Little Gus" has racked up as a competitor and now as a sports official. Al Gustafson, Jr., "Little Gus," has been more than an outstanding basketball official. He has been a crusader for the promotion of better sports and friendlier relations, following closely in the steps of a man whose memory this Dutchman will always cherish, "Big Gus." "Little Gus," you have won a corn cob pipe of honor.

Meet Ronald Richardson, age 10. Here is a candidate for the 1960 Game-Guy Award. Already a Lionheart Lapel Button has been mailed to this young fighter who has overcome polio. In spite of three leg operations, causing one leg to be shorter than the other, he is playing basketball. Ronald, coached by Harold Sauter, plays in a basketball league sponsored by the Louisville Times and the Louisville Recreation Department. Examples, provided by game-guys like Ronald, inspire other young people to overcome their physical handicaps to engage in sports.

Kenny Arnold and Ray Winchester recommend Coach Paul Coop and his assistant, "Butch" Gilbert, for corn cob pipe awards. Kenny and Ray declare that these men have displayed outstanding sportsmanship, win

Al Gustafson, Jr.

or lose, and are of the highest moral character. The Dutchman would like to add "ditto" to what these gentlemen have said about Paul and "Butch." Not enough men like Paul Coop were made before the pattern was lost. "Butch" is one of Kentucky's luckiest young men to be associated with Paul. A corn cob pipe is on its way to "Butch" Gilbert. Paul Coop has had one since away back. May their tribe increase!

"Gentleman" Jim Baker, Superintendent of Monticello Schools, commends the work of the Louisville Hospitality Committee in providing additional attractions and conveniences for visiting students to the State Tournament. Jim, who will be remembered as an outstanding official at the Kentucky State High School Tournament, recommends that an Abou Ben Adhem Certificate be sent to Allen County. Jim said that he witnessed a great exhibition of sportsmanship by 200 fans who traveled over 100 miles from Scottsville to play Monticello. These kids could not have been other than sportsmanlike under the type of leadership which Tom Simmons, Principal, and Coach Jimmie Bazzell give. An Abou Ben Adhem Certificate is on its way.

About this fellow, Tom Simmons! The Dutchman will never forget Tom lining up a half dozen coaches around Fountain Run and Tompkinsville back in 1930 for a fishing trip. The Dutchman was to be the "honored guest." Tom never did tell the Dutchman that it was illegal to go "dipping" until the local lawmen took over this phase of his education. Those country boys got this city

Donald Richardson

kid in the water at 7 P. M. and the Dutchman was still wading neck deep in Barren River at 4 o'clock the next morning when the game warden arrived.

A sign hanging in "Ole Ben" Edelen's tax office is very misleading. It says "This is a non profit organization. We didn't intend it to be that way but that's how it turned out." One glimpse at the referee's new suite of offices is enough to convince any skeptic that he is in the presence of one of Kentucky's wealthiest sports officials.

The five officials, elected by the "Sweet-Sixteen" Coaches to officiate the State Tournament, are hereby notified to meet the Flying Dutchman in his offices in the Armory at 3 P. M. Central Standard Time on March 16. Each year before the big classic opens the Dutchman has an orientation period with the "Happy Five."

Kentucky's basketball officials get the "Salute of 1960." They have again done themselves proud. To appreciate your home you have to go visiting. To appreciate Kentucky's officials, take your teams to play in far-away places. Kentucky's coaches indicate that they are 90% satisfied with officiating. Officials indicate that they are more than 90% satisfied with the coaches. We are just 20% above average and that's good in any league.

John Showalter, fondly known as "Beef" to his friends, has been nominated for the "Mr. Methusaleh" award. One such award

will go to an official in each of the 15 basketball clinics next fall. Who do you know in your region with many years behind him as a sports official?

The Dutchman's closing philosophy is for Oran Teater, George Conley and Sid Meade while they are in the big city for the "Kentucky Schoolboy Classic."

"For that rundown feeling, try jaywalking."

1960 TRACK AND FIELD RULES

RULES REVISIONS, most of which are of a minor nature, are outlined in the new edition of the Track and Field Rules Book which came from the press in January.

Rule 1-c: Lanes should be marked with a material which is not injurious to the eyes or the skin.

Rule 4-Note: A contestant should be limited to not more than four events and he should not run a distance of 440 yards or over in more than one event.

Rule 6-1: Starter is to now use the word "set" in his instruction to the competitors.

Rule 6-2: (a) Competitors must be "set" and motionless for approximately two seconds before the starter fires the pistol; (b) A contestant who leaves his mark with hand or foot at the "set" instruction before the pistol is fired or without the firing of the pistol is charged with a false start.

Rule 9-1: Trials may be conducted in flights of three or more when there is a large number of competitors in the high jump and for pole vault.

Rule 9-6 and Equipment Table, page 26: The discus throwing sector is now 60 degrees.

SITUATION RULINGS: New or revised situations include 16; 17; 18; 21; 22 and 50. These are designed to clarify such matters as when a false start is charged and the circumstances under which a vault counts as a trial if the pole falls forward and touches the ground beyond the plane of the stop-board.

The article "Mechanics and Technics of Starting" has been rewritten in view of current practices and rules coverage.

FILMS

(Continued from Page Three)

The Umpire In Baseball, e-j-s-c-a, 2 reels, \$.75

Summarizes importance of the umpire to the baseball game. Explanation of the duties of umpire and also qualifications for job, showing where they receive their training.

World Series of 1954, e-j-s-c-a, 3 reels, \$.75

Highlights of the games between the Cleveland Indians and the New York Giants are shown in this film. The Giants, sparked by the sensational hitting of Rhodes, defeated the Indians in four straight games. The Indians had set a record for the number of games won in winning the American League Pennant.

World Series of 1955, j-s-c-a, 4 reels, \$.75

Exciting moments of the seven games between the Brooklyn Dodgers and the New York Yankees are shown in this film. The commentary leading up to each game makes the film interesting as the Dodgers win the world championship.

World Series of 1957, e-j-s-c-a, 4 reels, \$.75

The American League champion New York Yankees, carry the series the full seven games before bowing to the Milwaukee Braves, champion of the National League. The film catches most of the hitting and shows the plays in which runs were scored in each game. The narrator, Lew Fonseca, describes the play and fills in the background with interesting bits of information concerning the games.

World Series of 1959, e-j-s-c-a, 4 reels, color, \$.75

The highlights of the six games played in the series between the Los Angeles Dodgers and the Cleveland Indians are shown in this film. Most of the scoring plays are filmed, along with many of the outstanding defensive plays. The color that goes with these games is captured in the film.

Baseball Hall of Fame, e-j-s-c-a, 3 reels, color, \$.75

This film shows the annual meeting at Cooperstown, New York, when new names are added to the Hall of Fame list. Numerous stars of the past return to the shrine each year at this time, and are shown as their feats on the diamond are related. The history of Cooperstown and the purpose of the Hall of Fame are explained in the picture.

Tennis

Advanced Tennis, e-j-s-c-a, 1 reel, \$1.50

While working with a tennis pupil, Bill Tilden narrates and demonstrates, showing advanced techniques of tennis.

Tennis Rhythm, j-s-c-a, 1 reel, \$1.50

Bobby Riggs is shown winning national tennis championship of Forest Hills. Later, at his tennis school in Chicago, he demonstrates how to make various shots correctly—the grip, service, forehand drive, backhand, etc., using regular speed and slow motion.

Golf

Saving Strokes with Sam Snead, s-c-a, 1 reel, \$1.50

Golf champion Sam Snead illustrates his grip, his stance, his swing on each of several types of golf situations. Slow motion and "freeze" shots help to clarify the instruction. Shots with driver, brassie, and various irons for difficult lies are illustrated and finally his putting technique is shown.

1960 BASEBALL RULES REVISIONS

These Baseball Comments apply to the 1960 rules as authorized by the National Alliance Baseball committee representing the National Federation, National Association of Intercollegiate Athletics and the National Junior College Athletic Association.

1. The Catcher must be in his box when a pitch leaves the Pitcher's hand. Neither of the Catcher's feet may be outside the limits of the box. Any infraction is considered an illegal pitch if there are no base runners and a balk if there are runners.

2. In making an appeal play, the Umpire's attention must be called to it before the time of the next pitch or, if a half-inning is ending, before the infielders leave the diamond.

3. The substitution rule requires that, in addition to giving the Chief Umpire his name and shirt number, the substitute must also name the player he is replacing in the batting order and indicate the position he will play in the field. The 1960 Code includes only one optional reentry modification. This optional provision, when used, provides that only the nine starting players may withdraw and re-enter once, provided each player occupies the same batting position whenever he is in the lineup.

4. If a Coach confers with a Pitcher or other defensive player more than once in an inning, or more than three times in a game, the Pitcher shall be replaced as Pitcher. The replaced Pitcher may participate in another position but he may not again pitch.

5. When obstruction occurs, the ball does not immediately become dead. If offended runner and each other runner reaches the base each would probably have reached except for the obstruction, the penalty is ignored. Otherwise, Umpire awards such base or bases to runner or runners. If award is to be made, ball becomes dead when time is taken to make the award.

RECOMMENDATION: Experimentation with the provision that all base runners wear a head protector which covers the top of the head, base of the skull and the temples.

RECOGNIZE YOUR CHAMPIONS

Tipp City High Schools boasts an unique and inexpensive method of stimulating physical education and intra-mural programs. A strength and efficiency chart has evolved after seven years development. It is now accepted as the ideal solution for activity recognition.

The idea of the chart is to list names of champions in various categories for public notice. The method described in the next few paragraphs requires a low investment of finances and only a small amount of effort to maintain after it is once established. About four hours work each year keep records up to date in Tipp City.

The chart itself is composed of a framework approximately twenty feet by four feet attached securely to the wall of the gymnasium. Within the framework moveable panels are inserted measuring approximately twelve inches square. The framework was grooved to allow the insertion of the one-quarter inch masonite panels. These were purchased in three sheets, four feet by eight feet long, and spray painted white for background.

Lettering on the panels has been done by a small brush with a different colored paint (poster paint, airplane dope, India ink, and enamels all work well) selected for each activity. The lettering itself was done in small block letters as is shown in the pictures.

The chart in Tipp has two length-wise units of the boys' activities and one for girls'. These male activities are boxing, wrestling, volleyball, basketball, chins, dips, jump and reach, standing broad jump, rope climb, tumbling, sit-ups, mile run, and strength and efficiency champion for the boys.

Included in the girls' chart are standing broad jump, basketball throw, soccer kick, tumbling, push-ups, sit-ups, block run, jump and reach, posture, G. A. A. outstanding

girl, and strength and efficiency champion of the girls.

This chart is flexible enough to allow for approximately ten years accumulative records in all events. Each panel is large enough to record the year, name, and record of the individual event.

The idea could be adapted to a varsity program of track and field records, football, basketball, and baseball team members and records as well as a physical education program. The gymnasium in Tipp City also has a dual function of auditorium so that the chart had to meet acceptable decorative standards. This chart meets all the requirements for both taste and program stimulation.

If more specific details concerning the idea are desired, write William J. Parrish, Director of Health and Physical Education, Tipp City Schools, Tipp City, Ohio. —William Parrish in the OHIO HIGH SCHOOL ATHLETE.

GUEST EDITORIAL

(Continued from Page One)

ing concern nationally from grade school to college. Most of us have not looked upon the

"short cuts" as an evil influence. They have been passed down from man to man, mouth to ear, boy to boy without considering the far reaching influence upon the boys of today or the men of tomorrow.

School authorities and patrons must discontinue placing too much emphasis on the score of the game. Do not force coaches to encourage or countenance willful violations. If the final score of the game is the only big reason for the contest, then we should discontinue our athletic program. We should teach proper adherence to the rules and demand that type of officiating in our games. Get rid of those who cannot or will not conform to such a philosophy.

Those of us who are interested in the future of boys and the games they play must combine our efforts to rectify these evils that have crept into our program.

We must have a goal that is greater than the one at the end of the football field, the goal that is on the backboard at the end of the basketball court, a goal that is greater than the "pot of gold" at the end of the rainbow.—S. D. Jackson (Tennessee), Member National Alliance Football Rules Committee.

1960 Annual Meeting

The business meeting of the Kentucky High School Athletic Association will be held on Thursday, April 21, at 2:30 P. M. The place will be the Crystal Ballroom at the Brown Hotel, Louisville. The dinner meeting will be held in the same room at 6:00 P.M.

The principal speaker at the dinner meeting will be Dr. Adron Doran, President of Morehead State College. The presentation of the Game Guy Award will be made during the meeting. The program will also include entertainment features.

As provided in Article IX, Section 1, of the K.H.S.A.A. Constitution, the following changes in the By-Laws, to be acted upon by the Delegate Assembly, are hereby submitted to all members of the K.H.S.A.A. for their consideration.

PROPOSAL I

The Board of Control proposes that the following be added to By-Law 37; "except that this exemption shall apply only to full boarding students. A school violating this rule shall be suspended from the Association."

PROPOSAL II

The Board of Control proposes that "nineteenth" be substituted for "twentieth" in By-Law 4, with the provision that this change, if adopted, not be put into effect until July 1, 1961.

PROPOSAL III

Supt. Tom L. Gabbard (Silver Grove) proposes that By-Law 3 be amended by inserting "and including" between "to" and "Monday" in the first sentence of the By-Law (for clarification).

PROPOSAL IV

Supt. Tom L. Gabbard proposes that By-Law 26 be amended by adding the following: "and the official shall notify the opposing school of his intent to officiate the game at least fifteen days before the date of the game."

PROPOSAL V

Supt. Tom L. Gabbard proposes that the following be added as Section 12 of By-Law

BOARD MEMBERS ELECTED

Cecil A. Thornton

Oran C. Teater

Assistant Superintendent Cecil A. Thornton of the Harlan County Schools and Superintendent Oran C. Teater of the Paintsville City Schools will represent Sections 7 and 8 respectively on the Board of Control for a four-year period, beginning July 1, 1960. Mr. Thornton is beginning his second four-year term of Board membership, and Mr. Teater will be a new member.

After graduation from the Newport (Tennessee) High School, Thornton continued his studies at Tennessee Wesleyan and Union colleges. He received the M.A. degree in Education Administration from the University of Kentucky. He is married to the former Gertrude Cawood. Their son, Fred Lee, is seventeen years of age.

The sectional representative lettered in football and basketball for four years in high school, and in football, basketball and tennis for the four years of his college career. He worked for many years as a football and basketball official, and held the "approved" and "certified" ratings in the latter sport for several years. He taught science and physical education and served as assistant coach for three years at Evarts High School. His educational experience also includes service as assistant high school principal, pupil personnel director, and supervisor.

Mr. Thornton is an active member of the Harlan Methodist Church, where he served

Minutes of Board Meeting

The Board of Control of the Kentucky High School Athletic Association met at the Kentucky Hotel, Louisville, on Friday morning, March 18, 1960. The meeting was called to order by President Russell Williamson at 9:00, with all Board members and Commissioner Theo. A. Sanford present.

W. B. Jones moved, seconded by W. H. Crowds, that the reading of the minutes of the January 23rd meeting be waived, since the members of the Board had received copies of these minutes. The motion was carried unanimously.

The Commissioner reported that Cecil A. Thornton had been re-elected to Board membership, representing Section 7; and that Oran C. Teater had been elected to Board membership, representing Section 8, each for our year periods beginning July 1, 1960. The Commissioner reported that the votes cast were as follows: Section 7—Cecil A. Thornton 44, Roy T.

Reasor 5; Section 8—Oran C. Teater 27, Webb Young, 16, W. F. Doane 15, John Bill Trivette 2.

There was a discussion of new proposals to be presented by the Board of Control to the forthcoming Delegate Assembly. The Commissioner was authorized to submit the following proposals as Board proposals, on motion of W. B. Jones, seconded by Jack Dawson, the motion carrying unanimously:

Proposal I—The Board of Control proposes that the following be added to By-Law 37: "except that this exemption shall apply only to full boarding students. A school violating this rule shall be suspended from the Association."

Proposal II—The Board of Control proposes that "nineteenth" be substituted for "twentieth" in By-Law 4 with the provision that this change, if adopted, not be put into effect until July 1, 1961.

The Commissioner recommended that the Board consider the advisability of setting up a State Tennis Tournament for girls. He said that an invitational tournament for girls had been sponsored by a Louisville group for the past two seasons with the approval of the Board, and that it now appeared that enough interest had been created in the sport for an official State Tournament to be attempted by the Association. W. B. Jones moved, seconded by K. G. Gillaspie, that the Commissioner be given a maximum budget of \$1,000 for the current school year for the purpose of attempting to organize and manage a state tennis tournament for girls whose schools are members of the Kentucky High School Athletic Association. The motion was carried unanimously.

The Commissioner recommended that regulations in golf for 1960 be identical with those of 1959 with one exception, this being that each participant in a regional golf tournament be required to play 18 holes rather than 36 holes. W. H. Crowds moved, seconded by Robert P. Forsythe, that the recommendation by the Commissioner be accepted and adopted.

Jack Dawson moved, seconded by Cecil A. Thornton, that all bills of the Association beginning January 23, 1960, and ending March 17, 1960, be approved. The motion was carried unanimously.

There being no further business, the meeting adjourned.

The Flying Dutchman

Jim Morris and his Flaget Braves draw the compliments of the Flying Dutchman. Great acclaim has come to this talented team for winning the 1960 basketball championship. Praise from the Flying Dutchman comes to Jim's team because they knew how to win. The gentlemanly conduct of Flaget, the champion, and Monticello, the runner-up is a noteworthy feature of this year's tournament. The other fourteen competing teams matched this sportsmanship which has caused Kentucky to be called, "The sportsmanship capitol of the nation."

It was timely that Denny Meredith, basketball official, asked that an Abou Ben Adhem certificate be sent to Flaget exactly a month before the boys distinguished themselves by not only winning a championship, but by setting examples of clean play for other young men to pattern from. During March, Southern High of Jefferson County, Shawnee High School of Louisville, and Breathitt County High School also received these good citizenship awards because of outstanding courtesies extended to officials and visitors. If you want to read a good poem, look up "Abou Ben Adhem" to get the philosophy behind the awards.

Still on the subject of the state tournament, salutes go to all of those workers along press row, and special recognition belongs to Charlton Hummel, who has done an amazing job with the state tournament program year after year. For his unselfish work Charlton wins the Corn Cob Pipe Honor Award for the month of March. The award could not go to a nicer guy.

It was inevitable that the Louisville sports writers and broadcasterrrs would pay high tribute to the five basketball officials working this tournament. They praised them in their comments and articles, and the Dutchman echoes their compliments, saying that Warren Cooper, Sen. George Conley, "Toodles" Wells, Charlie Irwin and Doc Ferrell did the best job of officiating that has been seen in the past ten years of Kentucky high school basketball tournaments. You "Whistle Tooters" not only did yourselves proud, but you gave Kentucky a sample of the type of officiating our teams are getting.

Lexington Dunbar High School gets an "orchid" from the Flying Dutchman for good neighborly practices. It was the Dunbar team, coach and principal who were responsible for the Abou Ben Adhem citation going

The Flying Dutchman

to Breathitt County. They pointed out the excellent treatment Breathitt County afforded Dunbar while it was in that county for a ball game. Dunbar is a credit to the Kentucky High School Athletic Association and is now in line for an award of its own.

The Dutchman dropped in on Fairdale High School's first sports banquet in its short history. Principal Harry Hardin, Coaches Able and Simpson, and Athletic Director Streible did a magnificent job of honoring the athletic teams. All of the tickets were sold, and people were turned away because the stores there had no more meat. Harry had ordered 175 steaks, and there were no more steaks in town. There's one for the record!

The Louisville Hospitality Committee, led by Jack Dawson, did a workmanlike job entertaining visitors at the 1960 state basketball tournament. There was something for everybody to do while the games were not in session. It is a certainty that the young people coming to Louisville had themselves a wholesome "ball."

This next item is inserted to cause all of Kentucky's high school coaches to "drool." Elizabethtown Catholic High School fans did something for Coach Hardin McLane that would be well for all of Kentucky's communities to copy. At the close of the basketball season, Coach McLane was presented a brand new Pontiac Catalina.

And now for the big award of 1960! The Flying Dutchman announces the Game Guy of 1960. The boy who has overcome the great-

est physical handicap to engage in sports and the one who will receive the honor trophy at the annual K.H.S.A.A. dinner during K.E. A. is Paul Kingrey of Glasgow. This young man has overcome epilepsy to become one of Glasgow's greats. He is one of Glasgow's few 4-letter men. Paul has two letters in basketball, baseball and track, and has served two years as manager of the football team. Not only is he a regular in basketball, but he covers the keystone sack in baseball and runs the 220 and 440 yard dashes in track.

This eighteen year old lad has the respect of the people of Glasgow. This announcement that he has won the Game Award of 1960 will be a landmark in the progress of Glasgow's athletic program as the town adds the name of another illustrious fighter alongside of the names of the famed athletes who have come before him. There will be dancing in the streets when Glasgow learns Paul is the winner. Such examples set by physically handicapped young men stimulate other youngsters with similar handicaps to do the same, creating happiness where gloom would have prevailed. Paul Kingrey will receive his award at the K.H.S.A.A. banquet from Bob Kirchdorfer, the winner of the first Game Award given in the year of 1949.

The Dutchman has these famous last words for night drivers:

"Well, if he won't dim his, I won't dim mine."

BOARD MEMBERS ELECTED

(Continued from Page One)

for five years as chairman of the Board of Stewards. For a long period of time he has taught a Sunday School class. He has for many years participated in Boy Scout work, and has served for over fourteen years on the Harlan County 4-H Club Council. He is a member of the Harlan County Association of Social Agencies. His professional affiliations include membership in the National Education Association, Kentucky Education Association, Upper Cumberland Education Association, Harlan County Education Association, American Association of School Administrators, and the Association for Childhood Education International. Mr. Thornton is also a member of Kappa Delta Pi, national educational honor society.

Oran C. Teater has a varied background in Eastern Kentucky athletics. Largely through his efforts, the present four-sport, ten-team Eastern Kentucky Mountain Conference was formed in 1952. In the late forties, when Teater was president of the old Big Sandy

Conference for three terms, he felt that many of the schools in Eastern Kentucky strongly overemphasized one sport. He was instrumental in spearheading a successful drive for a new four-sport league that required participation in football, baseball, basketball and track. Teater headed the league in its early days.

After graduation from Paintsville High School in 1940 as an all-conference footballer, Teater resumed his playing career at Centre College during the 1940-44 period. In his senior year at Centre, he coached the line at the local high school (Danville), which won the Central Kentucky Conference football title. He was Athletic Director for Centre that year also.

In the years that followed his college graduation, Teater returned to Paintsville to coach the Tigers to three Big Sandy Conference titles in five years. His over-all football record was 34 wins, 11 losses and 3 ties. In basketball his teams won 64, lost 13. His baseball team won three straight district titles.

In 1950 Mr. Teater was elevated to the principalship of the Paintsville High School, a position he held until he assumed the superintendency of Paintsville City Schools last year.

Aside from his school duties, the new Board of Control member is active in local affairs and state organizations while he continues his work toward a Doctor's Degree in Education at the University of Kentucky. He received his M.A. at Morehead. He is a member of the Masons, Christian Church, Shrine, and the Paintsville Kiwanis Club (past president); and has served two terms on the Centre College Board of Overseers. He is a member of six other school fraternities, honorary and social. His wife is the former Mary Evelyn VanHoose of Paintsville and they have one daughter, Dianna Louise.

TRACK NOTES

Inquiries have been received in the K.H.S.A.A. office concerning Track Rule 4, Section 1, Note 2, which says: "A contestant who participates in the 440, 880 or Mile Run should not be allowed to participate in any other track event in which he runs 440 or more yards." Although K.H.S.A.A. Track Rule VI provides that National Federation Track and Field Rules shall govern the regional and state track meets, K.H.S.A.A. Track Rule IX says: "In any meet a contestant may compete in not more than four

Listed below are the tabulations of votes on the thirteen officials who received the highest ratings by coaches of the sixteen teams which participated in the recent State High School Basketball Tournament. Each coach voted on six Certified officials in the order of his preference, the official whose name was listed first by the coach receiving six points, the second official five points, etc. This is the method which has been used for many years by the Board of Control and the Commissioner in selecting State Tournament officials. The schools given below are not listed in order by regions nor are they listed in the order of the tournament bracket.

OWENSBORO CHEERLEADERS

Cheerleaders representing the Owensboro High School won first place in the sixth annual competition for the Cheerleaders' Cup, awarded by the Kentucky Association of Pep Organization Sponsors at the 1960 State Basketball Tournament. Runner-up honors went to the girls of the Ashland High School, with honorable mention going to the Harrodsburg High School representatives. Presentation of the cup was made by President Russell Williamson during the award ceremony following the final game of the tournament. The selection was based on the following points: appearance, ability, choice of yells, conduct, pep and enthusiasm, and sportsmanship.

Correction

Through an error the 1959 sportsmanship ratings in football for the Burgin High School did not appear with the other ratings in the March issue of the *ATHLETE*. The ratings are as follows: coach, 6-2-0-0; other school officials, 5-3-0-0; crowd, 3-5-0-0; team, 2-3-2-1.

ATHLETICS AND ANTIBIOTICS

In the brief time since the antibiotics (antibacterial agents of biologic origin) be-

came available, they have caused a revolution in the treatment of infectious disease. Beginning with penicillin, a host of powerful antibiotics have been identified and new ones continue to be developed in our laboratories. They are used to cure some diseases, to prevent others and to reduce the severity and effects of still others. But, in spite of their benefits, they have certain limitations and disadvantages:

like colds, influenza or hepatitis.

1. They do not help to cure virus diseases like colds, influenza or hepatitis.

2. They can cause side effects such as rash, dizziness and severe allergies.

3. Their continuing widespread use tends to develop new resistant strains of bacteria.

4. They may encourage harmful effects from otherwise inactive fungi in the intestines.

5. No one antibiotic is successful against all disease organisms.

6. Casual use may develop individual sensitivity to a drug making it unuseable for that person when needed for serious or life-saving purposes.

For all of these reasons, antibiotic drugs, by Federal regulation, can be prescribed only by a physician. But there are ways of circumventing such regulations and resorting

to dangerous self-medication. Athletes and and their associates, in common with many other people, have sometimes indulged in this practice.

Another player or even an ill-advised adult may offer the unused portion of a prescription they were given for a condition "just like yours." The athlete himself may have a leftover supply from a previous sickness which he believes to be the same as today's illness or perhaps another member of the family may have had a prescription for a condition which seemed to resemble the present trouble.

Sometimes such self-diagnosis and self-treatment has unfortunate results in side effects or the development of sensitivity, but the greatest danger lies in the delay of proper medical care until treatment is difficult. As a result, an athlete may miss several weeks of play when, with prompt and proper care, he could have returned to competition in a few days. Fortunately, the majority of coaches and trainers are now aware of those hazards and will not permit such practices in their athletes or on the part of their staff.—A.M.A. and the National Federation.

PRESENTING

W. GORDON EISMON, recently elected Executive Secretary of the West Virginia Secondary School Activities Commission to succeed the late W. R. Fugitt who passed away a short time ago.

Gordon is particularly qualified, having both the education and experience to continue to provide the West Virginia Commission with positive progressive leadership. He is a graduate of Spencer High School, received his Bachelor's Degree at Glenville State and his Master's Degree at West Virginia University. He was an outstanding athlete, participating in both football and baseball, serving as football captain for one season. After a distinguished college career, he taught and coached in high school for 12 years before entering the field of administration as Principal at Wirt County High School. Later Mr. Eismson served as County Superintendent of Schools. In 1948 he accepted the principalship of Charles Town High School and continued to serve in that capacity until elected Secretary of the West Virginia Commission.

Gordon's experience as Coach, Principal, Football Rules Committee Member and as a member of the Board of Appeals provides an excellent background for his present po-

sition. Until this past season he officiated football and he continues to serve as President of the Winchester Valley Officials' Association.

Mr. Eismson is a member of the Official Board of the Charles Town Methodist Church, Past District Governor of Lions International and an active worker in the program of State and National Educational Association. Until recently, he has been active in the Boy Scout program.

Mr. and Mrs. Eismson have a son, Danny, who is presently a Junior in high school and during the past season was one of the outstanding interscholastic football players in the state.

TOURNAMENT FOR GIRLS

At the Board of Control meeting held during State Basketball Tournament time, the Commissioner recommended to the Board that a State Tennis Tournament for Girls be attempted by the Association, since it now appears that enough interest has been created in the sport in certain areas of the state to justify such a tournament. The Board accepted the recommendation, and directed the Commissioner to explore the possibilities of the suggested tournament and to conduct it as such action seems advisable. If a state tournament is held, the dates will probably be May 13-14. The tentative site is Shawnee Park, Louisville. Principals of K.H.S.A.A. member schools who might wish to enter individual competitors or teams in the proposed tournament should notify the K.H.S. A.A. office at once. If many schools are involved, it will probably be necessary for regional tournaments to be held.

TRACK NOTES

(Continued from Page Nine)

events, not more than three of which shall be running events." The Commissioner has ruled that the new track regulation mentioned will not apply in Kentucky this year.

Those participating in the 1960 State Track Meet at the University of Kentucky this year will see one of the finest areas for track and field in America. The surface of the new track is an asphalt-rubber combination which is all-weather. Spikes longer than 3/16 of an inch may not be used, with 1/8 inch spike being preferred. Cross-country, tennis, and basketball shoes will be in order. The set-up provides for the field events to take place in the infield. The broad jump and pole vault runways will have the asphalt-rubber surface, while the shot and discus circles will be concrete.

Baseball Rulings...

Editor's Note: These rulings do not set aside or modify any rule. They are interpretations of some of the early season situations which have been presented.

1. Play: R1 is on 2nd. F6 attempts to reach ball batted by B2 but ball goes past him and then strikes Umpire. F6 gets ball and throws to 1st before B2 arrives there.

Ruling: Ball remains alive. B2 is out and R1 may advance at his own risk. (5-1-1-g)

2. Play: With R1 on: (a) 1st; or (b) 2nd; balk is followed by a pitch which hits B2.

Ruling: In (a) penalty for balk is ignored and B2 is awarded 1st and R1 goes to 2nd. In (b) balk is penalized and R1 is awarded 3rd and B2 remains at bat. (6-2-4 penalty)

3. Play: With one out and R1, R2 and R3 on 3rd, 2nd and 1st bases, respectively, B5 hits a fly which is caught. Catch is followed by erratic throw during which ball remains alive and R1 and R2 advance to home base. R3 is out on appeal for failure to tag up at 1st.

Ruling: Runs by R1 and R2 count. (2-11-6;9-1-1)

4. Play: With reentry plan in use, it is announced that substitute Johnson will pinch hit for starting center fielder Larson who is in fourth place in the batting order. When may Larson reenter?

Ruling: Immediately, and he must return to fourth place in the batting order. (3-1-3 optional reentry)

5. Play: Using reentry plan, S10 pinch hits for B5 in the fourth inning. In the fifth inning S10 is replaced by B5. In the seventh inning S10 intends to enter again to pinch hit for B1.

Ruling: Illegal. Because S10 was not one of the starting nine players and has been in the game (during the fourth inning) he cannot return as a player. (3-1-3 optional reentry).

6. Play: F6 overthrows 1st base. Does ball become dead?

Ruling: Not unless ball goes into the stand or dugout or is touched by a spectator or goes under or through a fence or becomes stuck in a fence. (5-1-1-h)

7. Play: 3rd strike on B1 is dropped. Catcher gets ball and overthrows 1st. In (a) the ball goes into the stands but in (b) the ball does not go into the stand, touch a spectator, go under the fence or stick in the fence.

Ruling: Ball remains alive in (b) but in (a) it becomes dead and B1 is awarded 2nd base. (5-1-1-h)

8. Play: B1 avoids pitch which hits his bat.

Ruling: It is a fair hit or a foul hit or a foul tip. (7-2-3)

9. Play: With R1 on 3rd, foul fly by B2 in front of stand is deflected by a spectator so that F3 cannot make the catch.

Ruling: B2 is out. Ball is dead. R1 may not retouch and advance. (7-4-a)

10. Play: With R2 on 2nd and R1 on 1st, R2 interferes with ball hit by B3 toward F6. It is apparent that ball hit by B3 could result in double play.

Ruling: Interference causes ball to become dead. R2 and B3 are declared out. R1 remains on 1st. (8-4-2-b; 8-4-1-g)

11. Play: Catcher has one or both feet outside catcher's box at time of pitch for intentional walk or a pitchout in (a) with no runner on base or (b) with a runner or runners.

Ruling: In (a) it is an illegal pitch if batter does not reach 1st base safely through hit or otherwise.

The pitch is called a ball even if it goes through the strike zone. In (b), unless the batter and each runner advance one base or more, it is a balk which causes ball to become dead as soon as the balk occurs. Hence, it is neither ball nor strike. As penalty, each runner (but not the batter) is awarded one base. (6-1-1 and penalty)

12. Play: With R1 on 3rd and R2 on 2nd, B3 is thrown out at 1st by F6. During throw F5 temporarily obstructs R1 who then scores. R2 starts to advance to 3rd but returns to 2nd when he sees R1 is obstructed.

Ruling: B3 is out. Run by R1 counts. R2 is awarded 3rd base. (8-3-1-c and Note)

13. Play: With R1 on 2nd and R2 on 1st, B3 is thrown out at 1st by F6. R2 is temporarily obstructed by F4. R1 is thrown out at home plate and R2 advances to 3rd.

Ruling: B3 and R1 are out. R2 may remain on 3rd. Since R1 safely reached 3rd and R2 safely reached 2nd (which, in each case, was the base they would have reached without obstruction) the ball remains alive. R1 and R2 advanced beyond 3rd and 2nd at their own risk. (8-3-1-c and Note)

14. Play: With R1 on 2nd and R2 on 1st, B3 hits past F8 to the centerfield fence. F6 obstructs R1. R2 passes R1 between 2nd and 3rd bases. R1 then reaches 3rd base. B3 reaches 2nd.

Ruling: R2 is out as soon as he passes R1. Because R1 would have undoubtedly scored had there been no obstruction the Umpire will declare the ball dead to award home base to him. B3 will remain on 2nd. (8-4-2-h; 8-3-1-c Note; 9-1-1 Note)

15. Play: R1 is on 1st when B2 receives a 4th ball. Catcher overthrows 1st base and ball stays inside the fence. R1 goes to 3rd and B2 to 2nd.

Ruling: Ball remains alive. Legal advance by both R1 and B2. (8-1-1c; 9-5-5)

16. Play: Batted ball strikes home plate or in catcher's box and bounces to fair ground.

Ruling: Fair ball unless touched by batter, catcher or Umpire over foul ground. (2-7-1)

17. Play: S10 wishes to replace B4.

MINUTES OF THE ANNUAL MEETING

The forty-third annual meeting of the Kentucky High School Athletic Association was held at the Brown Hotel, Louisville, on Thursday afternoon, April 21, 1960.

President Russell Williamson called the meeting to order at 2:30, and asked the Commissioner to call the roll of delegates. Fifty-four regularly elected delegates or alternates answered the roll call. The following delegates were seated in the absence of the delegates or alternates from their respective districts: George Wooten, D. 6; Harold Hunter, D. 18; Clinton B. Hammons, D. 50; W. L. Miracle, D. 51; Roy G. Eversole, D. 54; John Campbell, D. 58; Jack Fultz, D. 63; Cliff Lowdenback, D. 64.

Russell Below moved, seconded by Bradford D. Mutchler, that the minutes of the 1959 annual meeting of the Association, which had been sent previously to all member schools, be approved without being read. The motion was carried unanimously.

Commissioner Sanford then gave a report on the activities of the Association during the 1959-60 school year (The report of the Commissioner appears elsewhere in this issue of the magazine).

President Williamson introduced to the Delegate Assembly Cecil A. Thornton and Oran C. Teater, recently elected to the Board of Control for a period of four years beginning July 1, 1960, and representing Sections 7 and 8 respectively.

President Williamson stated that consideration of the proposals was the next order of business.

Clinton B. Hammons moved, seconded by Russell Below, that Proposal I, providing that the exemption given in the last sentence of By-Law 37 shall apply only to full time boarding students, be adopted. The motion was carried.

Chester C. Redmon moved, seconded by Arthur Mullins, that Proposal II, providing that "nineteenth" be substituted for "twentieth" in By-Law 4 be amended with the effective date being changed from July 1, 1961, to July 1, 1962. The motion failed to carry. Glenn B. Smith moved, seconded by

W. L. Miracle, that Proposal II as stated originally be adopted. The vote was as follows: "Aye", 21; "No", 41.

Robert B. Hensley moved, seconded by Dan L. Sullivan, that Proposal III, amending By-Law 3 for clarification, be adopted. The motion was carried.

John Heber moved, seconded by George Claiborne, that Proposal IV, providing that By-Law 26 requiring an official who is connected with a competing school to notify the opposing school of his intent to officiate the game at least fifteen days before the playing of the game, be tabled. The motion was carried.

John Heber moved, seconded by Joe McPherson, that Proposal V, providing a penalty for an official connected with a competing school, who does not notify the opposing school of his intent to officiate the particular game at least fifteen days before the game, be tabled. The motion was carried.

Clinton B. Hammons moved, seconded by Robert B. Hensley, that Proposal VI, providing that By-Law 37 be amended by adding "for boys from states other than Kentucky," be tabled. The motion was carried.

There being no further business, President Williamson declared the meeting adjourned.

The dinner meeting of the Association was held in the Crystal Ballroom of the Brown Hotel at 6:00 P. M., with approximately 550 delegates and other school officials present. Recipient of the Game Guy Award was Paul Kingrey of Glasgow, a boy who has overcome epilepsy to become one of Glasgow's few 4-letter men. The presentation of the award was made by Bob Kirchdorfer, the winner of the first Game Guy Award, which was given in 1949.

Dr. Adron Doran, President of Morehead State College and the Kentucky Press Association's "Outstanding Kentuckian of the Year," gave the address of the evening. Dr. Doran, a former high school coach and principal, was in a reminiscent mood, and his stories and philosophy of education were enjoyed thoroughly by those who attended the meeting.

REPORTS PAST DUE

1. 1959-60 Basketball Participation list (Eligibility).
2. School's Report on Basketball Officials.
3. Official's Report on Schools—Basketball.

State Track Committee

The State High School Track Meet, scheduled to be held in Lexington on May 20-21, will be managed by William McCubbin of the U. K. Physical Education staff. Other members of the committee are: Preston Holland, Murray; George Claiborne, Owensboro; Turner Elrod, Bowling Green; Scott Smith, Ft. Knox; Eddie Weber, Louisville; Joe Curt-singer, Louisville; Bill McCubbin, Lexington; John Schaar, Bellevue; Joe Brummett, Danville; Herb Tye, Barbourville; Arthur Mullins, Elkhorn City; Ernie Chattin, Ashland. These regional managers will assist Mr. McCubbin in conducting the State Meet.

Fines for Late Reports

More than 150 member schools had not filed their reports on basketball officials and their basketball participation (eligibility) lists for the 1959-60 season when this issue of the ATHLETE went to press. Some 400 basketball officials have not filed their reports on member schools. The Board of Control has established a fine of \$5.00 for both schools and officials delinquent with their reports. A deadline of June 15 has been set for the filing of all reports required under Association rules. Officials who have not worked any games should notify the K.H.S.A.A. office accordingly. Such notification is considered a report.

Golf Tournaments

The eight regional golf tournaments, the sites of which were given in the April issue

of the ATHLETE, will be managed by the following men: Ath. Dir. Fred Clayton, Caldwell County High School; Athletic Director Elvis Donaldson, Bowling Green High School; Ass't Principal Ed Binford, Shawnee High School; Ass't Prin. Oz Johnson, Valley High School; Athletic Director Ralph Carlisle, Lafayette High School; Mr. Julian Pitzer, Middlesboro; Supt. Oran Teater, Paintsville City Schools; and Mr. Walter Baulch, Holmes High School. The State Golf Tournament will be held at Ft. Knox on May 23-24, and will be managed by Coach John Hackett of the Ft. Knox High School. Principals who have not received their entry blanks should write to their respective managers for these forms.

Tennis Tournaments

Six regional tournaments for boys will be held in tennis this year. There will be two tournaments for the Louisville and Jefferson County schools, both managed by Coach Emmet Goranflo of the Eastern High School. The other four tournaments will be managed by Coach Ted Hornback of Bowling Green, Coach Eugene Huff of Lexington, Coach Roger Klein of Bellevue, and Coach Scott Smith, of Ft. Knox. The State Tennis Tournament will be held in Louisville on May 16-17, and will be managed by Coach Goranflo.

By the time this issue of the ATHLETE comes from the press, five regional tennis tournaments for girls will have been conducted. These tournaments were scheduled to be managed by Miss Robye Anderson, Bowling Green; Miss Margaret Sheegog, Louisville; Roger Klein, Bellevue; Miss Mary Rose Branstetter, Jefferson County; and Gene Huff, Lexington. The State Tennis Tournament for Girls will be held at Shawnee Park, Louisville, on May 13-14. This tournament will be managed by Miss Betty Langley, Bowling Green. She will be assisted by Miss Sheegog and Victor F. Williams of Louisville.

Attention, Principals!

More than one hundred principals of K.H.S.A.A. member schools have not as yet filed requests this school year for their insurance subsidies. If the school is underwriting all or a part of insurance protection for its athletes, the Board of Control will allow a maximum credit or refund of \$30.00 to each school for "all sports except football," and an additional credit or refund of \$30.00 to each school maintaining a football team. Principals of schools which qualify for the credit or refund should write for reimbursement forms at once.

Minutes of Board Meeting

The Board of Control of the Kentucky High School Athletic Association met at the Kentucky Hotel, Louisville, on Friday morning, April 22, 1960. The meeting was called to order by President Russell Williamson at 10:00, with all Board members except W. H. Crowds; Commissioner Theo. A. Sanford and Assistant Commissioner J. B. Mansfield present.

Louis Litchfield moved, seconded by Jack Dawson, that the reading of the minutes of the March 18th meeting be waived, since the members of the Board had received copies of these minutes. The motion was carried unanimously.

The Commissioner gave a brief report on State Tournament receipts and expenses. He stated that total receipts would approximate \$132,000.00, and he estimated that profit to the Association would be a figure close to \$91,000.00.

There was a discussion of possible re-districting in basketball. W. B. Jones moved, seconded by Jack Dawson, that McKell and South Portsmouth be moved from Basketball District 64 to Basketball District 63 for the 1960-61 school year. The motion was carried unanimously.

W. B. Jones moved, seconded by Jack Dawson, that action by the Board on the selection of the State Basketball Tournament site for 1961 be deferred until the next meeting of the Board, which is subject to call by President Williamson, the tentative date was carried unanimously.

The Commissioner presented a request of the State Swimming Committee that the committee be authorized by the Board of Control to set up a Swimming Achievement Award, to be known as the M. J. Cavana Memorial, the award to be presented annually to the K.H.S.A.A. member school which has shown the most achievement in swimming during a twelve months period. The Commissioner stated that the committee proposes a point system covering six items, based on the percentage of student body achievement in each item; and that a winner and runner-up trophy or award had been suggested by the committee. He recommended that the Board accept the recommendation of the State Swimming Committee, and that the committee be authorized to put the proposed plan into effect. Jack Dawson moved, seconded by W. B. Jones, that the recommendation of the State Swimming Committee and the Commissioner with respect to the establishing of the M. J. Cavana Memorial award be approved, and that the committee be authorized to put the plan into effect. The motion was carried unanimously.

W. B. Jones moved, seconded by Cecil A. Thornton, that the summer meeting of the Board be held at Kenlake Hotel, Hardin, Kentucky, on July 29-30. The motion was carried unanimously.

Jack Dawson moved, seconded by K. G. Gillaspie, that Cecil A. Thornton be named the delegate to the forthcoming summer meeting of the National Federation. The motion was carried unanimously. W. B. Jones moved, seconded by Louis Litchfield, that

K. G. Gillaspie be named the alternate delegate to the National Federation summer meeting.

Jack Dawson moved, seconded by W. B. Jones, that all bills of the Association beginning March 18, 1960, and ending April 21, 1960, be allowed.

There being no further business, the meeting adjourned.

1959-60 ANNUAL REPORT

(Presented to Delegate Assembly)

Four hundred forty-four schools joined the Association during 1959-60. This is nine less than were enrolled in 1958-59. One hundred forty-six schools had eleven-man football teams, and twelve played eight-man football. This is an increase of two eleven-man teams over 1958-59.

Financial reports filed by the sixteen regional basketball tournament managers show total receipts of \$89,484.84, a decrease of some \$27,000 over comparable figures for the preceding season. Receipts from the sixty-four district basketball tournaments amounted to \$157,368.22, a decrease of \$44,000 from the 1958-59 receipts. Receipts from ticket sales at the State Basketball Tournament were \$126,977.00 and additional receipts from radio, television, and the tournament program will bring total tournament receipts to approximately \$132,000.00. Profit to the Association on the tournament should approximate \$91,000.00. A few tournament bills are still being received by the State Office, with the result that it is necessary to give an estimate of tournament profits at this time. A complete record of all receipts and disbursements will appear in a subsequent issue of the Association magazine.

One thousand one hundred seventy-seven basketball officials and 422 football officials registered with the Association in 1959-60. Nine football rules clinics were held under the direction of Edgar McNabb, and forty-seven football officials took the National Federation examination for the higher ratings. Of this number, seven were added to the "certified" list, and twenty-six to the "approved" list. Charlie Vettiner, veteran trainer of officials, conducted fifteen basketball clinics, and held the School for Basketball Officials. Additional meetings and clinics were held by the regional representatives who continue to render a fine service to the officials and schools in their respective areas.

Fifty-five officials took the National Federation basketball examination, with fourteen being added to the "certified" list and thirty receiving the "approved" rating.

Five schools have been suspended from the Association this year, and five others have been placed on probation. All suspensions and probations came as a result of the violation of K.H.S.A.A. By-Law 17, Practice of Sportsmanship.

The fall of 1959 saw the K.H.S.A.A. inaugurate class championships in football. They were well received in all parts of the state, with interest in high school football in Kentucky apparently now at a new high. Many administrators and coaches believe that the football championships have great possibilities for the future.

There is a continuing interest in minor and spring sports. Regional cross country runs were held in Paducah, Bowling Green, Clarksville, Louisville, Bellevue, Berea and Paintsville on October 31 for the purpose of qualifying teams and individuals for the state event, which was held in Lexington on November 14. Nine schools sent entries to the Class A Section of the State Swimming Meet, held in Lexington on February 27. Thirteen schools sent entries to the Class B Section of the State Swimming Meet, held in Lexington on April 2. One hundred sixty-nine K.H.S.A.A. member schools have indicated that they will send teams to the twelve regional track meets. Forty-nine district tournaments have been set up for baseball, to accommodate the 300 teams which will enter the tournament. Seventy-two schools will have golf teams this spring, and these teams will enter eight regional tournaments to qualify for the State Golf Tournament. Fifty-three boys' tennis teams will be entered in six regional tennis tournaments. For the first time the Association will sponsor a State Tennis Tournament for Girls. Interest in this state event appears to be great, and it will probably be necessary to set up four or five regional tournaments for the purpose of qualifying state entries in this sport.

1959-60 has been another year of progress for the Association. Representatives of member schools have cooperated to the fullest when asked to assist in the various activities of the Kentucky High School Athletic Association. The Board of Control and the Commissioner appreciate this teamwork very much.

The Flying Dutchman

When Paul Kingrey, the Glasgow Game Guy, received the 1960 award from Bob Kirchdorfer, the first winner in 1949, another milestone was passed in Kentucky's effort to help inspire the physically handicapped.

Since 1949 every Game Guy Award winner has been an excellent example for the young athletes of the Commonwealth to pattern from. Somebody has to devote time to kids carrying heavier burdens than many adults could handle. Somebody has to put his arm around a kid and say, "Look, son, at the record made by President Franklin Roosevelt who was handicapped physically in the same manner the first Game Guy winner is. Don't feel sorry for yourself. Pull yourself up by your bootstraps and start playing ball." Kentucky's coaches are doing more of this every year, and it must please "The Man Upstairs" mightily.

Take Bob Kirchdorfer, the first winner, paralyzed from his waist down since the age of three! Since completing his athletic exploits in school, he chose the Field of Recreation as his life's work. Today, he supervises one-third of the recreation in the nationally acclaimed Jefferson County recreation Program at a handsome salary. The Game Guys keep marching on, making more of our adult "cry-babies" look very juvenile.

The Dutchman missed the presentation of the award and his first K.H.S.A.A. banquet since food was discovered. It was the old story of business before pleasure. The Dutchman was working on a project which would make Louisville's massive downtown arena, The Armory, available to schoolboy and college sports. The mission has been accomplished. The Armory will become beautiful! Its renovation will cost a half-million dollars. It will have a new name, and will be available for Kentuckiana teams under the direction of The Flying Dutchman.

Louisville's Hospitality Committee, headed by Bill Moore and The Dutchman, is grateful for the multitude of compliments it has received for efforts expended in making the school kids and adults happy in Louisville during the state tournament. If you want to know how much it cost, let's examine the record!

Exclusive of what the Louisville Chamber of Commerce and The University of Louis-

The Dutchman

ville spent on the Coaches' and Principals' Social Room at Freedom Hall, The Louisville Chamber of Commerce laid \$678.55 on the line. Actually, \$932.20 was our total cost, but \$253.65 was taken in at the downtown dances where the youngsters paid two bits each night to dance to a top-notch band.

Our salute of the month goes to Commissioner Ted Sanford for the honor recently won when he was elected President of the State Tuberculosis Association. That's great work, Ted! Please find the Dutchman's check for five bucks attached to help with this humanitarian work.

In the realm of honors, R. C. Hinsdale, principal of Simon Kenton High School, nominates Printes Jones for next year's Game Guy Award. A lionheart lapel button is on its way to this seventh grade youngster from Independence for "whipping" Cerebral Palsy.

Charlie Kolosa called for a Corn Cob Pipe of Honor for Jim McAfee for service to schoolboy sports while Ralph Welch said that Owenton's Cy Greene had taught his kids the lessons of sportsmanship, good manners and high morals so well that he should have a Cob Pipe for his trophy case. Jim and Cy have the awards and the respect of all Kentuckians.

As the Dutchman signs "Thirty" to this last article of the 1959-1960 athlete year, he looks to next year with this thought in mind: The best thing about the future is that it comes one day at a time.

Arnold Goes National

David C. Arnold joined the staff of the National Federation of State High School Athletic Associations on April 1, 1960.

After a survey of the nation's leaders in school athletic administration, Dave was unanimously chosen by the Executive Committee as Assistant Executive Secretary. The Executive Committee of the Michigan High School Athletic Association regretfully accepted his resignation as Assistant State Director of High School Athletics but generously, and with pardonable pride, released him as another of Michigan's many contributions to a forward looking and progressive nation-wide program.

Dave is a native of Kalamazoo, Michigan, where he attended public schools. At Kalamazoo Central High School he played center on the basketball team which won the State Class A basketball championship in 1932. Following graduation from high school he matriculated to Western Michigan University, where he competed in both basketball and baseball. He was one of the nation's finest collegiate basketball players during the 1935-36-37 seasons and was a standout pitcher on the baseball team during the same years. During his senior year he was President of the University Student Council and, at the time of graduation, was named by the faculty as the outstanding male member of the 1937 graduating class.

Following graduation he played professional baseball in the New York Yankee's system, pitching at Norfolk, Nebraska and Amsterdam, New York during the 1937 and 1938 seasons, respectively. He served as Principal and Athletic Director at Barryton, Michigan High School and later as Coach of football, basketball and baseball at Otsego, Michigan High School. During the summer months he was the Otsego City Recreation Director and later the Athletic Director and Head Coach of all sports at University High School, Kalamazoo, Michigan.

Mr. Arnold served 39 months in the armed forces during World War II, 18 of which were spent in sea duty. He was a member of the Coast Guard assigned to the Navy's Anti-Submarine Warfare Service. Some of his service was spent at the Coast Guard Academy in which he served as a Director in the Physical Fitness Program. After his discharge in 1946, he returned to University High School in Kalamazoo as Coach and Athletic Director.

In August, 1946 he accepted the appointment of Assistant State Director of High School Athletics in Michigan and has served continuously in that capacity until he joined the National Federation staff.

Dave has a special interest in the rules of athletic games and will devote most of his efforts to this area. He is experienced and familiar with rules work, having worked with them for a number of years in the Michigan State office. He will also supervise Federation programs in experimentation and research in athletics. He will be available for conducting rules interpretation meetings and officiating mechanics meetings and will assist in editing the Federation publications.

The Finest Indoor Track

by George Gibson, President
Kentuckiana Cinder Club, Inc.

Would you like to see the mile run under four minutes for the first time indoors? Wouldn't it be a great inspiration to several hundred school and college athletes of our state to participate each winter in outstanding indoor track and field meets along with world champions? You can have the satisfaction of helping bring this about.

The finest indoor track in the world should be completed for an indoor meet of national importance next winter at the State Fairgrounds. The State Fair Board has \$15,000 on hand for construction of a sectional, wooden track for use in the Coliseum (Freedom Hall).

The Kentuckiana Cinder Club, Inc. is seeking \$20,000 for its Track and Field Foundation Fund to cover the balance of the cost of the track and the initial operating expenses for the first meet. The Club is a non-profit corporation, gifts to which are tax-deductible. All contributions over \$1 will be acknowledged. The Club's address is 2115 Village Dr., Louisville 5.

Track authorities agree that the track will be the outstanding one of its type. The oval will be 220 yards in length so that eight laps will constitute a mile. By contrast the tracks of this type in Madison Square Garden, the Boston Garden, Chicago, Milwaukee, Philadelphia and Cleveland are eleven or twelve laps to the mile. Naturally, the longer the tracks the better it is for the competitors and consequently the spectators. For example, the straight side sections of the track will be 166 feet in length compared to

102 feet on the eleven lap tracks. Also there will be a straightaway for a 100 yard dash through the center. The tracks in the other cities have dash straightaways of only 60 or 70 yards. The runners use short spikes which give excellent footing in the soft wood of the track surfaces. The spikes are interchangeable with the long spikes used in the shoes on cinder tracks.

Several of the outstanding international performers have already indicated great interest in appearing on the track. Al Lawrence, the Australian student at Houston University, looked over the plans for the track and stated, "You'll break every record in the books on that!" Lawrence last winter set new world's records for both the two mile and three mile runs indoors.

It is expected that the indoor track will give tremendous impetus to the continued growth of track and field athletics in the state. With the continually improving highway system participants and spectators will be able to benefit from the track over a continually wider area of the state. The Olympics this summer, which will be carried on television immediately following their running, will spread knowledge of track and field athletics and their benefits. The President's Committee on Physical Fitness is also stressing track and field athletics.

Many physical education leaders are supporting the renewed emphasis on participation in track. Their attitude is based on such factors as:

1. Practically all young people can take part profitably;
2. The expense of equipment for the individual participant is relatively small;
3. The sport is basic to practically all other land sports, which all involve combinations of running, jumping and throwing;
4. Large numbers can be accommodated in the sport with practically no necessity to eliminate participants because of lack of space;
5. It is practically injury-free;
6. It is not a "terminal" sport; i.e. it is easy for the participants to carry on after their school years, even individually.

Our wonderful Coliseum gives Kentucky and Kentuckians a great opportunity to take part in this development and to profit in every way from it. Help bring it about by sending your contributions to the Track and Field Foundation Fund.

BASEBALL RULINGS

(Continued from Inside Front Cover)

Ruling: S10 or his coach should report the substitution to the Chief Umpire by giving the name of S10, his shirt number, the name of the player he is replacing in the batting order and the position S10 will play in the field. (3-1-1)

18. Play: The team in the field calls time a second time during the inning. The first time the coach had conferred with the pitcher, the second time he talks with the 1st baseman.

Ruling: The pitcher must be replaced as the pitcher and he may not pitch during the remainder of the game but he can play any other position. (3-3-1-c)

19. Play: Coach confers with pitcher once during the 2nd inning. During the 3rd inning coach comes to the mound to replace pitcher. During the 5th inning coach again confers with the pitcher.

Ruling: It is not necessary to replace the pitcher in the 5th inning. The coach conference in 3rd inning during which the pitcher was replaced does not apply to total number of permissible conferences. (3-3-1-c)

20. Play: With R1 on 2nd it is the batting turn of B2 but B3 erroneously bats in his turn. He hits a double which scores R1. Before a pitch is delivered to the next batter the error is discovered.

Ruling: Umpire declares B2 out and R1 must return to 2nd. B3 then bats for himself. (7-1-1 and penalty)

21. Play: Hit by B1 goes to center field fence and B1 advances to 3rd. After F1 has delivered one or more pitches to B2, F4 appeals that B1 did not touch 2nd during his advance.

Ruling: Appeal is ignored. Appeal will not be accepted unless Umpire's attention is called to it by a player of the offended team before the time of the next pitch. (2-11-6)

22. Play: What is the time of the pitch for the: (a) windup; or (b) set position?

Ruling: The time of the pitch occurs in (a) the instant the pitcher commits himself to deliver to the batter, i.e., when he starts his windup or pumping action. In (b) it is when the pitcher continues his delivery after separating his hands. (2-9-1; 6-1-1, 2 and 3)

23. Play: During time called by F2, coach of fielding team confers with F1. Later in same inning he confers with F2.

Ruling: F1 must be replaced as pitcher. (3-3-1-c; 6-2-2-b)

24. Play: With R1 on 1st, F1, in set position, stretches and then steps toward and throws to 1st without coming to a stop.

Ruling: Legal. F1 must hold the ball in both hands in front of his body for at least one second before a pitch but not before a throw to a base. (6-1-3)

25. Play: After taking his position in the batter's box, B1 steps out of the box.

Ruling: Unless the Umpire grants time, the pitch will be called a ball or strike if B1 steps out of his box after F1 has started his delivery. (7-3-1 Note)

26. Play: With one out and R1 on 3rd and R2 on 2nd, B4 misses the 3rd strike which goes beyond the catcher and rolls to the screen. B4, thinking it is only the 2nd strike, does not run to 1st base but stays in the batter's box. R1 crosses home plate. R2 also attempts to score but F2 throws to F1, who tags R1 before he reaches the plate. F1 then tags B4.

Ruling: Score by R1 does not count because the run cannot be scored if the runner advanced to home base during a play in which the 3rd out is made on the batter before he reaches 1st base. (9-1-1-a)

27. Play: B1 hits a fair ball close to the right field foul line. While the ball is in fair territory F9 attempting to catch the ball, deflects it from his glove into foul territory where it lands in the stands.

Ruling: B1 is awarded 2nd base and credited with a double. (8-3-2-c)

28. Play: With no runner and a ball 2, strike 2 count on the batter, B1 swings at and misses the next pitch. The pitch eludes the catches, hits against the Umpire's protector and rebounds into the diamond. F1 recovers the ball and throws to F3 at 1st base before B1 reaches the base.

Ruling: Ball remains in play and B1 is out. (8-4-1-d)
29. Play: With R1 on 1st, F2 tips the bat of B2 who hits the ball weakly on the ground to F1. The throw of F1 to 1st is over the head of F3 and goes into right field. R1 advances to 2nd and then to 3rd and tries to score. B2 goes to 2nd. F9 recovers the ball and throws to F2, who tags R1 before he touches home plate.

Ruling: R1 is out and B2 remains on 2nd. (8-1-1-e)

30. Play: R1 and R2 are on 2nd and 1st bases, respectively, with none out. B3 hits to F5 near 3rd base. F5 fields the ball, steps on 3rd base to retire R1 who interferes with F5, preventing a throw to 2nd or 1st base for the double play.

Ruling: Ball is declared dead by Umpire. B3 also is called out because, in the Umpire's opinion, interference of F5 by R1 prevented a double play. R2 is placed back on 1st base. (8-4-1-g)

31. Play: R1 and R2 are on 3rd and 1st bases, respectively, with 2 out. The pitcher commits a balk. He completes his pitch and the batter hits safely to right field. R2, who was on 1st base, misses 2nd base in rounding it to go to 3rd base. R1 advances to home. F4 procures the ball, steps on 2nd and appeals to the Umpire for a ruling on R2 who failed to touch 2nd base.

Ruling: First of all, the balk is nullified because the batter hit safely and all runners advanced a minimum of one base. In such a situation, as this, R2, who failed to touch 2nd base, is considered to have advanced the required one base. The Umpire shall allow the appeal and declare R2 out. This is the 3rd out and, since it results in a force play, no run can score. (6-2-4-Pen.)

32. Play: The Coach of the team in the field requests time to confer with his players for their fourth conference in the game and, as a result, F1 must be removed as pitcher for the remainder of the game. S1 pitches 3 balls to B1, at which time, Coach again requests time to come on the field to confer with him (S1). Coach of the team at bat informs Umpire of Rule 3-1-2.

Ruling: S1 must be removed as pitcher for the duration of the game. Rule 3-3-1-c takes precedence over 3-1-2. (3-3-1-c)

33. Play: It is the first half of the 1st inning with B1 at bat and none out. F1 has a count of 2 and 2 on the batter. Next pitch of F1 is called ball 3 by the Umpire. F1 takes exception to the call and rushes toward home plate, using profanity.

Ruling: Although the penalty indicates that F1 should be given a warning for first offense, the Umpire does have the authority to immediately order him from the game and to leave the field if, in his opinion, the act of F1 is severe enough to warrant such penalty. (3-3-1-a)

34. Play: R1 and R2 are on 3rd and 2nd, respectively, with one out. B4 attempts to bunt and pops ball into the air between the 3rd base line and the mound. F1 tries hard to catch the ball but he barely touches it with the tip of his glove and ball drops to

the ground. His momentum carries him to the base path where he collides with R1. F5 grabs the ball and tags R1, who is stretched out on the ground. R2 reaches 3rd safely and B4 advances to 1st.

Ruling: Call obstructions on F1 and award R1 home base. Ball does not become dead at time of infraction. R2 and B4 were not affected by the obstruction and advanced at their own risk. (8-3-1-c)

35. Play: R1 is on 2nd base and B2 hits ball to deep center field. Ball rolls past F8 who throws his glove and strikes it: (a) after B2 reached 1st base; or (b) before B2 reached 1st base.

Ruling: In (a), award B2 home and, in (b), award B2 3rd base. (8-3-2-b; 8-3-3-1)

36. Play: When a Coach or his representative requests time and comes on the diamond to confer with any player or players a second time in the same inning or the fourth time during the game, the pitcher must be removed from the mound. Does this count as charged conference?

Ruling: Whenever the pitcher is removed from the game or from the mound because of the Penalty prescribed in Rule 3-3-1-c, a conference is not charged to his team. (3-3-1-c)

37. Play: R1 and R2 are on 3rd and 2nd base, respectively. F2 sees R2 make a break for 3rd base and throws ball to F4, after which R2 is caught in a rundown between 2nd and 3rd bases. F5, while not having the ball, obstructs R2 while he is trying to get to 3rd base. R1, who was on 3rd base, runs toward home but realizes that he cannot make it and goes back to 3rd base.

Ruling: Award 3rd base to R2 and home base to R1. (8-3-1-c and Note)

38. Play: B1 opens the inning with a potential 3-base hit, but fails to touch 1st base. F1 assumes his set position and, before he commits himself to pitch, the first baseman calls for the ball so he may make an appeal play at 1st base. F1 is slightly confused and commits a balk before throwing to F3. After B1 is awarded home base, may an appeal be made to 1st base? If so, does the run count?

Ruling: The run does not count, since the appeal was made prior to the next pitch after B1 missed touching 1st base. (2-9-1; 2-11-6)

39. Play: There are 2 out and B3 makes a potential 3-base hit but misses 2nd base. F1 assumes his set position and before he commits himself to pitch, the 2nd baseman calls for the ball so he may make an appeal play at 2nd base. F1 is befuddled and commits a balk but goes through with pitch to B4, who hits a home run inside the park. F4 obtains the ball, steps on 2nd base and appeals to the Umpire for ruling B3 missing 2nd base.

Ruling: Both runs count. B3's run counts because the appeal was made after the next pitch following failure of B3 to touch 2nd base. (2-9-1; 2-11-6)

40. Play: B3 lofts high fly ball to outfield. F7 backs up to fence and sees that ball is about to clear it. F7 tosses glove into air, deflecting ball enough to keep it from clearing barrier.

Ruling: If the Umpire feels the act kept the ball from going over the fence, he shall award the batter a home run. (8-3-2-a)

41. Play: With two out and R1, R2 and R3 on 3rd, 2nd and 1st, respectively, the count on B6 is 3 and 2. On the next pitch, B6 strikes out, missing the ball, which evades F2 and lodges in the mask of the Umpire. Before ball can be extracted, all three base runners cross home plate.

Ruling: The ball becomes dead as soon as it lodges in mask of Umpire. The batter is awarded 1st base

and all runners advance one base. Had there been less than 2 out and 1st base was occupied, the batter would have been out. (5-2-1-f)

42. Play: B1 appears at home plate to bat with a softball bat, which is 36 inches long and 2¼ inches in diameter and is made of hardwood. Coach of team in field asks Umpire to prohibit use of this bat claiming it is not legal equipment.

Ruling: The Umpire allows use of this bat, since it is a smoothly rounded piece of hardwood with measurements within the prescribed rules limitations. (1-3-5)

43. Play: In the first inning, the home team scores two runs and, during its turn at bat in the sixth inning, the visiting team scores six runs. A light rain begins to fall as the home team comes to bat during last half of the sixth inning. The first three batters reach base safely and with bases loaded B4 hits a grand slam home run, tying the score 6 to 6. While B5 is at bat, the rain increases causing Umpire to call time and eventually call the game. What is the score?

Ruling: The final score of game is 6 to 6. Had B4 been retired, rather than hitting a home run with bases loaded and scoring four runs, his team would have been the winner, 2 to 0. (4-2-4-b)

44. Play: R1 is on 1st base and B2 hits a sharp ground ball to F6 who throws ball to F4 to force R1 at 2nd base. F4 attempts throw to 1st base for a double play but ball disappears inside shirt of retired R1. R1 did not attempt to interfere with the throw of F4.

Ruling: Umpire should call time and declare the ball dead. The fact that R1 did not interfere signifies that it was an accident which caused ball to go inside his shirt. Rule 10-2-2-g makes it the duty of the Umpire-in-Chief to rule on points not covered by the rules. B1 reaches 1st base on the play. (10-2-2-g)

Coaches Handbook

First of its kind, the recently published COACHES HANDBOOK covers the varied administrative tasks of the interscholastic high school coach and gives effective procedures and practices based on the experiences of successful coaches.

The 82-page handbook, originally published for Florida coaches and now revised, also makes clear the principles and ideals that hallmark a successful high school athletic program.

The organization, financing and program of interscholastic athletics are thoroughly treated in the book, which also describes desirable relationships of the coach with the student body, the faculty, the community, and with other schools.

Specific suggestions for working with news media form one of the most useful sections of the book. Another part clarifies the nature of "liability" and the coach's responsibility for the safety of students. Special sections are given to equipment, facilities, and preparation for contests and awards. Sample forms and charts needed by the coach are included.

The school administrator, as well as the athletic director, will find this book an indispensable guide in meeting the increasing demands made of the athletic department of today's school.

Copies of the COACHES HANDBOOK may be obtained from AAHPER - NEA, 1201 Sixteenth Street, N.W., Washington 6, D.C. (1960, 82 pages, \$1.50, with discounts: 2-9 copies, 10 percent; 10 or more copies, 20 percent.)

U. K. All-Sports Clinic

University of Kentucky's annual all-sports coaching school, conducted for the benefit of high school coaches of the state, will be held on the campus Aug. 10-13 with some of the top names in the collegiate coaching profession as instructors.

UK Athletic Director Bernie A. Shively announced that the traditional summer clinic will feature as fooball lecturers Head Coach Forest Evashevski of Iowa and Gomer Jones, line coach at Oklahoma under Bud Wilkerson for the past 13 years. Basketball discussions will be headed by Charles Osborn, coach of Bradley's NIT champions, plus Kentucky's Adolph Rupp and Assistant Coach Harry Lancaster, UK Fotball Coach Blanton Collier and his staff will be available for consultations.

In co-operation with the Kentucky High School Athletic Association, the clinic also will have sessions on baseball, track and prevention-treatment of athletic injuries. Leading medical specialists of the state will take part in the latter phase of the program jointly sponsored by UK, the KHSAA and the State Medical Association. Dr. John Heldman, University of Louisville, will head a panel of leading high school and college coaches in discussing baseball coaching, and Coach Bernie Sadosky, Highlands High School, Ft. Thomas, will be in charge of a track panel.

The four-day coaching school begins Wednesday afternoon, Aug. 10 with baseball on the agenda. Track takes the spotlight for Thursday morning sessions followed by an afternoon devoted to basketball. The cage spot talks continue the next morning and football tips are scheduled to take up the afternoons of both Friday and Saturday. The medical clinic will be Saturday morning.

Special features will include a dinner for attending coaches on Friday night and the annual Kentucky High School All-Star Games in football and basketball Saturday night.

K. H. S. C. A. Meetings

Executive Committee Meeting

Held in Louisville, April 20, 1960

The Executive Meeting of the Kentucky High School Coaches Association was held at the Watterson Hotel in Louisville at 4:30 p.m. on April 20, 1960. The following members were present: John Hackett, retiring President; John Meihaus, President; Wallace Sydner, Vice President; Joe Ohr, Secretary-Treasurer; Ralph Dorsey, Sgt.-at-Arms; Estill Branham, Manager of All-Star Games.

The Committee accepted the resignation of Jim Ownby as Sgt.-at-Arms. Ownby has accepted a position outside the coaching field. The committee appointed Ralph Dorsey to fill the vacancy for 1960-1961.

All-Star Manager, Estill Braham, discussed the feasibility of issuing each All-Star player two complimentary tickets for the game in which he was to participate. After much discussion the committee rejected the issuance of such tickets.

The meeting adjourned at 5:15 P. M.

Annual Business Meeting

Held in Louisville, April 20, 1960

The annual business meeting of the Kentucky High School Coaches Association was held April 20, 1960, at 7:30 P. M. in Parlor A of the Kentucky Hotel in Louisville.

President John Meihaus opened the meeting by welcoming Commissioner Theodore Sanford, of the Kentucky High School Athletic Association, and President Russell Williamson, retiring president of the Kentucky High School Athletic Association.

It was moved by Ralph McRight and seconded by Ralph Carlisle that the reading of the minutes of the 1959 meeting be dispensed with, as they had been published in the Athlete, official magazine of the Kentucky High School Athletic Association. The motion carried.

Secretary-Treasurer Joe Ohr reported to the assembly the financial status of the Savings Account; the All-Star Account, and the Kentucky High School Coaches Association Account. These reports were in the form of audits which are made annually.

Two persons were nominated for the position of Sgt.-at-Arms. Ralph Carlisle was nominated by Ralph McRight and Joe Talley was nominated by Estill Branham. Talley was elected by the members in attendance.

Joe Ohr was re-elected Secretary-Treasurer without opposition. The nomination was made by Ollie Leathers and seconded by Ralph McRight.

Two of Kentucky's finest coaches were honored at the meeting. Ralph Carlisle of Lafayette High School, Lexington, Kentucky, was elected "Coach of the Year" in basketball by his fellow coaches, and Don Shelton was chosen "Coach of the Year" in football. Shelton guided the Henderson City eleven to the Class AA Championship of Kentucky. Shelton has recently been made Head Football Coach at Murray State College. Carlisle was introduced to the assembly by Coach Fred Allen, Atherton High School. Allen was a member of Carlisle's first Lafayette team. Paducah Tilghman football coach Ralph McRight introduced Coach Shelton to the group.

The main speaker of the evening was Coach Guy Penney, Morehead State College, football mentor. Penney, in his first year at Morehead, was introduced by President John Meihaus. Penney remarked in talk

stated, "Kentucky has furnished enough basketball players for the South but no enough football players for the Kentucky colleges." Penney listed ten principles of Coaching Philosophy of Morehead: They were: Morale, Tradition, Environment, Confidence, Scheduling, and Simplicity.

After Coach Penney's excellent and sometimes amusing talk about "Coaching Philosophy of Morehead," a report on the membership of the Association was made, with the report showing that the membership has reached a record high of 914 for 1959-1960. Previous membership reports have shown: 1958-1959, 851; 1957-1958, 748; 1956-1957, 720; 1955-1956, 739; 1954-1955, 689; 1953-1954, 686.

The officers for 1961-1962 are: President, Wallace Sydner, Daviess County; Vice President, Ralph Dorsey, Caverna; Sec.-Treas., Joe Ohr, Irvine; Sgt.-at-Arms, Joe Talley, Old Kentucky Home.

The meeting adjourned at 9:10 P. M.

Louisville, Kentucky

Gentlemen:

In compliance with instructions from your Secretary, Mr. Joe Ohr, I have examined the records of your organization submitted to me by Mr. Ohr for the period April 1, 1959 through February 26, 1960.

The results of the transactions during the period are shown in the attached schedule of Cash Receipts and Disbursements. The balance of \$14,165.82 in the All Star Account has been confirmed as being on deposit in the First National Bank & Trust Company, Lexington, Kentucky.

The records disclose total receipts from the All-Star Games Ticket sales as being \$7,024.25 after expenses of ticket sellers and other expenses. Receipts from the sale of Programs amounted to \$833.90, added to \$7,024.25 giving Mr. Ohr a net deposit of \$7,858.15. The expenses mentioned herein are properly covered by cash receipts.

The total cash receipts of \$7,858.15 agrees in amount with the deposits made in the First National Bank & Trust Company, Lexington, Kentucky.

All receipts and disbursements as shown in the accompanying schedule appear to be correct and in my opinion this schedule presents correctly the cash receipts and disbursements on the All Star Fund Account for the period above stated and your Secretary is to be complimented on the fine manner in which these records are kept.

In addition to the above balance, I have confirmed a balance of \$3,731.68 in KENTUCKY HIGH SCHOOL COACHES ASSOCIATION SAVINGS ACCOUNT No. 9315 in the Columbia Federal Savings & Loan Association, Covington, Kentucky on April 18, 1960.

Respectfully submitted,
